

PORTUGUESE ROYALISTS CHEER FOR MANUEL POPE

Lisbon, Feb. 22.—Cheering for King Manuel and Pope Pius, hundreds of Portuguese monarchists paraded the streets today. When ordered by the military to disperse they refused, and were charged by a battalion of infantry, and volleys were fired before the throng dispersed. Scores were wounded.

MEN AND WOMEN A CONFIDENTIAL GREAT WITH YOUR DOCTOR-OFTEN INSPIRES A GREAT CONFIDENCE

All that we ask is that you call at our office and talk over your condition with us. We will treat it confidentially, give you a complete physical examination and give you our best advice. If you think our diagnosis and advice correct and our fee right, we will be pleased to treat you. YOUR CONFIDENCE in us and our ability to cure you will grow as we become better acquainted. We produce results where others fail because we are abreast of the times, our method of treatment modern and all old routine and unsuccessful methods have no room in our establishment.

WE DO NOT GET UP TO SHORTLY DEMONSTRATE OUR SKILL REGARDLESS OF HOW LONG STANDING. After you have tried patent medicines without result, we will treat you with several doctors and have failed to relieve you, we will cure you.

OUR EXTERNAL ABSORBENT METHOD OF TREATMENT MEANS PERMANENT RELIEF FROM THIS STUBBORN AND PAINFUL AFFECTION.

ASTHMA We will refund the cost of treatment to anyone suffering with this distressing condition if we cannot grant a permanent relief.

NO OPERATIONS necessary for the successful treatment of Piles, Tumors, Cancer, Rupture and other similar conditions.

OBESITY CONSTIPATION Nervous Diseases, Kidney and Bladder Troubles, Headaches, Stomach and Throat, Catarrh and Lung Diseases, Liver and Stomach Diseases, Eczema and Skin Diseases, and many other ailments cured by our methods of treatment.

WE OFFER YOU A CHOICE OF THREE REMEDIES, INCLUDING THE MOST EFFECTIVE. IF YOU ARE DISCOURAGED CONSULT US TODAY.

IF YOU CANNOT COME TO OUR OFFICE, WE WILL SEND YOU A FREE SYSTEM AND DIAGNOSIS BLANK. HOURS 9 A. M. TO 9 P. M. SUNDAYS 11 TO 1.

Modern Specialists

DR. LINDSAY The Old Reliable Specialist. Corner Alder and Second streets. Entrance 123 1/2 Second street, Portland, Or. Office hours 9 a. m. to 9 p. m. Sundays 10 a. m. to 1 p. m.

Best Tonic Laxative

A STRAIGHT TALK ON MEN'S DISORDERS

By C. K. Holsman, M.D., The Leading Specialist

I am an expert specialist, treating ailments of men exclusively. I have a complete and up-to-date equipment, publish my true photograph and personally supervise the treatment of all patients from the time they come to me until they are discharged. I do not let money matters keep you away, as my charges are so low as to be within the reach of every man.

IN OFFERING MY SERVICES TO THE AFFLICTED I AM GIVING YOU THE BEST that my profession and the past 18 years can leave no doubt as to my ability, honesty and integrity and should be sufficient to convince the most skeptical. I possess skill and experience acquired in such a way that no other can share it and should not be classed with inexperienced doctors or specialists.

A thorough investigation should be made by every afflicted man as to the specialist he consults. Do not depend on the name of the doctor, but depend on the best medical attention. I have the ability and can give you this service. I have always charged a very reasonable fee, so that my services may be obtained by any man who sincerely desires a cure. I make no promises or unbusinesslike propositions. I would like to have you for a patient if you will come to me on a strictly professional basis, accepting inducements that I offer, which are my ability, 18 years' successful experience, time-saving, treatment and cure of certain diseases.

VARICOSE VEINS. I daily demonstrate that these conditions can be cured in nearly all cases by one treatment in such a satisfactory way that the organs are preserved, swelling subsides, a healthy circulation is rapidly reestablished, and the depressing conditions of the patient are removed. I guarantee you a cure to stay cured or refund the money.

KIDNEY AND BLADDER DISEASES. With these diseases you may have more complications than are presented by any other diseased organ. By my searching examination and diagnosis I determine accurately the disease and by microscopic examination and urinalysis I make doubly sure of the condition of the kidneys, thus laying foundations for scientific treatment.

SPECIFIC BLOOD POISON. Scientific treatment only could be used in combating this loathsome disease. I cure Blood Poison by the new German Remedy which I introduce directly into the blood, purifying it, neutralizing it and expelling it from the system. New blood thus formed supplies and rebuilds the tissues in such a way that the patient recovers his normal state of health, strength and vigor.

MY DIRECT TREATMENT FOR WEAKNESS. That disorder commonly known as weakness has for years and generations baffled the efforts of physicians, yet to this very day a majority of doctors, specialists not excepted, are attempting to overcome

it by methods that have been in constant use and have always failed for half a century. They dose the system with powerful stimulants and tonics calculated to restore nervous force or strength that is not and never has been lacking, with the result that the patient is continually excited to the positive detriment of the patient. Weakness is only a symptom resulting from many local conditions and is cured by local treatment only without the giving of a single internal dose, which demonstrates the accuracy of my understanding and treatment of this disorder. In years I have not met with a single failure. I have entire confidence in my ability to cure all cases that come to me for treatment. I am equally certain that no treat other than that which I have perfected can completely and permanently restore strength and vigor.

NO MONEY REQUIRED TO COMMENCE TREATMENT. Many patients have no confidence in their doctor, because he demands pay before a cure has been effected and they are many who have been misinformed about their condition or through unsuccessful treatment have become skeptical and think there is no cure for them. I offer an opportunity to treat such men. It makes no difference about the financial part, as I accept pay for my services as benefits are derived, when I am satisfied the patient is reliable. Health is capital at interest. I will prove my ability to cure before accepting pay for my services.

I treat all ailments of men and cure to stay cured. I offer Free Consultation and Examination.

I invite you to come to my office. I will explain to you my treatment for varicose veins, hernia, nervous debility, blood poison, piles, fistula, bladder, kidney and all men's ailments and give you FREE physical examination if you write for free book and self-examination blank.

My office is open all day from 9 a. m. to 9 p. m. and Sunday from 10 to 12. All correspondence treated confidentially. Letters cheerfully answered.

DR. C. K. HOLSMAN 221 1/2 Morrison St. CORNER FIRST STREET, PORTLAND, OREGON

BRITISH BARK MAY HAVE GONE DOWN

Waterfront men not only of Portland but of other ports on the North Pacific ocean, will learn with regret that the British bark Gulf Stream has been posted as missing at Lloyd's according to advices received this morning by the Merchants Exchange. The Gulf Stream was well known here and was in command of Captain D. Nichol who had many friends here. The bark, which was riggered 1378 tons net register, was bound for British Columbia ports from Glasgow and it has been heard of once only, in the 297 days that she has been on the river on February 4, 1910, from the river on February 4, 1910, from Capetown with 1,270,250 feet of lumber. Like the Norwegian bark Wolva, which was bound from Newcastle, Australia, for Junin, after which she was to come here for wheat, there is nothing to show what became of the Gulf Stream, although a steamer reported several months ago seeing a sailer go down in the South Pacific and it was thought at that time she might be the Gulf Stream, although the master of the steamer could not make out her name.

Bark Bound for British Columbia Ports Heard of but Once Within 297 Days—Spoken May 27, 1911.

The Gulf Stream was well known here and was in command of Captain D. Nichol who had many friends here. The bark, which was riggered 1378 tons net register, was bound for British Columbia ports from Glasgow and it has been heard of once only, in the 297 days that she has been on the river on February 4, 1910, from Capetown with 1,270,250 feet of lumber. Like the Norwegian bark Wolva, which was bound from Newcastle, Australia, for Junin, after which she was to come here for wheat, there is nothing to show what became of the Gulf Stream, although a steamer reported several months ago seeing a sailer go down in the South Pacific and it was thought at that time she might be the Gulf Stream, although the master of the steamer could not make out her name.

Accompanied by an unusually heavy southwest swell, she had no trouble with the French bark St. Louis, which she had in tow, and dropped the latter at quarantine at 3 o'clock yesterday afternoon. The Leggett has a cement cargo for Oak street.

Wireless apparatus is being installed on the California-Atlantic steamer Stanley Dollar, Captain Thwing, which arrived this morning at 1 o'clock from Balboa, by way of San Francisco, and in the future the company will be enabled to keep up communication with her while on her voyage to the Pacific terminus of the Panama canal.

Damage Caused by Hitting Reef is to be Fixed Up. Major J. B. Morrow, corps of engineers, U. S. A., returned Wednesday night from an inspection trip on the upper Columbia river, the trip not being finished as the steamer Umatilla ran on a reef at Milbrook rapids and had to be beached for temporary repairs. She was pumped out and a patch put on a hole made in her hull, the delay being about six hours. Major Morrow ended his trip there, coming back from Mottlinger. The Umatilla has gone on to Riparia, where she will be hauled out on the ways for repairs. She has not been hauled out for about two years and some new plank and a new stem will be put in.

Repairs to Umatilla. Damage Caused by Hitting Reef is to be Fixed Up. Major J. B. Morrow, corps of engineers, U. S. A., returned Wednesday night from an inspection trip on the upper Columbia river, the trip not being finished as the steamer Umatilla ran on a reef at Milbrook rapids and had to be beached for temporary repairs. She was pumped out and a patch put on a hole made in her hull, the delay being about six hours. Major Morrow ended his trip there, coming back from Mottlinger. The Umatilla has gone on to Riparia, where she will be hauled out on the ways for repairs. She has not been hauled out for about two years and some new plank and a new stem will be put in.

Along the Waterfront. The British ship Port Stanley started loading her wheat cargo at Montgomery dock No. 2 this morning. Bad southwest weather was encountered by the steamship Rear, Captain Nopander, which arrived at 5:45 last night from Los Angeles and San Francisco. Lighthouse Inspector Henry L. Beck returned Wednesday night from an inspection trip to Grays Harbor, Willapa Harbor and North Head. He inspected aids to navigation and looked over some proposed changes.

Deputy Collector R. F. Barnes announced this morning that on March 11 a public auction of goods left on the hands of the customs authorities will be held in the United States appraiser's store.

John E. Hissoning, for the past three years an assistant in the local weather office, will leave tonight, accompanied by Mrs. Hissoning, for Tatoosh island, where he will have charge of the weather bureau station. They will go from here to Astoria, where they will board the lighthouse tender Heather, which will land them on the island.

Officials of the North Pacific Steamship company stated this morning that they do not expect the steamer Alliance in from Eureka and Coos Bay until Sunday morning, as she has been held by rough weather. She is expected to sail again for the south on Monday night.

Captain Hall, master of the steamer Francis H. Leggett, said this morning that strong northwest winds were encountered by the steamer on her way up from San Francisco, until she was off Coos Bay, after which she had southerly weather.

Point Lobos, Feb. 22.—Passed at 10 a. m.—Steamer J. A. Chancelor from Portland for Monterey.

Port San Luis, Feb. 22.—Sailed—Steamer Catalina for Portland.

Dublin, Feb. 22.—Arrived—French bark Edouard Detalle from Portland.

Astoria, Feb. 22.—Condition at the mouth of the river at 8 a. m., rough; wind northwest, 50 miles; weather, cloudy.

Tides at Astoria Saturday—High water, 4:33 a. m., 8:57 p. m.; 5:32 p. m., 5:9 feet. Low water, 11:20 a. m., 0.9 feet; 10:48 p. m., 3.1 feet.

NEW TODAY

Instead of hitting your wagon to a star, suppose you buy GRASSBERRY LAND and be among the prosperous ones. Right here in Oregon there is one of the great grass berry lands in the world. A company is now developing the bogs for a permanent industry.

You can secure a small or large tract now at the right price. If you are not familiar with the GRASSBERRY business, let us tell you about it. GRASSBERRY LAND is worth \$1000 an acre when planted in vines. No element of chance in this investment. J. E. GRASSBERRY, 528 Chamber of Commerce.

800 Acres

In the Willamette valley; finely improved with two good dwellings, barns and other outbuildings, finest of rolling land, 1-3 in cultivation, balance in oak timber and pasture; on good wagon road, 7 miles to town on E. H.; will take some good crops, ready in trade for part payment. Price \$50 per acre.

S. N. STEELE, Owner 207 1/2 Lewis Bldg.

40 Acres---\$500

We are subdividing our lands into 40 acre farms, selling at \$500 for each forty. Southern Pacific's Natron extension runs through the land. No forty more than five miles from the railroad. Remember, these lands have an average of 24 inches annual precipitation. We are plating the townships on the Natron extension, and will give free to each of the first 100 farm purchasers four lots, one in each of four townships, as prices in the great movement "back to the land."
