WILL EXCHANGE THE FOLLOWING FOR PROPERTY THAT WILL STAND THE ABOVE LOAN, OR SACRIFICE BIG FOR CASH.

I own and control the exclusive patent right for a modern butter machine for the states of Oregon and California. It makes butter from sweet or sour cream from 2 to 5 minutes, and makes more and better butter than by any other method. It takes only a trial to convince the most skeptical. Patent good for 17 years.

State men make big money selling their county rights or appointing county agents, as they get $1 royalty on each machine sold.

I must raise the above amount in next 30 days, and will sell, trade or will entertain partnership deal. My price is right, no agents' $400 worth of machines free. Call and see sample.

HELP WANTED—MALE 1

NOT many men know that as a BUSINESS PROPOSITION, the U. S. Navy offers opportunities as good as those offered in civil life and in the cases of some men opportunities that are distinctly BETTER.

For, in addition to steady regular pay, a man in the Navy is given systematic advancement, is given all his living expenses, his first outfit of clothing, free medical attendance if sick, and the chance and incentive to SAVE MONEY.

Of even greater value is the training, physical and mental, the healthy regular life, the companionship with ambitious, self-respecting, helpful associates, and the chances to broaden by study and travel. These are things which in civil life are rarely combined with a business position.

There is great variety of work, too. A man may be employed as seaman, electrician, stenographer, machinist, bookkeeper, fireman, clerk, blacksmith, musician, shipfitter, steward, cook, plumber, carpenter baker, coppersmith, or in the hospital corps.

The Navy Department desires that these opportunities be brought to the attention of all young men of good character over 17 years of age. No others wanted or accepted. The Navy Recruiting office at Railway Exchange bldg., Portland, Or., will gladly explain all the opportunities and requirements. Call and have a talk with him, or write for full information. Box 327, Bureau of Navigation, Washington D. C.
