Weather Conditions.

The pressure is relatively low over the extreme northwest and over Canada; it is nearly normal along the south Pacific coast, while over the central portion of the country and the eastern highland high pressure obtains. Within the last 12 hours precipitation has occurred in Washington, western Oregon, and in the southern Lake region; elsewhere generally fair weather prevails. The weather is colder in southwestern Montana, Colorado and the Atlantic slope, and it is warmer in the southwest, the central plains states, Lake region and in Canada. Good conditions obtained this evening at Calgary, Alberta and Havre, Mont., where the weather is more than 20 degrees warmer than temperatures at 39 degrees or more above normal. Temperatures are considerably below normal in the central Mississippi valley and Lake region. In general the weather is warmer than usual for this time of the year over the western portion of the country.

Conditions are favorable for rain Sunday in Washington and rain or snow in northern Idaho. Generally fair weather is indicated for Oregon and southern Idaho. Temperature changes will be unimportant and southerly winds will prevail.

FORECASTS. Portland and vicinity: Sunday fair. Southeastern winds. Oregon: Sunday generally fair. Eastern winds. Washington: Sunday occasional rain. Southeastern winds. Idaho: Sunday fair with rain or snow in northern portion.

To Talk on Japan.—J. Merle Davis, for six years engaged in work of the Young Men's Christian Association in Japan, will be the speaker at the weekly men's meeting in the auditorium of the Y. M. C. A. this afternoon at 8 o'clock. His subject will be "Revolution and Evolution in the Sunrise Kingdom." Before going to Japan Mr. Davis was connected with the local association where he received his training for the foreign work. Since going to Japan his budget has been met by the Portland Y. M. C. A. and this arrangement is to continue. Mr. Davis has been secretary of the Nagasaki Y. M. C. A. and has been successful that he has been promoted to the general secretaryship of the Tokio association, the largest Y. M. C. A. in Japan. Following the meeting today the Bible discussion groups, to which all men are invited, will convene. These will be followed by the weekly fellowship supper.

Committee Blasted.—The Goodfellowship Campaign committee of the Women of Woodcraft is slated over the progress made by the different cities in the city and suburbs. The campaign closes April 1, and arrangements are now being made for the general wind-up. These campaigns always close with a banquet at the Commercial club, and every member bringing in a new member during the campaign is entitled to a seat at the banquet. Last April there were 375 seated. Friday night, January 12, the campaign committee visited Linden circle at Milwaukie, and Tuesday night it visited Mt. Hood circle to witness a big class initiation. Monday, January 22, the committee will hold its regular meeting at 2 o'clock at headquarters building, Tenth and Taylor. A full attendance is expected.

To Display Produce.—F. W. Graham, western Indiana agent for the Great Northern railway, announced last night that the windows of the ticket office on Third near Washington street, will henceforth be thrown open to agricultural displays from various sections of the state of Oregon. The displays will be that the exhibits be sent in by commercial clubs or other commercial organizations of the various communities. "We have not a great deal of room for such exhibits," said Mr. Graham, "but will give up every available inch to help advertise the natural resources of the state, and which are wonderful indeed."

Rev. Mr. Crocker to Speak.—The Rev. Herbert G. Crocker of the Atchison Memorial church will speak this afternoon in the auditorium of the Y. W. C. A. at 4 o'clock. The music will be in charge of Mrs. J. S. Hamilton. On Wednesday and Thursday evenings, January 24 and 25, from 6:30 to 7 o'clock, Miss Jean Gray and Mrs. Mildred Kenworthy will give travel talks on the Philippine Islands and India. The talks will be illustrated with stereopticon views. The object of these talks is for the benefit of the young women who come to the Y. W. C. A. for their suppers.

The plant is guaranteed to burn 150 tons in 24 hours. December 28 it exceeded the guarantee by 25 tons, making a record of 175 tons at an average cost of 28 cents.

Necessity is the mother of invention was again proven true yesterday when Paul E. Potter succeeded in thoroughly cleaning the outside of W. B. Peacock's beautiful west side home of the past season's accumulation of dust. This is a new departure in the vacuum cleaning business but has proved highly successful, being cheaper than washing, getting better results as well. Mr. Potter used his high vacuum process cleaning machine recently purchased from the McCrum Howell company. This machine is thoroughly modern in every particular, being equipped with all the latest in tools and equipment and anyone wanting the best in vacuum cleaning service call Mr. Potter, Tabor 3622.

Dr. Wilson to Talk.—Dr. Clarence True Wilson for seven years a minister in this city, is back from his last continental trip. The doctor is now national secretary of the Methodist Church Temperance society, with headquarters in Chicago. He has delivered an average of two addresses per day for 16 months. His lecture on "A World Vision of the Temperance Reform," will be given this morning at Grace M. E. Souvenir Calendar of Late Chief Campbell Eagerly Sought For.

Since the item in The Journal referring to the souvenir calendar of the late Chief Campbell (published by the Pacific States Fire Insurance company) appeared, the company has received hundreds of letters similar to the following, from all over the coast. "Pacific States Fire Insurance company—Kind Sirs—Would you be kind enough to send me a copy of your 1912 souvenir calendar of late Fire Chief Campbell? It has been a long time since anything quite so nice, in every sense of the word, has come to my notice. Being an admirer of the chief makes its value to us more real than that of any other calendar we could get. "If you have plenty and will do so, I'd like my father to have one. "Hoping to hear from you soon, and heartily congratulating you on your splendid choice of calendars, I am, very sincerely, "MRS. W. L. ORMANDY." The company wishes to announce it has received an additional supply, and all wishing a copy can receive one by calling at the office of the Pacific States Fire Insurance company, room 300, Chamber of Commerce building.

Actress Is Inventor of Considerable Note

Bess Stokes, who will appear at opening of Multnomah Hotel Arcadian Garden.

Although musically inclined, Miss Bess Stokes, the dainty little soubrette who makes her initial bow in Portland at the opening of the Hotel Multnomah on Thursday, February 8, has accomplished much distinction in the field of invention.

While still a student in grammar school Miss Stokes displayed a fondness for things mechanical and electrical and unlike other misses of her age, preferred to put in her leisure hours with companions. Rather than attempt to curb his daughter's propensities, George H. Stokes, the young woman's father, who was employed as one of the superintendents in the mammoth Westinghouse factories, fitted up a laboratory and workshop for the girl that she might have every facility for study.

As the result of patient endeavor Miss Stokes perfected an entirely new type of electric streetcar controller and an electric flat iron with unburnable coils. Although adopting the stage as a profession, yet the clever topical vocalist is still wedded to her hobby of early youth.

In addition to Miss Stokes, the Adeline Dossena Italian operatic quartet, late of the Lombardi Opera company; seeks women for counsel. (United Press Leased Wire.) Santa Monica, Cal., Jan. 20.—Mayor Dow today bears the proud distinction of being the only American burgo-master who has a cabinet of women. Disregarding the advice of his friends, the mayor named a woman from each ward to consult with him on civic problems. Precedent was furnished, he declared, in the fact that even a king asks advice from his wife.

OREGON POTATOES TO MIDDLE STATES

Full Trainload Goes From Elgin to Kansas City Territory.

(Special to The Journal.) Elgin, Or., Jan. 20.—Twenty-four carloads of potatoes will be shipped from Elgin Monday to Kansas City markets and to cities south of that center. The shipment will be made as a special train over the Harriman lines directly to the Missouri river. The potatoes, 350 sacks to the car, are being loaded into box cars. In each car a stove and fuel enough to heat the car several times are fitted. In case of cold weather men who accompany the shipment will build fires and keep the temperature normal. Behind the large shipment of Oregon potatoes are L. A. Stoops, D. A. Barnes and H. H. Witherspoon. All are well known producers of this section. Potatoes have been bought for the eastern shipment in an area not more than five miles from Elgin. Elgin potatoes are of unusual quality. Shortage of the crop in the central states and need for seed potatoes is given as the reason for the unusual movement of "apuda" eastward.
