EDWARD A. BEALS,
District Forecaster. Development Association-The meet-

ing held by the Southwest Washington Development association of Olympia last Carl R. Gray, of the Hill lines in Ore-General Freight and Passenger Agent W. F. Coman, Industrial Agent in follow him. Oregon Lloyd McDowell, Judge F. V Brown, general western counsel for the Great orthern, with offices in Seattle; General Traffic Manager W. P. Kenney, with headquarters at St. Paul; M. J Costello, assistant traffic manager, with headquarters at Seattle, and F. W. Graham, western industrial agent, with headquarters at Portland. One of features that appealed strong-to the railroad men was that the cities of the coast are getting away from the petty jealousy spirit and work ing hand in hand for the common good of the entire Pacific northwest. The addresses delivered at the meeting deals The largely with the settlement of logged over lands, the relation between the railroads and the public and the publicity now being done to attract interest in the Pacific northwest. Secretary J. E. Barnes, of the association made a very interesting report of the tour of the governors' special, and through the efforts of Lloyd McDowell the talk was

Drill on Oraiser Boston .- Drills by the Oregon naval militia on the cruiser Boston, moored at the foot of Jefferson street, attracted large crowds of inter-ested spectators on the Hawthorne bridge and the wharves nearby yester-day. This is the first drill of the seadrill of the deck division and Lieutenant R. L. Whitcomb the engineers. The drill was watched by Commander Blumberg. The morning drills were with ma-chine guns and the manual. In the afternoon the men were put through boat drills and the signal corps drilled under Chief Ensign Beckwith. Commander Blumberg will hold drills each Sunday in the future. He expects to move the cruiser to a new anchorage near the O .-W. R. & N. bridge and inspected several

sites yesterday forenoon. Slover Talks on "Paith" .- "Faith" was the topic of a talk given yesterday by Unlef of Police Slover at the Y. M. C. A. at the men's meeting. The chief quoted from the Scriptures the definition given of faith. He preluded his remarks by introducing ex-Judge W. Carey Johnson, sonal nature, in which he outlined his own conversion, and the drawing of com-

risons between his experiences and those that might by had by others. Boy Smoker's Routed-A "smoker" in which five young boys were participating was broken up by the police the city council. She was taken to the Portland Shipbuilding company's yards, where she will be hauled out tomorrow. Rivermen state that the Dixon has been raised and towed up here in a remarkably short time.

California" Now Being Built on Atlantic Coast, Sold-Company Changes Name to "Cordova."

Advices received here state that the new steamer California being built at the shippards of Harlan, Hollingsworth & Co., at Wilmington, Del., was sold by that company to the Alaska Steamship company Saturday, according to the announcement of President J. H. Young of the latter company. She will be re-

christened Cordova. The California was launched January and was built for the freight and passenger trade between San Francisco and Portland. She is a steel, double bottom vessel of the oll burning type

tons When asked this morning whether 'ce the employes did not interfere, until the saw the intruder walk out of the kitchen and light a match. On seeing was not given out. The steamer will be completed in March and will leave the intruder jumped through

The reason given for the purchase of the steamer by the Alaska Pacific com pany is that the tonnage will increase as result of the building of many new canneries in southeastern Alaska and also the increased output of ore brought from Alaska to the Puget sound smelt-The new vessel is equipped with pas-

enger accommodations for 57 first cabin and 150 steerage passengers, with state rooms and dining rooms on upper deck and a smoking room off the oat deck. She is 252 feet long, 41 feet beam and has a depth of hold of 20 feet. Her machinery and bollers are of the latest type and will be capable of keepng her going at an average speed of 11½ knots an hour. The California is to be completed

hony Steamship company will immediately contract for another vessel of the same kind.
