

Mr. Pineapple—"Football's a much finer game than baseball, don't you think?" Mrs. Groucher—"Tep! Much finer. The season is so short." Mrs. Goodsole—"Here! Come back to that woodpile. Didn't you say I gave you a square meal you'd work?" Sauntering Sam—"Well, didn't I work you, lady?" Hampton—"Robley wants his son to follow in his footsteps." Rhodes—"That's too old fashioned; I want mine to follow in my auto tracks." Mrs. Pindar—"What is your husband so excited about over those trucks?" Mrs. Dattler—"He was getting out his last year's good resolutions and found Flinskinner—"Come on, old man; drop a nickel in here and help out this charity." Flinskinner—"No; that thing's out of order. I dropped a nickel in the slot and didn't even get a stick of gum." "They say a great comedian seldom has a good singing voice." "Thanks, old man. I know I'm not much of a singer."

News of Tuesday Briefly Paraphrased

Breezy Notes of Yesterday's Happenings Gleaned From the Morning Papers for Journal Readers.

Congressional.

The Democratic chemical tariff revision bill has been agreed to without change in the house. No amendments were put into the bill, although the Republicans offered many and received some Democratic support.

A bill has been introduced in the house providing that homesteaders on government irrigation projects shall receive patents after five years' residence and compliance with the homestead law; their unpaid water charges to be a lien against the land until fully met.

Democratic members of the house committee on postoffice and postroads have agreed to incorporate in the appropriation bill provisions for a general parcel post.

Secretary MacVeigh has sent to congress an estimate of the postmaster-general of \$400,000 for operating the postal savings banks during the next fiscal year, in addition to the unexpended \$500,000 appropriated last year.

Speaker Clark has become interested in the Borah-Jones three year homestead bill and has given his promise to use his best efforts to have it favorably reported by the public lands committee and passed by the house.

Lewis Nixon, New York shipbuilder, appeared before the house committee on merchant marine and fisheries and opposed bills that would admit free to American registry foreign built ships owned by American citizens.

On Saturday the ways and means committee will suggest taking the duty off sugar and putting it on silk stockings and other imported clothing. Sugar on the free list would keep \$60,000,000 a year out of the treasury unless other provisions are made for raising revenue.

The rules committee has agreed that the house shall take up for discussion Saturday the Peto money trust investigation report.

At the Everglades land hearing, Wright, Florida drainage engineer, testified that he brought the charges of financial irregularities against agricultural department officials as a matter of self protection.

The majority and minority reports on the Stephenson election were under consideration by the senate Tuesday, but no action was taken.

Senator Lodge gave notice that he would speak of the arbitration treaties on February 25.

Political.

Hiram C. Gill, elected mayor of Seattle two years ago and removed by the recall in less than a year, was renominated for that position at the primaries Tuesday. His vote is so large that politicians believe there is small chance of defeating him in the final election on March 5.

To Mrs. Abbie E. Krebs, president of the Casper Lumber company, one of the most widely known society leaders and clubwomen of San Francisco, goes the honor of organizing the first women's Taft club in California, and so far as is known, in the United States.

Machton D. Pitney, named for the supreme court of the United States by President Taft, has taken notice of opposition to his confirmation by the senate that has come from a labor organization in the west. He says he is no enemy of labor, and the decision to appoint him for that position against agricultural interests was made by his father, who was vice chancellor of New Jersey in 1893.

Three South Dakota cities, Madison, Lead and Belle Fourche, adopted the commission form of government at elections held Tuesday.

In an address the Kentucky legislature Tuesday, Governor Harmon of Ohio warned all public office holders to analyze their own records and see how far they were responsible for the unrest that was leading to a demand for innovation in government generally. He said it ought not to cost a billion dollars a year, or over \$11 for each man, woman and child in the country to maintain the federal government with its limited functions. We need reforms, and any reduction of the tariff taxes, with care and economy in public expenditure, is a ready means to secure them.

Eastern.

The firm of J. P. Morgan & Co. will soon begin work on a new skyscraper office building to replace their present headquarters at the corner of Wall street and Nassau street, New York. The new building will be \$3 by 113 feet and will be erected on the most valuable piece of ground in the world. Its market value is \$100 a square foot, or \$3,000,000 for the plot.

Just as a birthday celebration in her honor was about to begin, Mrs. James Fraser, 101 years old, widow of a Presbyterian minister and relative of William H. Seward, secretary of state under Lincoln, died at her home in Brooklyn, N. Y., Tuesday night.

Eight persons are dead and about 50 injured as the result of a tornado which swept through the western outskirts of Shreveport, La., Tuesday.

Earl Sandt, a youthful aviator, the first birdman to fly over the Great Lakes from the United States to Canada, came to grief 10 miles out on Lake Erie from Northeast, Pa., Tuesday night, when attempting a return flight to the American shore. While high in the air and 20 miles west of his course, the engine of his biplane stopped. Suddenly the machine overturned and he was buried unconscious in the wreckage on the ice. He was badly injured, but will recover.

Mrs. Sarah Keene, the "mystery lady" of the Philadelphia hospital, is dead at old age after 51 years spent in that institution. She was taken to the hospital in 1861, suffering from smallpox. She was cured, but while convalescent lost her memory and had remained in the hospital ever since. No one knew who she was or where she came from.

The will of the late Richard T. Crane was admitted to probate at Chicago Tuesday. A joint bond of \$18,350,000 was filed by Richard T. Crane Jr., and Charles R. Crane, sons of the iron master and executor under the will.

The demands for a general increase in wages of 15 per cent which the delegates representing 2000 station agents and ticket agents have formulated at the biennial convention of the Order of Railway Station Agents, now in session at New York will be presented April 1.

The Harvard club of Boston is to have a new home which will make it one of the most commodiously quartered organizations of its kind in the country. Land and buildings are to cost about \$600,000.

Pacific Coast.

Lillie Mathews, 30 years old, a school teacher, was attacked on the San Francisco waterfront by half a dozen men, carried to a vacant house and suffered many indignities. She was rescued unconscious by the police and two members of the gang were arrested.

Varieties of grain and forage crops from all over the United States are being obtained by the O. A. C. experiment station for testing on the Hartney county experimental farm this year.

OLD ORDER MAY CHANGE AT EUGENE

Political Movement May Combine County Against County Seat.

(Special to The Journal.)

Springfield, Or., Feb. 21.—That a move to "knock out the Eugene crowd" in the coming election is crystallizing became known here yesterday when information leaked out of a meeting held Monday evening, attended by a number of Springfield men, with representatives from near Cottage Grove, from Lowell, Fall Creek and from up the McKenzie valley.

"A square deal for all parts of Lane county" is the way some of the leaders put it, who aver that county offices for years have been going, for the greater part, to residents of Eugene, and that the public improvements are massed about the county seat to the detriment of the rest of the county. Now the smaller towns and the country districts propose to have an inning.

Residents of the Jasper-Lowell neighborhood are especially put out at the county court on account of the manner in which the Utah Construction company has been allowed to construct a road to take the place of the one destroyed in the building of the Natron extension.

Eugene Will Not Celebrate.

(Special to The Journal.)

Eugene, Or., Feb. 21.—Eugene merchants have decided to not hold a Fourth of July celebration this year, and give the smaller communities of Lane county a chance to celebrate the natal day. The Merchants' association has decided to hold a carnival during the summer and a committee will be appointed at the next meeting to arrange for a suitable date.

GIRL TIED TO DOORKNOB WHILE MAN LOOTS HOUSE

(United Press Leased Wire.)

Everett, Wash., Feb. 21.—A masked robber entered the home of Silas Stout, 17 years old, with a gun. After intimidating her he took from her pocket a piece of rope and tied her securely to a door knob. Then he ransacked the house of money and jewels and disappeared. For two hours the girl was held prisoner, and then her cries were heard by neighbors and she was released.

UMATILLA PIONEER FARMER PASSES AWAY

(Special to The Journal.)

Pendleton, Or., Feb. 21.—Hugh McClain, a pioneer farmer of Umatilla county, died this morning, death being due to cancer of the stomach. He had owned and operated a big ranch near Athens since early days and recently when he sold out and invested in Portland real estate. The body will be buried at Weston tomorrow.

DALLAS BUSINESS MEN TO MEET OFFICIALS

(Special to The Journal.)

Dallas, Or., Feb. 21.—Following a report that the morning and evening trains of the Southern Pacific running between Dallas and Portland were to be eliminated, the Dallas Commercial club has taken action and will investigate the truth of the report. A telegram was received from Superintendent Campbell saying the Southern Pacific officials would be glad to meet representatives of the Commercial club today.

In addition to protesting against a change in train service, the Commercial club will demand a new depot; that the freight grounds be filled in, and also that the running time between here and Portland be reduced. These demands will be based on promises made annually for five years, and if the requests are not granted the propositions will be taken up with the state railroad commission. About 40 members of the Dallas Commercial club and Dallas business men will go to Portland to meet the railroad men.

CHINAMAN SWALLOWS COIN TO AID DROWNING

(United Press Leased Wire.)

Shanghai, Feb. 21.—Chang Chiao Wen held a government post under the old regime at Ning Po. The republicans dismissed him from it and he resolved to drown himself. Chang changed \$5 "Mex" into cash, very small coins, had them delivered in a wheelbarrow, swallowed about \$2 worth and jumped into the river. His body has not been recovered.

Proclaim Good Roads Day.

(Special to The Journal.)

Olympia, Wash., Feb. 21.—In response to the demand of the state convention of the Women's Good Roads association, Governor Hay has named Tuesday, April 12, as "Good Roads Day." The day is to be "observed throughout the state by actual work on public highways, the organization of local good roads societies, and in any other manner that may serve to arouse to action the spirit of progress and improvement."

POLK COUNTY NOW HAS FIVE STANDARD SCHOOLS

(Special to The Journal.)

Falls City, Or., Feb. 21.—Oakhurst school district No. 59, located one mile south of Falls City, has become the fifth standard school of Polk county. This system has been in vogue for about four months. Vasey was the first school to qualify, and since then four others have received the necessary points. This system has proved very successful in promoting attendance, discipline, application and the appearance of the grounds and the interior of the school building. Mrs. J. D. Meyer is teacher of the school. She has taught a number of years in this county. Her brother, W. C. Bryant, is the county school superintendent of Sherman county, and a member of the state board of normal teachers.

HUNTINGTON VOTES BONDS FOR NEW CITY HALL

(Special to The Journal.)

Huntington, Or., Feb. 21.—Huntington Tuesday had a special election to vote \$10,000 bonds for the purpose of building a city hall. The bond issue carried by a vote of 57 to 7. It is planned to have the revenues of the city meet the issue of the bonds as they come due.

Many Attend Reception.

(United Press Leased Wire.)

Washington, Feb. 21.—More than 1500 persons, it was said today, attended the army and navy reception at the White House last night. The reception was the last of four White House functions which punctuate a Washington social season.

MARSHFIELD CONTEST PROCEEDS VERY SLOWLY

(Special to The Journal.)

Marshfield, Or., Feb. 21.—The contest of the election of Mayor E. E. Straw of Marshfield may be a long time being decided. The contest was started by R. A. Coppel, who was defeated by but eight votes. Robert Marsden and D. L. Hood, who claim to represent others who voted for Straw, have filed with Judge Coke in the circuit court a petition to intervene. They allege they want to appeal the case to the supreme court, on the ground that the service in the case was not legal and that the circuit court has no right to hear the case under the charter of Marshfield, which it is alleged says that only the city council has the right to judge of the qualifications of city officials.

JUNK DEALER IN JAIL FOR LIQUOR SELLING

(Special to The Journal.)

Eugene, Or., Feb. 21.—In jail for the third time on the charge of violating the local option law, Joseph Jacobs, a local junk dealer and keeper of a second-hand store, is unable to furnish a \$500 bond which Judge Bryson, of the justice court, placed him under after he was arrested yesterday. Jacobs, after he was released from the county jail after serving his last sentence, faithfully promised that he would never again sell liquor while the local option law was in effect.

Eugene Will Not Celebrate.

(Special to The Journal.)

Eugene, Or., Feb. 21.—Eugene merchants have decided to not hold a Fourth of July celebration this year, and give the smaller communities of Lane county a chance to celebrate the natal day. The Merchants' association has decided to hold a carnival during the summer and a committee will be appointed at the next meeting to arrange for a suitable date.

O. A. C. CAN'T FILL AGRONOMY CALLS

Has to Send to Middle West for Men to Run Eastern Oregon Farms.

Oregon Agricultural College, Corvallis, Or., Feb. 21.—"The increasing demand for men of expert training in agronomy in Oregon is indicated by the fact that the Oregon Agricultural college is now being asked to supply men for six different positions on irrigated and dry farming tracts in central and eastern Oregon at salaries from \$1000 to \$2500 a year, with exceptional opportunity for investigations and for advancement.

"It will be necessary to write to some five or six different states—Colorado, Nebraska, Kansas, Utah and Montana—in search of suitable men to fill most of these positions, as every student who has graduated or specialized in agronomy at the college is already engaged in work from which he can not be parted," said Professor H. D. Schudder, head of the agronomy department. "Although it is only in the last few years that the demand for agronomists has developed in Oregon, the call for them all over the United States at large has always been heavy. Nearly 100 positions in all different phases of agronomy are brought to the attention of my office each year, but the number of students trained in this line is so small that but few of the positions can be filled from here."

SNOW AT PENDLETON PLEASES ORCHARDISTS

(Special to The Journal.)

Pendleton, Or., Feb. 21.—The weather turned cooler last night and a snow fell. Farmers and fruit raisers in particular welcome the change as it will keep back the buds for a few weeks.

Mrs. Leeds Wins Necklace Case.

(United Press Leased Wire.)

Washington, Feb. 21.—In accordance with a supreme court decision the treasury department today is prepared to surrender the \$111,000 excess duties collected on a \$20,000 pearl necklace belonging to Mrs. William B. Leeds of New York.

Catarrh Ended Money Returned If Hyomei Doesn't Banish Catarrh.

Get rid of catarrh—start today—cure it without pouring into your stomach a vile and unpalatable nostrum. HYOMEI (pronounce it High-o-mey) cures catarrh in nose or throat, and does it by such a simple and pleasant method that thousands who have been cured are glad to recommend it.

Just breathe Hyomei, and its soothing, medicated and antiseptic properties will come in direct contact with the inflamed parts, stop the discharge, drive out the soreness and heal the membrane.

A complete Hyomei outfit, including inhaler, bottle of Hyomei and simple instructions for use, only costs \$1.00. Single bottles of Hyomei cost but 50 cents at druggists everywhere. For catarrh, coughs, colds, sore throat or catarrhal deafness it will give satisfaction or money back.

Another well known druggist asked us to continue the announcement of the prescription. It is doing so much real good here, he continued, that it would be a crime not to do so. It cannot be repeated too often, and further states, many cases of remarkable cures wrought.

The following is the prescription of simple ingredients, making a harmless, inexpensive compound which any person can prepare by shaking well in a bottle: Fluid Extract Juniper Berries, one ounce; Compound Fluid Balmwort, one ounce; Compound Syrup of Hypophosphites, four ounces. Any first class drug store will sell this small amount of each ingredient, and the dose for adults is one teaspoonful to be taken before each meal and again at bed time. There is enough here to last for over a week if taken according to directions. Good results will be apparent from the first few doses.

Curing Catarrh

Accept Our Advice and Try This Remedy at Our Risk.

Catarrh is a disease of the mucous membrane. The mucous membrane is, one may say, the interior lining of the body. Catarrh therefore may exist in any part of the system.

When the catarrhal poison attacks the mucous membrane, inflammation and congestion are produced and nature fails to throw off the accumulated poisons. The organ which has been afflicted ceases to perform its proper function as nature intended it should. The result is, complication upon complication, which may lead to other even more serious afflictions.

We honestly believe Resall Mucos-Tone will do wonders toward overcoming catarrh. It is made from the prescription of an eminent physician who made a long study of catarrh, and his great success with this remedy was an enviable one.

We want you if you are a sufferer from catarrh in any form, to give Resall Mucos-Tone a thorough trial. Use it, with regularity and persistency for a reasonable time, then if you are not satisfied, come back and tell us, and without question or formality we will hand back to you every cent you paid us. This is certainly the fairest offer that any one could make and should attest our sincerity of purpose. It comes in two sizes, prices 50 cents and \$1.00. Sold only by The Owl Drug Co. Stores in Portland, Seattle, Spokane, San Francisco, Oakland, Los Angeles and Sacramento.

IMMIGRATION WORK PROBLEMS TO BE SOLVED

(United Press Leased Wire.)

Tacoma, Wash., Feb. 21.—Beginning with three sessions today, the Pacific Northwest Immigration congress has opened here. Scores of delegates arrived last night and this morning, prominent among them being Dana Bartlett, Los Angeles' "most useful citizen," and J. E. Sprunger, state attorney of the California Y. M. C. A. "What can we do for you here?" Instead of "Where in the old world did you come from?" emphasizes the object of the addresses, as well as how best the immigrant and his children can be cared for. Two sessions will be held tomorrow night and the delegates will be banqueted by the local enthusiasts.

TENINO WORKMAN SHOT ON STREET AT MIDNIGHT

(Special to The Journal.)

Centralia, Wash., Feb. 21.—As a result of a quarrel started early in the evening, Pete Ross, an employe of the stone quarry in Tenino, was probably fatally wounded by Tony Pastore, a fellow workman, the shooting taking place on the principal corner of Tenino at midnight last night. Ross was hurried to the Centralia hospital, where it was reported this morning that he has a chance of recovery. Pastore was taken to Olympia and placed in jail. Both men are single. They came to Tenino from Seattle Sunday.

Crowds attend Oaks rink these days.

2700 ACCIDENTS UP TO COMMISSION

Under New Washington Law About Half of the Claims Are Disallowed.

Olympia, Wash., Feb. 21.—A total of 2700 accidents have been acted upon by the state employers' liability commission during the four months the law has been operative. Of these claims the commission has allowed 1500 and thrown out or disallowed 1200. The claims ranged all the way from death of employes to the loss of a finger or toe and the subsequent layoff of a few days from work on the part of the injured. When the commission first began to consider claims for damages there was an average of 500 applications for remuneration for injuries submitted a month. The commission, realizing that the working force would soon be swamped with consideration of trivial claims, adopted a ruling that no claim would be considered in which a workman had lost less than 5 per cent of a month's time.

The employing firms have paid into the liability fund a total of \$425,067, out of which there remains a balance of \$370,728 to carry the commission through until the next assessment is made. The number of employing firms listed in 1910, which represents a total of 109,000 employes who come under the state's protection.

For ironing lazes and other dainty fabrics there has been invented a highly polished steel roller, heated from within by electricity taken from a lamp socket.

Women Appreciate

the value of good looks—a fine complexion, a skin free from blemishes, bright eyes and a cheerful demeanor. Many of them know, also, what it means to be free from headaches, backaches, lassitude and extreme nervousness, because many have learned the value of

BEECHAM'S PILLS

as the most reliable aid to better physical condition. Beecham's Pills have an unequalled reputation because they act so mildly, but so certainly and so beneficially. By clearing the system, regulating the bowels and liver, they tone the stomach and improve the digestion. Better feelings, better looks, better spirits follow the use of Beecham's Pills so noted the world over

For Their Good Effects

Sold everywhere, 10c., 25c. Women especially should read the directions with every box.
