The News of Sunday and Sunday Night

Resume of Yesterday's Events Briefly Paragraphed for the Entertainment of the Busy Reader.

Political.

Walla Walla as the place and May 4 as the date have been chosen for the Democratic state convention by the Democratic state committee which met at Seattle Saturday.

W. D. Edmondson of Sumpter, Or., has been appointed entomologist in the department of agriculture at Washington.

Among the many visitors to Colonel Roosevelt at his Oyster Bay home Sunday was Medill McCormick, who is managing the Roosevelt publicity bureau at Washington. McCormick assured the ex-president that the campaign was progressing satisfactorily, and there was no longer any doubt of his nomination.

Twenty-four of the 49 counties in Iowa that have held Republican conventions have decided upon solid Taft delegations to the state convention at Cedar Rapids April 24. Eight counties have named Cummins delegations, one instructed for Roosevelt, and the remainder will go uncommitted.

Clark Democrats met at their headquarters in San Francisco Sunday and selected a list of 26 delegates to the national convention, which will be submitted to the voters of the state at the presidential preference primaries on May 14.

Eastern.

As the result of a theatrical romance, Frixie Frigana, the comedienne, became the bride of Charles A. Gostler, a theatrical manager, at New York Sunday. Miss Frigana herself obtained the marriage license, giving her maiden name as Catherine O'Callahan, her age 40, and her birthplace Ireland.

Talbot Williams, editor of the Philadelphia Press, has been appointed head of the Pulitzer School of Journalism at Columbia university. Associated with Mr. Williams in the directorship of the school, will be John W. Cunliffe, now head of the English department in the University of Wisconsin.

Miss Ruth Peesey, 19 years old, a Northwestern University co-ed, popular society debutante and heiress, was found dead from the effects of chloroform which she inhaled at the home of her

THETA LAMBDA PHI ENTERS PORTLAND

Widely Known Law Fraternity Will Grant Charter to Oregon School.

(Special to The Journal.)
 University of California, Berkeley, Cal., March 11.—The Theta Lambda Phi college law fraternity, which has chapters in the leading law schools of the east, plans to install a chapter in the Portland law school in the near future. The petition from the Portland law school for a charter is now under consideration by the national senate of the fraternity, and the charter will be granted in all probability at an early date. The mother chapter of the fraternity is at Cornell university. There are chapters of Theta Lambda Phi at Cornell, Dickinson university, University of Georgia, Detroit college of law, University of Tennessee, New York law school, Western Reserve university, Chattanooga college of law, Washington and Lee university, Ohio Northern university, University of Pennsylvania, Union college and Georgetown university. Chapters are rapidly being established in other law schools and universities throughout the country.

The policy of the fraternity in the past has been to confine itself to colleges east of the Rockies, but so many applications were received from colleges on the Pacific coast that the sectional policy was done away with, and chapters will be established in the five leading law schools of the Pacific coast—the Portland law school, University of Washington law school, the law school of Stanford university, the law school of the University of California, and the law school of the University of Southern California at Los Angeles.

The chapter of the Portland law school will be named after one of Portland's legal lights, in accordance with the custom of the fraternity.

BACHELOR NOBLEMAN ASSERTS CALIFORNIA WOMEN PRETTIEST

Los Angeles, March 11.—California women are the most beautiful in the world, assert Count de Reinach Cessac-Pierre, who is in Los Angeles today. The count, a French nobleman, declares he knows whereof he speaks when he praises the women of the Golden State.

"The complexions of these women are of a golden glow," he said. "The long holiday which the women of the world enjoy are unshared. They have charm of manner and poise."

"You would be astounding in the health," he comes of out-door life. "I feel that they are the most beautiful in the world."

The count denied that he came to America in search of a wife.

BURNS CHURCH WILL SUPPORT OWN PASTOR

(Special to The Journal.)
 Burns, Or., March 11.—The Burns Presbyterian church, since its organization in 1898, has received financial support from the home mission board with the understanding that the pastor would devote part of his time to the county as a whole. The local church has decided to maintain self support and have services every Sunday and to retain the Rev. Dr. Babbidge, who came here last August as pastor.

The Grand Ronde presbytery will meet at Baker in April and the home mission board will be released from further support of the Burns church and an effort will be made to obtain enlarged support for a field worker for the county and to send a minister into the interior at once. The territory is so large—about 20 points where services should be held—and now being platted, that the need of the field is important. At present there are only three ministers giving the religious work their attention.

TOLEDO'S MAIN STREET TO BE PAVED SOON

Toledo, Or., March 11.—The city council has appointed a committee of five to take up the matter of paving the main street of Toledo. This street is the main thoroughfare of the city and the council is to use a hard surface pavement. The work will be completed during the summer.

FOREST GROVE WILL HAVE MUCH BUILDING

Forest Grove, Or., March 11.—New business houses and residences, comprising those which are under construction and those under contemplation for immediate construction, will run above the hundred thousand dollar mark.

Besides the \$10,000 station which the Southern Pacific Railway company will erect at the corner of Main street and First avenue for its new electric line through the city, the following business men will build: Schults Pure Food Market and Grocery, two story brick and tile building at the corner of First street and Pacific avenue; Dr. Nixon, brick business block on Main street; Haskell Ferrin, corrugated iron machine shop on Main street; Haines & Thornburgh, brick block on Main street.

Among the residences being erected are: "Two story cottage by Will Addler, bungalow by Mrs. Winnifred Aldrich, Mrs. Georgia Gughes, John Ireland and J. E. Loomis will erect fine residences at once.

To meet the demand for building material the Forest Grove Planing Mill company has placed an order for 15 carloads of lumber with a Portland firm for immediate delivery. That Forest Grove is a good town for the sale of building material is evidenced by the fact that a new lumber firm, the Willis-Place Lumber company, has opened offices and built lumber sheds here, making three lumber yards for the town.

SPECTACULAR SUICIDE ENDS LIFE OF CURRAN

New York, March 11.—Reduced from affluence to pauper because of inability to fight the combination of commission merchants, his sight slowly leaving him, and afflicted with a permanent mangled eye as the result of a sunstroke last summer, Thomas Curran, aged 65, killed himself. In sight of many women and children, several of whom fainted, Curran climbed out on the fire escape of the fourth story of a fashionable apartment house on Park avenue, and threw himself to the pavement.

MAN LOST AMBITION

It seemed strange to so active and energetic a young man as Arthur H. Scott of Brooklyn that he did not attack his work with the usual enthusiasm last spring.

He knew it was not "spring fever" for his health failed and, to use his own words in a recent letter, "I could not sleep, had no energy or ambition and could not do my work properly."

"I must say that Vinol has done me wonderful good for I feel strong and ambitious again, just like I used to before my health failed. I rest well at night, have a good appetite and no more nervousness, all because I took your excellent tonic, Vinol."

One reason Mr. Scott was willing to try Vinol was because he knew he could get his money back if Vinol did not benefit him. This delicious cod liver and iron remedy without oil, positively has no equal as a spring medicine, to enrich the blood and make weak, worn-out men, women and children, rugged, rosy and strong. We guarantee it to do this, and give back your money if it does not. Woodard, Clarke & Co., druggists, Portland, Or.

CLACKAMAS SCHOOLS TO HAVE TEN FAIRS

(Salem Bureau of The Journal.)
 Salem, Or., March 11.—One of the most promising county organizations of the agricultural and industrial contest movements launched by the State Bankers' association is that perfected in Clackamas county by Superintendent Gary and M. C. Maris, one of the field organizers, according to State Contest Manager C. C. Thomason, who spent Friday in the schools of Oregon City, Willamette, Gladstone and Park Place.

Local fairs for the schools will be held the last week in August at 10 central points—Oregon City, Milwaukie, Oswego, Willamette, Canby, Molalla, Clarks, Logan, Estacada and Sandy. For each of these local school fairs one local supervisor has been appointed. In the above order these supervisors are: George Randall, Mrs. Shirley Buck, Mrs. Besale E. Pettinger, Mrs. M. E. Young, C. F. Romig, W. W. Eberhart, J. J. Gard, Howard James and Mrs. Nina Miller.

Following the state fair a general county fair will be held at Canby. From each of the above 10 districts the winner among the school pupils will be given a trip to the state fair by the Oregon City Commercial club. An additional stimulus for the schools cash prizes ranging from \$25 down to \$3, with merchandise interspersed, are offered in the local and the county fairs.

AN HONEST DEPENDABLE MEDICINE

is Lydia E. Pinkham's Vegetable Compound. A Root and Herb medicine originated nearly forty years ago by Lydia E. Pinkham of Lynn, Mass., for controlling female ills.

Its wonderful success in this line has made it the safest and most dependable medicine of the age for women and no woman suffering from female ills does herself justice who does not give it a trial.

Bald Heads Not Wanted

Baldness is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to employ men over thirty-five years of age as new employees.

Almost 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head unless the roots of the hair are entirely dead, their follicles closed and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness, to try our "38" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected and we exact no obligation from the user whatever.

We are established right here where you live, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer except that we are certain that we can substantiate it in every particular. Rexall "38" Hair Tonic comes in two sizes, 50 cents and \$1.00. Sold only by The Owl Drug Co. Stores in Portland, Seattle, Spokane, San Francisco, Oakland, Los Angeles and Sacramento.
