

GARDEN SUPPER TO BE HELD TONIGHT

School Principals to Attend Meeting; Earth Education Subject.

The "Garden Supper" for the principals of Portland schools will be held this evening at 6 o'clock in the Y. M. C. A. auditorium. Its purpose is to acquaint the principals with the schools more thoroughly with the plan of earth education for Portland.

The supper will be in charge of the general garden contest committee made up of committees from the Commercial club, the Rotary club, the retail board, the Retail Grocers' association, the Ad club, the state board of immigration, the Y. M. C. A., the Livestock exchange, and the Retail Jewelers' association, and a large number of other business organizations of Portland.

List of Speakers.
H. C. Campbell and Judge M. G. Munly will deliver addresses on the value of practical education on behalf of the school board. City Superintendent Rigler has promised to speak to the principals. An acceptance to an invitation to address the meeting has been received from President W. J. Kerr of the Oregon Agricultural college, the pioneer in earth education in the state. D. O. Lively will tell of the greater garden contest being now organized in Oregon under the direction of the state superintendent of schools. Harry W. Stone of the Y. M. C. A. will tell what the association has been doing. Howard Everts Weed will exhibit a number of views and tell of the value of utilizing vacant lots.

J. Fred Larson from the retail board will tell what it would mean in enhanced appearance were all the waste and weed grown ground to be utilized in the growing of vegetables and flowers.

Each of the principals will be asked to answer roll call, telling what are the prospects for the work in the school of which he is the head.

Special invitations to be sent to each member of the school board. The list of invitation to the principals reads, in part, as follows:

Principals Invited.
"This is an invitation to come to the garden dinner we have prepared for you at the Y. M. C. A. auditorium, Tuesday, February 13, at 6 o'clock."
"We want you to know more about the garden contest plan which the school board and City Superintendent Rigler have authorized. Speakers and pictures will be shown, and the explanation of a garden contest society in your school. H. C. Campbell, M. G. Munly, I. N. Fleischer and Superintendent Rigler are asked to make addresses."

"This is a second of the invitation given you by Mr. Brookings, Saturday morning at the Lincoln High school. It is a big, important work, depending on you so far as your school is concerned. There will be a roll call. Secretary James J. Sayer of the general committee will read the prize lists already prepared and the rules of the contest.

Arrangements will be made to entertain others who are invited to the plan of garden contest work at this evening's meeting.

REALTY BOARD HOLDS INTERESTING SESSION

Yesterday's meeting of the realty board brought out a large number of resolutions of more or less importance, as well as two interesting addresses. The first speaker was Professor W. G. Henderson, principal of the Oakley Grammar school, who urged the board to take the lead in a movement to compel property owners to clean up brush lots in the vicinity of suburban schools. The speaker made a strong plea for the improvement of the environment and surroundings of public school children, pointing out that only by this means could children be taught to appreciate and properly value modern civilization.

Secretary Will Campbell of the Northwestern Development league told something of the work of his organization in bringing valuable immigration into the seven northwestern states.

Resolutions were adopted asking that the "liberty bell" which is to be taken to San Francisco in 1915, shall pass through Portland and the people of this city be given an opportunity to see this historic relic.

A resolution was also adopted urging the members of congress from this state to support the senate bill providing for the creation of an information bureau in the department of commerce and labor, one of whose duties shall be to collect and distribute information about the soil of the unsettled portions of this country.

The legislative committee reported that the supreme court of Oregon had granted a rehearing in the case of Henry vs. Hartley, and the case would be reargued next month. This is a case in which C. K. Henry sued a Mr. Hartley of California for the payment of a commission for the sale of a lot in Portland. The case was decided against Mr. Henry, but the Realty Board was not satisfied with the court's view of the law, and asked the court to grant a rehearing.

The board also joined the procession of other public bodies by registering its disapproval of the proposed site of the new public library building. By resolution the board declared that the block at Eleventh and Yamhill is an improper setting for such a monument as the proposed central library building is to be, for the reason that the block is bounded by narrow streets and is adjacent to the retail district.

Calling upon the Hill and Harriman systems to build a new union depot at the foot of the park blocks was the subject of another important resolution adopted at yesterday's meeting of the board.

Mountaineer Fears Elevator.
Los Angeles, Feb. 12.—"I'll take a chance with a mule any day, but not with that contraption," quoth Cyrus Hookwood of Ozark, Mo., agent a hotel elevator. Later, however, his wife persuaded him to enter and he took 27 consecutive rides.

Low rental. In new brick building, 25,000. Just being completed at Hood and Baker streets. This is the best proposition in South Portland from a rental standpoint. A. L. Fish, care The Journal.

Fun and exercise, skating, Oaks rink.

NEW YORK JUDGE TO BE RETIRED FOR AGE

Judge Irving G. Vann of the New York state court of appeals, who is one of the four judges who will be retired before December, 1913, on account of the age limit. A constitutional provision states that no person shall hold the office of judge after he shall be 70 years of age. Judge Vann will reach that age limit at the end of the present year.

LILLIAN DENIES ASKING GUARANTEE OF INCOME

(United Press Leased Wire.)
New York, Feb. 13.—Lillian Russell, the actress, denies the report that she has notified Alexander N. P. Moore, her fiance, that he must show her that he had an income of \$60,000 a year before she would marry him. Moore is the publisher of the Pittsburgh Leader.

ELECTION FRAUDS NEMESIS TO SPEAK

Judge Blair of Ohio Fame, to Attend Citizenship Congress.

Judge A. Z. Blair, the "singed cat" of Portsmouth, Ohio, the man who unearthed Ohio's election frauds, has promised to be one of the speakers before the World's Christian Citizenship congress, to be held in Portland June 23 to July 6, 1913.

Judge Blair's subject, according to news which has just been received from Clement H. Congdon of Philadelphia, by James J. Sayer of the Commercial club, will be "The Necessity of an Awakened Public Conscience."

Mr. Congdon has sent a list of the speakers for the world-religious congress, which shows that religious leaders from every nation have consented to be present and deliver addresses. Thirty of these men have already been secured.

List of Speakers.
The list includes Dr. Andrew Wallace Williamson, minister of St. Giles, Edinburgh, Scotland; Dr. Armenag Haigson, Konia, Asia Minor, Turkey; Sir Andrew Fraser, L.L.D., lieutenant governor of India, and Bishop Brent of the Philippine Islands.

Ng Poon Chew of Canton, China, will come to discuss "Christianity in the New China," and Rev. William (Cath-my-pal) Patterson, of Belfast, Ireland, will speak on "Intemperance."

Governor Woodrow Wilson has promised to speak on "The Moral Implications of the Right of Suffrage," and Booker T. Washington of Tuskegee, S. C., will speak on "The Negro Problem in America."

"Christianity and Democracy With Special Reference to the Initiative and Referendum" is to be the subject of Monsieur Charles Lucien-Gautier, Geneva, Switzerland.

Others who have promised to come and make addresses are William Jennings Bryan, Dr. Benjamin Ide Wheeler of California university, Dr. H. C. Minton of Trenton, N. J., Dr. Bang, bishop of Norway.

Great Ad for City.
The advertising to be received by Portland in connection with the World's Second Christian Citizenship congress will apparently be very great. Stories of the beauty of the city will be translated into many tongues and sent to many nations.

The railroads will do special advertising. Mr. Congdon has written Mr. Sayer that the Northern Steamship company

and the Great Northern have already made their plan of advertising.

Five hundred sermons in as many of the large cities of the world will be preached on the World's Christian Citizenship congress, June 30, 1913.

Most of the expense of the congress is to be borne by its organizers. Portland has agreed to give \$15,000, an amount to be spent in advertising the city as the place of the great convention. Five thousand dollars of this amount soon falls due and is to be secured within the next six weeks.

Female Tramps Arrested.
Oroville, Cal., Feb. 13.—Female tramps, Mrs. Florence Ivy and her 13-year-old daughter, are under arrest here today after riding from Portola by freight train and begging their food. Mrs. Ivy is wanted on a bench warrant issued in Auburn for spiriting the girl out of Placer county. The child had been awarded to the father in divorce proceedings. Both mother and daughter admit they walked many miles over the railroad ties to escape arrest.

CATTLE, SHEEP MEN OBJECT TO THE ELK

Several sheep and cattle men of Wallowa county are much perturbed over the proposal of the state game warden to turn 15 head of wild elk loose in a tract of 2500 acres of coyote fenced forest reserve known as the Billy Meadows pasture in the Wallowa national forest. In a meeting of the Wallowa County Woolgrowers' association at Enterprise last week the nine men present passed a resolution opposing the plan declaring it would cut down the sheep range.

"This range is used by one owner and land in another place could easily be substituted for it" said Warden Finley. "The small area to be used would not affect the sheep range to an appreciable extent. Elk in Oregon are rapidly disappearing owing to their being killed illegally, and we hope to be able to do something toward increasing their number. We hope to have a bill passed by the next legislature making it a penitentiary offense to kill one of the elk."

The elk will be crated by the government in the Jackson Hole country of Wyoming, and transported through the Teton pass to St. Anthony, Idaho, where they will be turned over to the state of Oregon free of charge. The expense of getting them to Oregon and feeding them until spring will amount to about \$1000, according to Warden Finley, and this amount is being raised by subscription. The Elks of Portland have subscribed \$100, and the people of Enterprise, Joseph and other towns of the district from which the complaint came have raised \$250. If the amount is subscribed the elk will start about the end of the month.

Working for Settlers.
Burns, Or., Feb. 13.—The Burns Commercial club has had printed 10,000 pamphlets advertising this section of the state. This is expected to be a big year for the county, with the railroad building, and the Commercial club will do its best in trying to get as many new settlers as possible in the vicinity of Burns.

NO CO-EDS, NO ATHLETES ARE FLUNKED AT U. OF O.

(Special to The Journal.)
University of Oregon, Eugene, Or., Feb. 13.—Fifteen students, composing 3 per cent of the total registration of the University of Oregon, have failed to make the necessary nine semester hours and will not be admitted to college this semester. Of this 15, none is a woman and none an athlete. Registration for the second semester commenced yesterday and indications are that the total attendance will be slightly in advance of that of last year.

Crowds attend Oaks rink these days.

A FINAL SACRIFICE SALE LAST CALL!

Health and Beauty Advice

BY MRS. MAE MARTYN.

Ada T.: Avoid all complexion creams which contain oil, as they make the skin shiny and cause hair to grow on the face. By stirring 2 teaspoonfuls glycerine and one ounce alcohol into 1/2-pint cold water you have a chatless cream-jelly for softening and whitening the skin. It is unsurpassed for clearing the complexion and making it smooth and youthful looking. Use this morning and night and you need have no worry about the way your face will look.

Mrs. F. B.: Weight reduction is a very simple matter. These old-fashioned theories of violent exercises and starvation are all nonsense, and at the best furnish only temporary relief. To take off fat, use this remedy: Dissolve 4 ounces of paraffin in 1 1/2 pints hot water. This simple, harmless remedy works wonders where many of the "cures" fail. It leaves the skin smooth and firm.

W. A. R.: Only healthy scalps produce beautiful, abundant hair. You must keep your scalp clean by shampooing as often as necessary. The following tonic will prove an unailing remedy for dandruff, itching scalp and falling hair: Stir one ounce of quinine into 1/2-pint alcohol, then add 1/2-pint cold water to this tonic. Use the scalp about twice a week. It will do wonders for your diseased scalp and make your thin, straggly hair thick, long and beautiful.

Elsie S.: That sticky look you have, besides your loss of energy and run-down condition, are due to a sluggish, impure blood, incident to the winter months. This is very common, but is easily overcome by taking before meals a tablespoonful of this simple system tonic: In 1/2-pint alcohol dissolve one ounce karoine, adding 1/2-cup sugar and hot water to make quart. This is a wonderful blood purifier and strength-restoring tonic. There is nothing like it for giving one rich, red blood, energy and good health.

Belle: The reason your hair looks so dull and faded and is so hard to arrange is that you have made the usual mistake of shampooing with soap. Any woman who uses soap shampoo cannot expect to have beautiful hair. It may clean the hair, but does not remove the pore-dirt from the hair roots. Your hair becomes stringy and unmanageable in a few days and you wonder why. Let soap shampoos alone and use a teaspoonful of canthrox dissolved in a cup of hot water for your shampoo, if you want your hair to stay even and quite without scaling. Canthrox makes the hair very fluffy and bright, and gives to the scalp a feeling of pleasing freshness. You will not catch cold if you shampoo with canthrox and will find it makes your hair look so very nice.

J. M. S.: Cutting the hairs only makes them come in heavier. Get an original package of delatone and with a little of the powder mix enough water to form a paste. Put this on the hairy surface and after two or three minutes rub off, wash the skin and every trace of hair will have vanished. Druggists charge a dollar an ounce for delatone, but it never fails to do the work.

Mrs. V. G.: The woman who uses face powder not only is behind the times, but does herself a personal injury. Face powder is only a mockery to beauty, as it clogs the skin pores, causing wrinkles and other complexion ills. To have a perfect complexion, use a good lotion such as the following: Dissolve 4 ounces of spermax in 1/2-pint witch hazel (or hot water), adding 2 teaspoonfuls glycerine. This lotion gives the skin a decidedly refined look of velvety smoothness. It removes the shine, immediately corrects sallowness, freckled complexions and does not come off in the wind like powder does or rub off easily when a veil is worn. This lotion is a splendid beautifier and skin whitener.

S. D.: Yes, no factor is more important in a beautiful face than bright, clear, youthful eyes. You should use a good eye tonic. Get an ounce of crystals, dissolve it in a pint of water and use two or three drops in each eye daily. It will clear and strengthen your eyes, remove all signs of weakness and inflammation and make them bright and sparkling. For weak, dull, expressionless eyes I think this tonic simply wonderful. It is very soothing, and is fine for those who wear glasses.

TWO STORY BUILDING FOR RENT

SUITABLE FOR WAREHOUSE OR LIGHT MANUFACTURING

This brick building, which is just being completed, is located at Hood and Baker streets, South Portland, and adjacent to the Oregon Electric tracks. An ideal location for light manufacturing where plenty of light is required. Each floor contains about 3500 sq. feet. Long lease, low rental.
