

**SOUTH PORTLAND PARK BOOSTERS PROGRESSING**

The park committee of the South Portland Boosters' club, consisting of John Perry and Michael Clancy, reported favorable progress last night at the regular meeting of the club. The committee is active in the negotiations between the city and the O. W. R. & N. for a 74 acre tract in South Portland, which it is believed

the railroad company will donate for boulevard purposes. An effort is being made to discover the identity of the person who has been the author of newspaper articles purporting to express the sentiment of the club on various public questions but which are not in any way sanctioned by the club. President C. H. Feldman of the club is conducting a quiet investigation. President Feldman says he made a slight mistake in giving out a recent interview. He was quoted as saying that the club did not oppose

the location of oil tanks in South Portland. The club, however, did oppose the proposed site of the Union Oil company near Meads and Hooker streets.

**Brand Reports as "Boah."**  
(Collected Press Leased Wire.)  
Topeka, Kan., Feb. 22.—Woodrow Wilson today branded reports that his daughter Nellie was in danger to Maxine as "boah." He said: "Stories that I have asked an escort for my daughter to the border are nonsense. My daughter is visiting friends in Madrid and will remain there until she wishes to return."

SERVICE

The Nightmare

I'll never eat another less it's made of—

**Cottolene**

"Such stuff as dreams are made of—" lard-cooked food. No wonder Willie has the nightmare—even the stomach of a grown-up will occasionally rebel at the havoc worked by lard-made indigestion.

Lard is made from hog fat. It is not always digestible, even at its best. Why then take chances with lard or imitations of Cottolene?

Cottolene contains not an ounce of hog-fat. It is a vegetable product—made from the choicest cotton oil, refined by our exclusive

process, packed in a cleanly way in patent, air-tight top pails, and protected from all dirt, dust and contamination.

If you want purer, more healthful food, and food which will not disturb you after you have eaten it, be sure that it is cooked in Cottolene.

Made only by THE N. K. FAIRBANK COMPANY
