FULLER TELLS OF GRAFT CARRIED ON BY HIS ASSOCIATES

In Affidavit Patrolman Says He Was Forced to Collect From South End Resorts by Former Sergeant Cole.

SAYS BAILEY OFTEN TALKED WITH COLE

Waldemar Seton Appointed as Special Prosecutor in the Bailey Case by Mayor.

Mayor Rushlight announced today that Attorney Waldemar Seton has been appointed special prosecutor in the case of the state versus George H. Balley the police captain who was indicted by the county grand jury on a charge of having accepted a bribe. Bailey's attor-neys have entered a demurrer to the ecomplaint. The date for the arguing of the demurrer has not been set. Mr. Seton is a member of the police commit-tee of the executive board and was formerly justice of the peace for the eas side district.

The efforts of Patrolman Guy Fuller to induce former Police Sergeant E. W. Cole to plead guilty to the indictment charging him with receiving a bribe from Allie Bell of 328 Front street on April 24, 1911, when Cole is called for trial next Monday in the circuit court, in order to save him from publicity, has resulted in a quarrel between Cole and Fuller and a demand on Chief of Police Slover that Fuller, who is one of the chief witnesses against Cole, and Pa-trolman G, G. Larfield, who is also one the chief witnesses, be suspended from the police department.

Evidence Made Public. The trouble between Cole and Fuller has created a sensation, for it has re-sulted in the vital points of the evidence against Cole and Captain George H. Bailey becoming public through in-discriminate conversations. Up to this time very few people outside the dis-trict attorney's office, the mayor and Chief of Police Slover had the least intimation as to who was involved in the scandal.

circulated to the effect that patrolmen now on the force are to be witnesses against Bailey and Cole, coupled with the fact that both Fuller and Larfield have often been seen with detectives who are known to have been handling the case, and that they have held secret conferences with the chief and Deputy District Attorney Page, who will handle the case for the prosecution, the of-(Continued on Page Three.)

HAWLEY FORTUNE MAY GO TO WARD BY STRANGE WILL

Which Gives Her Share of \$30,000,000 Estate.

(United Press Leased Wire.)
Babylon, L. I., Feb. 10.—Margaret
Cameron, protege of the late Edwin Hawley, declared today that, although the millionaire railroad magnate is stated to have died intestate, she has discovered a will which bequeathes her a large share of the \$30,000,000 estate. After thoroughly searching the Hawley country house today, Miss Cameron made the following statement:

"I have found the will, but I shall do nothing until the relatives of Mr. Haw-

ley do what they say they propose doing. Then I shall spring a surprise."

Henry Peterson, a chauffeur, and John Williams, superintendent of the estate, stated today that they had witnessed some document signed by Hawley about a month ago, but they did not see its contents, they said.

Miss Cameron was known in Babylon as Hawley's niece and ward. Her wedding with Mr. Hawley was scheduled for this month, it is said. Margaret Cameron for years presided over the railroad financier's summer and other

At a conference of the Hawley heirs yesterday, it was practically decided to create a holding trust with the agreement that none of the securities shall be disposed of within five years to protect railroad interests and the securities themselves. The heirs are working in harmony and the plan also has the sanction of Frederick H. Crandell of New York, the cast off nephew.

OREGON ONION GROWERS SHIP FIRST CARLOAD TO MARKETS OF CHICAGO

Oregon growers of onlons have rushed to the relief of the eastern trade and within a day or so the first carload ever shipped from this section will start for the Windy City market. some time Chicago wholesalers have been inquiring regarding the prospects for getting a supply of Oregon omons owing to the scarcity of eastern stock. Kansas City has already ordered several carloads of onions from Willamette valley growers. Only about 100 car-loads of No. 1 onions remain to keep the country from becoming onionless until the new crop ar-

Be Behind Speaker Candidate for Presidency as Long as He Has Chance to Win.

(United Press Leased Wire.)
St. Louis, Feb. 10.—Joseph W. Folk of Missouri today withdrew from the presidential race, when he agreed to vote the entire Missouri delegation for Margaret Cameron Claims to Speaker Champ Clark as long as Clark Have Discovered Document thinks he has a chance to win the Democratic presidential nomination. Folk's withdrawal from the race for the presidency admittedly places Champ Clark in the position of being a serious opponent of Woodrow Wilson and Governor Harmon of Ohio for the Demo cratic nomination. What strength Harmon may really have is rather an un-known quantity. Wilson is admittedly strong, but he is also opposed by many persons, whose enmity is likely to be a potent factor when the ballot casting time arrives

Prominent among those on whom Clark apparently may rely is William R. Hearst. Hearst at present is losing no opportunity through his newspapers to ridicule and abuse Wilson. He has already gone on record as being favor-able to Clark, and if he sees no chance of capturing the nomination for W. R. Hearst, the one time Californian may ome out as a "first and last" Clark man.

Clark's record as speaker of the national house has admittedly been such as to make him friends, and from his associations there with Democratic leaders is expected to result no little strength to his candidacy at Baltimore. Folk and Clark had been fighting to secure the indorsement of the state convention which is to meet at Joplin. Eighteen Folk delegates will be instructed to vote for Clark as long as he appears to have a chance to get the nomination.

If it becomes apparent that Clark can not win the nomination and there should appear a chance for Folk then the Clark delegates will support Folk. In explanation of his withdrawal Folk this afternoon said:

"I shall now ask my friends to make no further effort in my behalf, I believing that Clark, owing to his prominent position, has perhaps a better chance to secure the nomination than any other Missourian, and I therefore release all claims that I may have had on Missouri delegates. I shall ask my friends to unite in giving Speaker Clark the unanimous support of the Missouri delegat-

COMMERCE COURT ACTS IN LUMBER RATE CASE

Washington, Feb. 10 .- The commerce court granted the motion of the government to strike out that part of the pe-tition in the railroad lumber rate case, giving the railroads permission to amend and the government to answer. The court denied the petition of the Santa Fe and other western railroads for an injunction restraining the inter-state commerce commission from enforcing an order reducing the rate on lemons to \$1. This means that the \$1 rate will stand.

Seek to Protect Open Door Policy and Oppose Territorial Designs.

(United Press Leased Wire.) Secretary Zimmerman, issued a statement to the United Press on the recent exchange of notes between the United are regarded as the most important such a project. step yet made toward German-American statement follows:

"The scope and object of the American-German exchange of notes were to make known that preservation of neutrality by the powers, towards Chinese events, is necessary in the mutual interests of both countries.

"The Knox note contains valuable statements of promises made by differ-ent powers to abstain from intervention as long as possible and in case unexpected intervention is necessitated, to assure joint mutual agreement before acting.
"It is hoped the notes favorably af-

fect China and will facilitate the settlement of difficulties between conflicting Chinese parties."

The exchange of notes is believed in The exchange notifies the world powers that America and Germany are unitedly opposed to individual intervention with possible territorial designs, and it notifies China that joint action of the powers is certain if forelgn interests go unprotected.

Shanghai, Feb. 10 .- Concentration of Japanese troops along the northern border of China ceased suddenly today, following word of the exchange of notes by the United States and Germany, on the question of intervention.

Many Japanese garrisons have ac-ually been reduced, following Japan's receipt of the attitude of the United and be it further States and Germany. "Resolved, That

The stand taken by Germany and mistaken one. America is interpreted here as grant-ing a new lease of life to the proclaimed republic.

WHITEWASH COAT FOR WISCONSIN SENATOR

Washington, Feb. 10.—A majority of the senate committee on elections today decided to bring in a report that the charges that United States Senator Isaac Stephenson of Wisconsin had bought his seat are unproven, This action, it is believed, will finally end the fight to unseat the aged mil-lienaire lumberman.

Entire Missouri Delegation to Germany and United States Merchants of Alaskan City Stand Ready to Offer Fair Field to Local Dealers: Chamber Gets Letter.

> Merchants of Valdez stand ready to Berlin, Feb. 10.—The German foreign patronize Portland merchants the mooffice today, through Assistant Foreign ment facilities are furnished for makment facilities are furnished for making prompt deliveries of goods. They are, eager that a steamship line be es-States and Germany. These notes, seek- tablished between Portland and Alaska ing to protect the open door in China, and will do all in their power to aid

> This was brought out forcibly today diplomatic cooperation. The official by a letter to the Portland chamber of commerce containing a resolution recently passed by the chamber of commerce of Valdez. Valdez is the com-mer ial center of the Copper River district and does a very large business with the interior.

The resolution follows: "Whereas, that by reason of all steamship lines plying between southwestern Alaska and the coast states, having their home port at Seattle, practically all of the trade of this great and growing country, amounting to approximately \$50,000,000 during the year ending December 31, 1911, has been held by the metropolis of Puget sound; and

diplomatic circles to have a two-fold ests would be best subserved by being placed in direct communication with several markets in the place of one; and

Americans in Alarm Flee From Mexico United States Troops Held in Readiness

HOSTILE ACTION IS TO BE SIGNAL FOR CROSSING BORDER

Cavalry Patrol of Mexican Border to Be Augmented by Several Companies of Infantry From Ft. Whipple.

Washington, Feb. 10 .- Alarming re ports of the possibility of an anti American uprising in Mexico reached the state department today from American consular representatives there should United States troops invade These are official advices Mexico. There are 40,000 American citizens in

It is authoritatively stated that only this consideration prevents America troops from crossing the border.

Officials of the war department today declared that 100,000 United States troops could be mobilized along the border within a week, should the necessity arise, as all preparations for such a movement have been completed. Orders for movement of coast ar-tillerymen and bodies of state milities

are on General Leonard Wood's desk ready for his signature to become effective. It is admitted by officials of the state department that a single addi-tional move against American interests or life would result in the general order which would send the great army south. Strict patrol of the Mexican frontier by American troops will be put into active operation with the arrival of 400 infantrymen from Fort Whipple, Ariz. who today were ordered to proceed to El Paso to cooperate with United States cavairy under Colonel Steever. The in-fantry battalion under Major John K. Moore of the Fifteenth infantry will
