Grows Hair On Bald Heads

Resorcin is one of the latest and most effective germ-killers discovered by science, and in connection with Beta Naphthol, also a powerful antiseptic, a combination is formed which destroys the germs which rob the hair of its nutriment, and thus creates a clean and healthy condition of the scalp, which prevents the development of new germs.

Pilocarpine is a well known agent for restoring hair to its natural color, where the loss of color has been due to a disease. Yet it is not a coloring matter or dye.

The famous Rexall "93" Hair Tonic is chiefly composed of Resorcin, Beta Naphthol and Pilocarpine, combined with pure alcohol because of its cleansing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nutriment and stimulates a new growth.

We want you to try a few bottles of Rexall "93" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give you absolute satisfaction. That's proof of our faith in this remedy, and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "93" Hair Tonic will grow hair on bald heads.

It is commonly just a matter of proper nutrition of the blood. Strengthen your nerves by taking Ozomulsion and be well.

BACKACHE CAUSED BY KIDNEYS

Prescription to Prevent Serious Kidney Diseases—Lame Back and Urinary Troubles Are the Danger Signals—What to Do—Mix it at Home—Splendid for Dyspepsia and Rheumatism.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's Disease, Kidney Disease, Diabetes or Dropsy. When either of these diseases are suspected, the sufferer should at once seek the best medical attention possible. Consult only a good, first class physician.

There are many of the lesser symptoms of kidney trouble which can be treated at home, as stated by a well known authority. For some of these symptoms, such as backache, pain in the region of the kidneys, weak bladder, frequent urination, especially at night, painful scalding urination, try the following simple home remedy. Fluid Extract Juniper Berries one ounce; compound Fluid Balm-wood, one ounce; Compound Syrup of Hypophosphites, four ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful before each meal and again at bed time.

There is no more effective remedy known to relieve all forms of dyspepsia and rheumatism, because it acts directly upon the kidneys and blood. It cleans the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter, which if not eliminated, remain in the blood, decompose and settle about the joints and muscular tissues, causing the untold suffering and deformity of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your stomach and kidneys" is now the physician's advice to his patients.

and disallowed. As there is an entirely new court now, the petitioners asked that the petition be reconsidered, and it was taken up again yesterday, resulting in favorable action.

For a number of years a free ferry was maintained by the county at Jasper, but for four years the people of that county have had to make a detour of several miles in order to cross the river, going either way. Now that the Southern Pacific company has built the Natron extension through Jasper and established a station there, the new bridge will be a great convenience to the people of Pleasant Hill, Dexter, Trent and other villages on that side of the river. They will have to travel only a short distance to take the train for Eugene and to take their products to market, whereas without the bridge they were compelled to drive from 12 to 15 miles.

Volunteer Firemen Reorganized. Cottage Grove, Or., Feb. 10.—A petition has been circulated during the past

week asking volunteer firemen. A large number of signers was secured. The department, especially as regards the central division, has been somewhat disrupted for nearly a year and there has been nothing that could be called an organization. If enough signers are secured it is proposed to reorganise in an active body of three divisions, east, central and west. There is now a house cart within the limits of each division.

How Cold Affects the Kidneys. Avoid taking cold if your kidneys are sensitive. Cold congests the kidneys, throws too much work upon them, and weakens their action. Tonic in action, quick in results. For sale by Skidmore Drug Co., two stores: Main store, 151 1/2 St. Branch store, Morrison and West Park sts.
