

EARTH EDUCATION PLAN BULLETINS ARE NOW READY

Eight Thousand Copies Have Been Received From State Superintendent's Office, for Distribution; Prize List.

Eight thousand copies of the earth education bulletin written for the garden contest work of Portland and Oregon by Professor R. D. Hetzel, director of the extension department of Oregon Agricultural college, have been sent from the office of L. R. Alderman, state superintendent of schools, to Superintendent Frank Riegler of the Portland schools.

They will be distributed among the boys and girls of the 52 Portland schools that have organized each a garden contest society and have entered in the prize competition that is to end with an all-city exhibit, June 15. The bulletin containing the prize list for the state contest which is to culminate with a state-wide exhibit in connection with the state fair. It will have inserted in it, before distribution in Portland, the prize list for Portland.

State-Wide Contest.
The boys and girls of Oregon have started a state-wide contest to determine who is best in doing the things that count," said Professor Hetzel, in outlining the plan for industrial education throughout the state.

"This is going to be a harder fought contest and one that will attract more attention than any that has ever been carried on by the young people of this state. This great contest will enlist the best efforts of thousands of the brightest and strongest boys and girls in this commonwealth. It is a contest that is far more important and will be far more interesting than any series of athletic contests ever held, because it is a fight to determine who can do the best work in the things that the world is demanding. The greatest problem of today before the American people is to improve the homes and make the shops and the farms more productive. Boys and girls who excel in doing these things are the ones who will be considered the successful boys and girls of today, and who will be the successful men and women of tomorrow.

"The people of the state are so much interested in these contests that they are offering splendid prizes to the boys and girls who can prove that they are the leaders in this great field. You will be surprised to find how much interest the people of the state will take in you if you prove that you are among the best of those who are working for better homes, better farms, and more and better products for Oregon.

Cooperation Asked.
"We will be watching your efforts, and will expect to see you exhibit at your county fair, and also at the state fair. We want you to help us make these contests the greatest things that have ever been done in the state. We want you to help us prove that you have brains, strength and courage. Will you do it?"

"Boys and girls living in the city should be as keenly interested in this work as are the country boys and girls. They will be able to enter as large a proportion of these contests as will the others. Thousands of back yards and vacant lots now useless and unsightly can be converted into neat, well-kept poultry yards, or beautiful and profitable gardens. Woodwork, cooking and sewing can be done to good advantage in the city homes as on the farm. We would like to see you prove that you are as able to do things that count as are the boys and girls of the rural districts.

TUFTS OF PORTLAND MAKES HONOR SOCIETY

(Special to The Journal.)
Berkeley, Cal., March 11.—Among the 17 undergraduates elected to membership in the Phi Beta Kappa National College Honor society, in recognition of superior scholarship was W. E. Tufts of Portland, Or. Tufts prepared for college in Portland, and since coming here has been prominent in campus affairs. He is a member of the Economic club and is regimental adjutant of the university cadets, also president of the Portland club at the university and one of the founders of the organization. Tufts is a member of the senior class and registers in the college of commerce.

Election to Phi Beta Kappa is one of the greatest honors that can be conferred upon an undergraduate. It indicates that the student has made good marks throughout his four years. Phi Beta Kappa is the oldest college Greek letter society in America, having been founded at the University of Virginia in 1826. Of the 17 elected, nine were men and eight were women. This is the first time in years the number of men has exceeded the number of women.

PARDON SOUGHT FOR HENDRICKS

Hawk, Whose Story Convicted Him, Now Swears He Was Sweated Into It.

(Special to The Journal.)
Fossil, Or., March 11.—In a petition to be circulated in every county in Oregon and thereafter to be forwarded to President Taft, pardon is asked for Hamilton H. Hendricks, who in 1906 was indicted and convicted of subornation of perjury, charged to have been committed by asking Will Hawk to testify falsely regarding Hawk's homestead proof. This is an echo of the Wheeler county land fraud cases, which for weeks occupied the federal court floor in Portland during the Lewis and Clark fair days and in 1906.

The basis for the petition is a confession by Hawk, a sworn copy of which is attached to each petition, that Hendricks instead of asking him to swear falsely regarding his homestead proof in reality asked him to tell the truth. Hawk explains his alleged perjury before the grand jury by saying he was threatened with all kinds of penalties if he did not come through with testimony concerning Mr. Hendricks. The affidavit was sworn before W. H. Scott, notary public at Crawfordsville, Or.

The petition recites that legal voters of Fossil and vicinity have been unanimous in signing the petition. Hendricks was indicted in February, 1905, convicted in August, 1906, sentenced in April, 1907. Sentence was deferred that he might testify in another case. The petition recites his good reputation and says action looking to secure the pardon was taken before Hawk signed the affidavit.

TRADE LESS, WORK MORE, SAYS SMITH

Summer Fallows Are Waste, Is Another Shook for the Sherman Farmers.

(Special to The Journal.)
Moro, Or., March 11.—A meeting of farmers at the opera house was addressed by Agriculturist G. I. Smith of the O-W. R. & N. railway Saturday afternoon. He made his audience sit up when he asserted that in five years it would be proven that summer fallowing was a waste of labor and not necessary. He made his audience sit up when he asserted that in five years it would be proven that summer fallowing was a waste of labor and not necessary. He made his audience sit up when he asserted that in five years it would be proven that summer fallowing was a waste of labor and not necessary.

"Stealing worse than DRINK OR HOP HABIT"
New York, March 11.—"It doesn't pay to be wrong, Judge. I've tried it these many years and I know," said 65-year-old Timothy Golden in court as he asked to be sent away so that he might die in prison.

Timothy, once a noted crook, No. 1 in the rogues' gallery, now down and out and a physical wreck, had just admitted stealing again, this time from John D. Rockefeller Jr.
"Stealing is worse than the drink or hop habit," the old man continued. "There is no hope for you once you have done time. Anyway, I am happier there and I want a long sentence."

BUSINESS MEN'S TICKET CARRIES NYSSA STRAIGHT

Nyssa, Or., March 11.—Nyssa officers elected at the annual election last week have qualified. The election was a surprise to all, for the business men's ticket carried straight. The following are the men elected: Robert Van Glines, mayor; R. T. Francis, G. Phillips, S. F. Foster and Charles Bean, councilmen; M. E. Sharp, recorder; J. J. Sarazin, treasurer.

WORK OF REVENUE SERVICE IS MADE HARDER BY PACT

Owing to Necessity of Patrolling Northern Seas, Cutters Will Be Sent Earlier to Their Summer Stations.

(Washington Bureau of The Journal.)
Washington, D. C., March 11.—Owing to the necessity of patrolling the northern seas more closely since the sealing treaty went into effect, revenue cutters will leave earlier than usual for their summer stations. They will be in command of one of the six senior cutters, whose name will be announced later.

The Tahoma, now at Astoria, will proceed to Seattle, where necessary repairs will be made to her machinery preparatory to her taking up her duties in the Bering sea. The Rush and McCullough will be ready at Juneau on April 1 to cruise in the north Pacific and later in the Bering sea. The Manning, now being repaired at Alameda, will sail for a cruise to the Arctic. The senior captain in command will be stationed ashore at Ouzalska.

Clark to Report April 1.

(Washington Bureau of The Journal.)
Washington, D. C., March 11.—Elmer W. Clark, the quartermaster assigned to the Twenty-first infantry, will report April 1 at Vancouver barracks for duty, pending the arrival of his regiment.

LABOR WARRING AGAINST IMMIGRATION MEASURE

(Washington Bureau of The Journal.)
Washington, D. C., March 11.—Senator Bourne has had his attention called to the fact that officials of the American Federation of Labor are much stirred up over the fact that, as they are convinced, the senate is in danger of passing the general immigration bill which is pending there, and passing it in such form as to let down the bars to the admission of Chinese laborers into the United States.

COUNTRESS COMES OVER FROM ALBION TO TEACH US ABOUT SOCIALISM

(Continued from Page One.)
ready for Socialism in America, but you are nearer—nearer—revolution."
Founds Trade Schools.
The Countess of Warwick has caused considerable gossip by founding various technical schools, horticultural and agricultural schools, schools for needlework and domestic science, etc., for the women on her estates, with a view of making them self-supporting. Her efforts have been crowned with remarkable success and after a few years the countess found it necessary to extend the scope of her schools and find additional markets for the work produced by the Warwick women. The study of economics led the countess to that of Socialism and soon she became the most enthusiastic Socialist in England.

PRIMARY PAMPHLET GETS ONLY BOOSTS

No Opposing Arguments Likely to Be Filed, Time Limit Expiring Tonight.

(Special to The Journal.)
Salem, Or., March 11.—It is probable the voters' campaign pamphlet will be without arguments against any candidate this year. Today is the last day for filing opposing arguments, and at noon none had been filed. Fifty-five candidates have qualified to use space in the pamphlet. These have until next Sunday to file arguments in their favor.

Five Democrats, the number the party is entitled to, have filed for presidential electors. The names filed by Bert Haney of Portland are as follows: Will M. Peterson of Pendleton; D. M. Watson of Portland; Hugh McLain of Marshfield; John M. Wall of Hillsboro, and F. C. Whitten of Portland.

But one filing has been made for Republican presidential elector, namely, M. J. MacMahon of Portland. Others filing today were Daniel Boyd of Enterprise for Republican delegate to the national convention, and Leon R. Edmundson of Eugene, Democratic candidate for delegate to national convention.

With signers on his petition from every county in the state except Curry and Lake, Ben Selling of Portland headed the list Saturday afternoon when he filed his petition for the Republican nomination for United States senator. His petition has 5918 names attached, representing 379 precincts. The next largest petition was filed by Senator Jonathan Bourne, who has over 4000 names. Third in the list is the petition for President William H. Taft, which has 3499 signers.

Outside of Multnomah county, which furnished Selling with 2051 names, the largest numbers of names for the Selling petition were secured in Marion, Linn, Coos and Umatilla counties. In Marion county 304 registered voters signed the petition, in Linn 242, in Coos 211 and in Umatilla 206.

In other counties the petition was signed as follows: Baker 135, Benton 124, Clatsop 110, Clackamas 131, Columbia 141, Crook 13, Douglas 121, Gilliam 51, Grant 56, Hood River 108, Harney 32, Jackson 190, Josephine 61, Klamath 23, Lane 138, Lincoln 85, Malheur 75, Morrow 29, Polk 138, Sherman 75, Tillamook 45, Union 136, Wallowa 38, Wasco 99, Washington 191, Wheeler 29, Yamhill 101.

Thomas R. Campbell of Cottage Grove, Republican, filed his completed petition for railroad commissioner of the First district yesterday afternoon. He is the only candidate of either party to file for this office. Completed petitions were also filed by Herman Wise of Astoria, Frederick V. Holman and John H. Stevenson of Portland, all three candidates for delegate to the Democratic national convention, and Clyde B. Atchison of Portland, Republican candidate for railroad commissioner for the Second district.

16 INCH GUN TO THROW PROJECTILE 14 MILES

(United Press Leased Wire.)
Washington, March 11.—Plans for a 16 inch gun that will hurl a 2000 pound shell and penetrate armor at 14 miles, the most gigantic and powerful piece of ordnance yet contrived, are now complete in the office of Rear Admiral N. C. Twining, chief of the bureau of ordnance. A 16 inch gun was constructed for coast defense and tested at Sandy Hook but it proved a failure. All of its defects have been remedied in the new gun, which experts are firmly convinced will revolutionize naval warfare.

FREEWATER FARMERS TO GET ELECTRIC POWER

(Special to The Journal.)
Freewater, Or., March 11.—Manager C. S. Walters of the Pacific Power & Light Co. has announced that 15 miles of power line will be constructed and contracts have been signed for 100 horsepower by the ranchers along the new line, which will start at the west end of Freewater and run northward a few miles to Vincent, and from there to Meador Park.
