

### TRAINING PLACES FOR TEAMS NAMED

#### Beavers at Santa Maria and Colts at Sacramento and Chico.

Manager Walter McCredie announced yesterday that it was practically certain that the Beavers would train in Santa Maria, while Manager Nick Williams of the Colts has definitely established his preseason schedule with two weeks in Sacramento, one in Chico and the rest on the way north.

McCredie's men will probably be ordered to report in the south March 1, so that they can get in the Sunday game of March 3, which would give them five Sunday games before the opening of the season. To accomplish this the Portland contingent would have to leave for Santa Maria about February 27. There are always a number of Santa Maria boys on hand to fill out the Beaver ranks.

Manager Williams will have his veterans report at Sacramento March 18 for the two weeks' work on the Senators' diamond. Sacramento has offered Williams a pretty good split in the gate, and that prompted Nick to accept the proffer of the grounds. After two weeks at the capital the Colts will move up for a week at Chico, doing a part of their work probably at Richardson's mineral springs. Martin Van Buren, the Sacramento outfield veteran, commitments the springs highly, saying that they cut off four years of his life every time he goes there. Nick himself will play the bat for the Beavers.

The rest of the season will be put in on the road northward, playing Redding, Red Bluff, Ashland, Grants Pass, Medford and other towns. The Colts will play an exhibition game in the new Portland park April 14, the final Sunday before the opening of the Northwestern league April 16, when Portland meets Seattle.

#### Stricklett-Sheehan for Carlisle.

According to the national commission, Elmer Stricklett, the capital pitcher, has been reinstated after several years of suspension from the organized field. Stricklett is the property of the Brooklyn club, according to the rules of organized baseball, but he has been playing outlaw ball on the coast for the past few seasons. Though he says he is through with organized baseball for good, the announcement of his reinstatement lends color to the report that Brooklyn is trying to arrange a deal with Vernon, whereby Walter Carlisle will go to Brooklyn, in exchange for Tommy Sheehan and Stricklett. Sheehan, who was last year with Portland, reverted to the Brooklyn club after the close of the season. Charlie Ebbetts of the Brooklyn Dodgers has been anxious to land Carlisle, and Hap Hogan is said to have given his consent to the trade. Sheehan was being mentioned as manager of the Victoria club in the Northwestern league, but that job was given to Lou Nordyke.

#### Naps Hold One Record.

The Cleveland baseball club probably holds one record that has never been equaled in baseball and one that probably will never be approached. During the past year the Naps at one time or other had a manager, Harry Davis, and three ex-managers, Napoleon Lajoie, James McGree and George Stovall, on the roster.

#### Boost for Ote Johnson.

Says W. S. Farnsworth in the New York American: "Although McConnell, Simmons and Osborn, the men from Rochester, are expected to brace the Yankees up enough to make them at least a contender for the pennant, the New York club paid dearly for the newcomers. In return Frank Farrell was forced to hand over Johnson, Blair, Klepper and Martin. The first two are sure to be world beaters in the International league ranks, while the other pair are most promising young ballplayers."

#### Johnson, Rochester gets one of the best infielders that ever wore the finger glove. It is the opinion of the writer that Otey-the-Cloutier would have been the greatest shortstop in the American league, not excepting even Barry and Bush, if Wolverton had been manager of the Yankees last season.

#### Johnson's habits were not the best, and that is what cost him his job in

### MULTNOMAH HOME ECLIPSES OTHERS

#### Walter Honeyman Puts It Ahead of California Athletic Clubs.

"From an equipment, departmental and architectural standpoint the new Los Angeles Athletic club and the new Olympic Athletic club of San Francisco can not be compared with the handsome new home of the Multnomah club," said Walter B. Honeyman, who returned yesterday from a five weeks' trip to California.

Mr. Honeyman thoroughly inspected the Los Angeles club house which has been proclaimed one of the greatest of the kind in the country, and says that it is shaded by the Multnomah building. "Our equipment," said he, "is much better than that in Los Angeles, both from the view point of modernity and scope. Our building has more floor space than that of Los Angeles, and its sightliness and architectural beauty far outclass the home of our southern neighbor."

"I did not examine the Olympic club so closely as I did the Los Angeles club," but from a casual inspection it is his opinion that we have a more imposing plant, everything when into consideration. We have a better equipped home, more up to date apparatus and more floor space.

"When I went yesterday through the new Multnomah club building which will be opened next month, I was really surprised. The members of the local organization can not comprehend what is in store for them. After visiting the three clubs, I can truthfully say I would not trade the Multnomah club for either of the others."

### OREGON ATHLETES GIVEN 2 SWEATERS

#### Manager Geary Decides to Lop Off Expense of Athletic Team.

(Special to The Journal.) University of Oregon, Eugene, Or., Jan. 25.—In his campaign against unnecessary expenses, Manager Geary of the University of Oregon has announced that hereafter a varsity athlete will be awarded two sweaters from the university. In speaking of the matter, Manager Geary said: "I believe that our present financial condition warrants a change, at least in the custom of giving a sweater to a man every time he makes his 'O' in some branch of athletics. It is my belief that as long as the student body of the University of Oregon is not free from debt, a system which would be a compromise between the systems in vogue at Washington and the inland empire colleges should be adopted here. Unless the student body by special resolution providing funds instructs me to do otherwise, I will not procure sweaters for members of the basketball, baseball or track teams who already have them from previous years."

#### My purpose in making this statement at this time is to let the athletes know beforehand what to expect. I believe that all recognition possible should be given to the student body services to the university, but I do not believe that a trunkful of sweaters measures the esteem in which the college holds them."

#### Quill for Williams.

Manager Nick Williams of the Colts has signed a young backstop named Quill. Nick expects to write his name in glowing letters all over the league. Quill comes from Eureka and must be the pure stuff. At any rate his name stands for a lot.

#### Reléase Received.

Pitcher Doty's signed reléase has been received from the Kalamazoo club of the South Michigan league. Doty won 16 and lost eight games last year.

### JACK BRITTON PUTS IT ALL OVER BURNS

Oakland, Cal., Jan. 25.—Jack Britton, the Chicago boxer, hammered Frankie Burns of Oakland, out of the lightweight championship zone, as a result of their 10 round skirmish here. Though Burns' stamina shows that he still has the fighting heart, he is but a shadow of his former self. It was Britton's victory from the fourth round on. He kept Burns reeling with a fusillade of lefts and probably would have scored a knockout had the bout gone a few rounds more. Jack Welsh's decision in favor of Britton was the only possible one.

### SCHOLASTIC SOCCER ELEVENS IN TIE GAME

In a game full of excitement yesterday afternoon, the Portland academy and Jefferson soccer elevens played a 3 to 3 tie. The wet condition of the field prevented fast playing but many exciting moments were provided by both teams.

The Portland academy team was one goal in the lead, when the first half ended on the Columbus club field. 10 minutes to play, the Jefferson team scored the tying goal.

Lind and Colvin again did the best playing for the Jefferson team. Coe, Soden and Henry were the best attackers for the academy eleven.

### 124 YANKEE NAGS WON IN ENGLAND

#### Harry Payne Whitney Has Big String Ready for the Coming Season.

Of the American owners now patronizing the English turf Harry Payne Whitney is by far the strongest as shown by the string of thoroughbreds in training for him at Ballston Lodge, Newmarket.

There are 44 in all, and as a majority are juveniles engaged in the big classics of 1912 it is highly probable that there will be a formidable list of winners for the Whitney colors next season. A. J. Joyner has charge of the horses and one of the best animals he prepared was Whisk Broom, who created one of the surprises of the English turf by the defeat of Great Surprise in the Balford borough handicap, his price being 100 to 7 against.

For the Peveril of the Peak Plate this son of Broomstick upset all calculations by the defeat of Mustapha. Whisk Broom ran fourth for the Eclipse Stakes, one of the biggest races in England. He is to be given another chance next season.

Joyne's next best winner was Iron Mask II, who scored in his last two essays round the Challenge stakes at Newmarket and the Queensberry handicap at the Houghton meeting. The son of Disguise had filled the role of runner up on three previous occasions. He is one of the older divisions who will carry alk again.

#### P. M'Farland TOTTERS BRITON IN 6-ROUND GO

Philadelphia, Jan. 25.—Packey McFarland of Chicago has another victory to his credit today by defeating Jack Ward of England here. McFarland made every round of the six a winning one. The fans were somewhat disappointed in the affair, as Ward was touted as one of the very best lightweight that England has sent over in years.

At the end of the six rounds Ward was badly cut up and bleeding, while Packey left the ring without a mark. There was only one knockdown and that was in the sixth, when McFarland dropped the foreigner with an uppercut to the stomach. Ward did not take the count, but was up almost instantly and by good ring generalship managed to stall through the remainder of the round.

### BILL INTRODUCED TO KILL FIGHTING

#### New York Assemblyman Says the Boxing Promoters Are Staging Prize Fights.

(United Press Leased Wire.) Albany, N. Y., Jan. 25.—The ill may once again be clamped on boxing exhibitions in New York state as the result of a bill introduced in the lower house today by Assemblyman Allen.

The measure calls for the repeal of the law legalizing boxing which also provides for a state athletic commission. In introducing his bill, Assemblyman Allen declared that the boxing game had been brought into disrepute by the promoters of New York City, and that the entire state demanded the repeal of the law.

He contended that the present law was being continually violated, as the bouts staged in New York were nothing less than prize fights, and that the law never intended to permit this.

### VALLEY'S BASEBALL MEETING FEBRUARY 3

Woodburn, Or., Jan. 25.—Considerable interest is being displayed by local fans over the prospects for the 1912 baseball season, and a strong bid will be made by Woodburn for the pennant for the coming season. A local clothing house is outfitting the team with expensive uniforms and other merchants are donating liberally, so that the team may continue to enjoy the reputation gained in past seasons.

President Hunt of the Valley league states that all aspirants for championship honors should attend the meeting at Salem on the evening of February 3, at which time they will be given a chance to get into the league and fresh the matter out in a legitimate manner.
