Straight MEN'S DISORDERS By C. K. Holsman, M. D., The Leading Specialist

I am an expert specialist, treating ailments of men ex-clusively. I own my office and equipment, publish my true photograph and personally supervise the treatment of all patients from the time they come to me until they are discharged as cured. Although my time is fully oc-cupied from early morn until late at night in looking after the wants of my patients, and in administering my special treatment for Blood Poison and Varicose Veins, I always take pleasure in consulting with new patients.

In offering my services to the afflicted I am giving you the BEST that can be had anywhere. My reputation and experience for the past 18 years can leave no doubt as to my ability, honesty and integrity and should be sufficient to convince the most skeptical that I am the FOREMOST and LEADING Specialist in Pirtland. I possess skill and experience acquired in such a way that no other can share it and should not be classed with inexperienced doctors or receled that

C. K. Holsman, M. D.

A thorough investigation should be made by svery ailing man as to the specialist he consults. Duty and destiny to self and those who depend upon you demand the best medical attention. I have the ability and can give you this service. I have always charged a very reasonable fee, so that my services may be obtained by any man who sincerely desires to be cured. I make no misleading statements, false promises or unbusinesslike propositions. I would like to have you for a patient if you will come to me on a strictly professional basis, accepting inducements that I offer, which are my ability, 18 years' successful experience, time-saving treatment and oure of certain diseases.

VARICOSE VEINS.

I daily demonstrate that these conditions can be cured in nearly all cases by one treatment in such a satisfactory way that the organs are preserved and strengthened, pain ceases, swelling subsides, a healthy circulation is rapidly reestablished, instead of the depressing conditions. I guarantee you a cure to stay cured or refund the money.

KIDNEY AND BLADDER DIS—EASES.

With these diseases you may have more complications than are presented by any other diseased organ. By my searching illumination of the bladder I determine accurately the disease and by microscopic examination and urinalysis I make doubly sure the condition of the kidneys, thus laying foundations for scientific treatment.

SPECIFIC BLOOD POISON. VARICOSE VEINS.

it by methods that have been in constant use and have always failed for half a century. They dose the system with powerful stimulants and tonics, calculated to restore nervous force or strength that is not and never has been lacking, with the result that the functions are temporarily excited to the positive defriment of the patient. Weakness is only a symptom resulting from many local conditions and is curable, by local treatment only, without the giving of a single internal dose, which demonstrates the absolute accuracy of my understanding and treatment of this disorder. In years I have not met with a single failure and I have entire confidence in my ability to cure all cases that come to me for treatment. I am equally certain that no treatment other than that which I have perfected can completely and permanently restore strength and vigor.

thus laying foundations for scientific treatment.

SPECIFIC RLOOD POISON.
Scientific treatment only should be used in combatting this loathsome disease. I cure Blood Poison by the new German Remedy which I introduce directly into the blood, purifying it, neutralizing it and expelling poisen from the system. New blood thus formed supplies and rebuilds the tissues in such a way that the patient recovers his normal state of health, strength and soundness.

MY DIRECT TREATMENT FOR WEAKNESS.

That disorder commonly known as weakness has for years and generations baffled the efforts of physicians, yet to this very day a majority of doctors, specialists not excepted, are attempting to everoome.

I treat all Ailments of Men and cure to stay cured OFFER FREE CONSULTATION AND EXAMINATION I invite you to some to my office.
