

### SAYS ROOSEVELT CAN BE ELECTED

F. W. Mulkey Will Place Progressive Leaders on Ballot, Anyway.

Declaring that Theodore Roosevelt, in his judgment, is the only Republican that can be elected president next November, Frederick W. Mulkey, representative of Oregon on the Roosevelt national committee, declared today that he is preparing to take up an active campaign for the ex-president, regardless of any position that Roosevelt himself may take.

"If Colonel Roosevelt declares he is not a candidate," said Mr. Mulkey, "I shall go ahead just the same to insure the placing of his name on the ballot, so that Oregon Republicans may express their choice. He should be forced to take the nomination."

"I say this because I believe Roosevelt is the only Republican that can be elected."

**Taft Reactionary.**  
"I regard President Taft as a reactionary. His course on the tariff question was disappointing, and not such as progressives had a right to expect. His recommendations regarding the Sherman anti-trust act are again disappointing. His speeches in favor of universal peace and brotherhood are all right, but not exactly pertinent to the problems presented to the American people in this campaign."

"I favor the nomination of Roosevelt because I am a progressive Republican and because I want to see the Republican party succeed. If Taft is nominated I shall support him, because I believe that better constructive results can be gained through a Republican administration than by changing to the Democrats. But I do not believe he should be nominated."

**Will Carry Oregon.**  
"Roosevelt will carry the Republican primaries in Oregon. He will score over both Taft and La Follette, whether he is a candidate or not. I shall confer with those who have been circulating the petitions for Roosevelt and see just what has been done. I have been told some of the petitions are not in proper form. I shall examine into that, and take such steps as are necessary to secure a complete expression of the Republican choice in the way provided by law."

"I am keeping in touch with the committee of governors that recently addressed a letter to Roosevelt asking him to become a candidate, and the plans agreed on are for an active campaign for delegates from this time on. Roosevelt will sweep the state; I am sure of that."

Lebanon Council Decided to Go Into Mayor's Graft Charge, Sharp Reply.

(Special to The Journal.)  
Lebanon, Or., Feb. 23.—Following the resignation of Mayor A. F. Wilson on the alleged ground that City Treasurer Clarence Ingram had deposited \$40,000 city bond funds in a local bank without interest when he could have deposited it in a Portland bank on a 6 months time certificate on interest, and the sharp reply of the city treasurer, the Lebanon council has decided to have an investigation. It adopted this resolution:

"Whereas, Charges of graft have been made by A. F. Wilson, mayor of the city of Lebanon, as to the conduct of certain officials of the city of Lebanon, and in particular the office of treasurer of said city; and whereas, the said treasurer has filed with the council written denials of any graft or dishonesty, and invites and demands an investigation of the conduct of his office; and whereas, the said charges of the said mayor tend to reflect on the members of this council as a whole, in permitting graft; and whereas, the matter should be fully investigated by a committee of the council; therefore, be it

Resolved, By the council that this council be, and the same is hereby constituted, as a committee of the whole, and meet on February 26, at 8 o'clock p. m. of said day, and make thorough search and investigation in the conduct of the said office of treasurer of said city; and whereas, the said committee report in writing its findings to the council."

In his lengthy reply to Mr. Wilson, Treasurer Ingram uses these words at one juncture:

"Have you, in your deep search for graft, looked into the matter of the city paying more than \$200 per month to the Lebanon Electric Light & Water Co., of which your business partner is a member, and see if it is complying with its franchise and contract and rendering value for this large sum paid monthly? Have you looked into the question of validity of the contract and franchise of the Lebanon Electric Light & Water Co., granted them when their officers were officers of the city, granting a franchise from themselves into themselves, and do you know some of the ablest attorneys in the state outside of Lebanon have pronounced said franchise null and void?"

"Is it not a fact that the bank of your business partner and your brother-in-law had on deposit last year more than \$60,000 of county funds? Can you tell how much interest was paid to the county for the use of this money? Would you have made such a protest if the treasurer had deposited money in the bank of your business partner and your brother-in-law?"

Columbus, Feb. 23.—By a vote of 49 to 46 the Ohio constitutional convention yesterday tabled a resolution inviting Governor Hiram Johnson of California to address the body.

### JUDICIAL SYSTEM NATIONAL FEELING

Justices Must Throw Off Aloofness, Says Judge Lowell.

Judge Stephen A. Lowell, of Pendleton, in an address delivered last night at the annual banquet of the Sons of the American Revolution at the Hotel Multnomah, criticized the judicial arm of the government as being the "national fetish." He declared that the legislative and executive departments of the government have become subordinate to the judicial department, and maintained that the nation is now in fact governed by five men—a majority of the members of the United States supreme court. The speaker said also that the same circumstance holds good as regards the power of the supreme courts of the several states.

"We are dissatisfied with the judicial system," continued Judge Lowell, "and yet our reverence for it makes us too timid to reform it and to restore it to its constitutional place. It must be done, however, and be done by friendly hands, or after us may come the deluge."

**Outlines Reform Plans.**  
In outlining a possible method of reform, Judge Lowell emphasized these seven provisions: That judges throw off their aloofness and mingle as citizens with the people; that free justice be provided; that courts sit at intervals and at convenient places; that public defenders be provided in criminal cases; that technicalities of procedure be wiped away; that legislation by the courts be abolished, and that unanimous decision of the supreme court be necessary to declare an act of congress unconstitutional.

Howard W. Harrington spoke on "The Spirit of Washington," and laid stress on his opinion that the acts and deeds of Washington should be more generally understood as typifying his real spirit, rather than the common sentiment that he was the "father of the country" and "hero" of a fanciful cherry tree incident.

Mr. Harrington reviewed briefly the early history of the United States, and spoke of the struggles of the American people and their hard won victories in leading up to his closing comment that the "keystone of American patriotism is simply that condition of absolute belief that the American people have in themselves that they are able at any and all times to successfully solve the greatest problems that may at any time require solution."

**Important Problems.**  
"We have never yet attempted to solve any important problem in advance of the proper time for its solution," said Mr. Harrington, "but when the time has come, or when it does come, the sober, solemn, second thought of the mass of the people will determine the most satisfactory decision."

Mr. Harrington said that certain conditions are allowed to continue for some time because they are of benefit to the country at large, but that as soon as such conditions overreach themselves and react to the detriment of the people, then these people, by their own action, take the task of righting the wrongs. Mr. Harrington referred to railroad companies, the steel corporation and other big enterprises as examples of this truth.

Wallace McCannan was toastmaster at the banquet. D. Solis Cohen and General T. M. Anderson were the speakers in addition to Judge Lowell and Mr. Harrington.

### DIX, CARMODY SPLIT OVER CASE OF BRANDT

(United Press Leased Wire.)  
Albany, N. Y., Feb. 23.—Serious differences of opinion developed today between Governor John A. Dix and State Attorney General Carmody in regard to the case of Pouliko B. Brandt, former valet of Banker Mortimer L. Schiff, who, it is charged, was railroaded to prison for a 30 year term for alleged burglary of Schiff's home, through conspiracy of Schiff, detectives and others. Governor Dix announced today that he would await the decision of the appellate court on Justice Gerard's ruling sustaining the writ of habeas corpus applied for by Brandt before taking action in the case. Attorney General Carmody stated that he would not appeal from Justice Gerard's ruling. District Attorney Whitman of New York is preparing an appeal. Application will be made to have Brandt released on bail.

### SHIPMENTS TEN MONTHS LATE; RAILROAD HAS 'EM

(Salem Bureau of The Journal.)  
Salem, Or., Feb. 23.—On April 23 and May 5 of last year shipments of fixtures and materials were billed out of Cincinnati, Ohio, to A. L. Frazer of this city. Mr. Frazer prepaid the freight and the invoice of the goods. He has been looking for the shipments ever since, until a day or two ago they were found in possession of the O.-W. R. & N. company at Portland. As Mr. Frazer has no use for the material and fixtures now, he has taken the matter up with the state railroad commission in an effort to recover from the railroad the money he expended.

### ROGER SULLIVAN SUES HEARST PAPERS; LIBEL

(United Press Leased Wire.)  
Chicago, Feb. 23.—William R. Hearst, publisher of the San Francisco Examiner Printing & Publishing company are today defendants in a suit for libel filed by Roger C. Sullivan of Chicago. Sullivan alleges Hearst and Lawrence libeled him for years, and that recently Hearst's newspaper charged him with participation in an attempt to get Robert Switzer, circuit clerk of Cook county, to violate the election laws. Sullivan asks \$25,000 damages. He says similar suits against the defendants will be filed in every county in the state.

### UTAH AND OREGON IN FIFTH DEBATE

Recall of Judges Subject of Contest at University Tonight.

(Special to The Journal.)  
University of Oregon, Eugene, Or., Feb. 23.—The University of Oregon and the University of Utah will meet tonight in the fifth annual debate between the two institutions. The question is "The Recall of Judges," the same subject which is under discussion in Washington, Oregon and Stanford in the Pacific Coast Debating League. J. Earl Jones of Newberg and Peter Crockett of Pendleton will uphold the affirmative side of the question for Oregon, while Hamilton and Gardner, of the University of Utah, will argue the negative. Mr. Jones of the Oregon team has the honor of being the first student from the engineering department to make good in debate.

Early this week Peter Crockett suffered a severe injury to his knee and it was announced that he would be unable to compete and that Leon Ray would take his place. Crockett will appear, however.

Of the four debates which have been held between Oregon and Utah, each school has two victories to its credit. In 1907 Francis Galloway and John Vest won for Oregon at Salt Lake. The next contest was in 1909 and Oregon, championed by Tom Townsend and Earl Kilpatrick, went down to defeat. In 1910 Percy Collier and Carleton Spencer won for Oregon at Eugene, while last year Utah administered the only defeat of the season to Leon Ray and Howard Zimmerman.

### New Professor Comes.

(Special to The Journal.)  
University of Oregon, Eugene, Or., Feb. 23.—On account of the continued illness of Professor Charles J. C. Bennett, head of the department of psychology at the University of Oregon, arrangements have been made for the substitution of Professor George Rebeck, of the University of Michigan. Professor Rebeck for eight years held the chair of psychology and pedagogy at Michigan, where he was very popular with the students. He resigned on account of ill health and since has been farming in the Rogue river valley.

### So Tired of Tired Feet! Use TIZ

Gets the Tired Out in a Few Minutes Makes Your Feet Sore-Proof

"O fudge! It's awful how tired feet make you feel tired all over—so dead tired. Then, when you've got a corn besides, and a bunion, and a few blisters, and your feet are terribly swollen, you don't care if you've got a million dollars—you're tired, that's all. A million dollars can't help you, any more than 25 cents will."

A quarter buys a box of TIZ—a wonder for tired, sore, tender, chafed, blistered, swollen, sweaty, lamely feet, corns, callouses and bunions, chilblains and frostbite. The moment you use it, you give a sigh of relief, and then you smile. There's nothing as good as TIZ, so don't accept any other imitation.

TIZ draws out all the poisonous exudations that make foot troubles. TIZ, 25 cents a box, sold everywhere or sent direct, on receipt of price, by Walter Luther Dodge & Co., Chicago, Ill. Recommended by all drug stores, department and general stores.
