

PAPA TRIES WILLIE'S SCAPNET AND CATCHES A TARTAR

DEAR TOMMY: Every time Papa kills an old hen with the automobile the farmer claims it's some fancy breed and charges him five dollars. So I made a scapnet like this. I landed a big goose all right; but when Papa scooped up a dog he yanked him right into the car and the car got away with one of his coat sleeves. Yours, etc., WILLIE.
