

MULTNOMAH HAS 32 CANDIDATES FOR LEGISLATURE

All Who Have Filed Are Republicans; Lawyers and Real Estate Men Ones With Aspirations.

Thirty-two candidates for the state legislature have thus far appeared in Multnomah county, from among whom the voters in April will choose 12 candidates for representatives and five for state senators.

All of the candidates who have filed are Republicans. While several Democrats have stated they would run, no declarations of candidates have been officially launched, and the reckoning here given deals only with the Republicans who are taking the necessary steps to have their names placed on the ballot.

Of 12 candidates for five seats in the state senate, four are lawyers and four are in the real estate business. Out of 20 candidates for the house of representatives, 10 are lawyers and two are in the real estate business.

For the State Senate: Dan Kellner, incumbent, grocer, 474 Clackamas. Robert S. Farrell, ex-representative, commission business, 705 Lovejoy.

For Representatives: John H. Nolte, real estate, 1165 Haight avenue. Conrad E. Olson, lawyer, 25 East Fifty-second, north.

CONTEST BRINGS MINDS OF CHILDREN TO EARTH

Salem, Or., March 14.—An illustration of the intense interest aroused among the children of the state in the industrial contests being promoted in connection with the schools, is shown in a letter received yesterday by State Superintendent L. R. Alderman from Helen Baird of Dallas.

"Mamma gave me about one fifth of an acre of ground. I expect to put it all into potatoes. On Christmas I had 25 given me, with which I had it plowed about two months ago. I have harvested it twice. Tomorrow I will get it plowed again. This is the first time the ground has ever been cultivated."

"I expect to put up a board fence myself. It will keep the cows and horses off, and the chickens can't hurt the potatoes. I expect to raise other things for the fall, but I will put them into mamma's garden."

CARVER GIRL'S FATHER RETAINS EARL ROGERS

Los Angeles, March 14.—Earl Rogers, counsel for Clarence Barrow, connected with the defense in the so-called graft trials in San Francisco some years ago, will defend Viola Carver, the girl who shot and killed J. Edwin Edge, according to an announcement here today.

Rogers has been retained by telegram from the girl's father, John Carver, of Tacoma, who is hastening to his daughter.

Miss Carver, says her physician, Dr. W. H. Horton, does not yet realize the enormity of the crime with which she may be charged. She sits calmly in her cell, apparently enjoying the enforced rest of imprisonment.

LACK OF AMMUNITION MAY STOP INSURRECTOS

Eagle Pass, Texas, March 14.—Lack of ammunition may prevent the clash at Terreon between the rebels and government troops. A report here from Terreon says the rebels have stopped at Jiminez because of an insufficient supply of ammunition and are seriously considering turning back.

CANADIAN PACIFIC Railway Moves.

On Saturday, March 16, the passenger and freight departments of the Canadian Pacific will move to their new quarters, corner Third and Pine (Multnomah Hotel Bldg.).

POTATO PUSHES WAY THROUGH TREE ROOT

Hillsboro, Or., March 14.—J. W. Gates, a farmer near Hillsboro, has a remarkable potato freak which is as great a riddle to many persons as the old fashioned potato in a bottle.

The seed potato became covered by a loose root through which was a hole about an inch in diameter. The potato grew through this hole and is of average size except the portion in the hole.

HOME MADE PRODUCTS SHOW AT ALBANY, PLAN

Albany, Or., March 14.—The Albany Commercial club has decided that a manufacturers' exposition of articles made in Albany be held at the Armory within the next two or three weeks.

It was agreed at the meeting that every factory and mill in the city and county be included and that they furnish an exhibit of products. The exposition will continue for three days.

ARTILLERY INSTRUCTOR ESTABLISHED AT EUGENE

Eugene, Or., March 14.—Captain Robert W. Collins of the United States army, who has been detailed by the war department to instruct and inspect the coast artillery corps of the Oregon National Guard, arrived in Eugene yesterday afternoon with his family and will make his home in this city, having been ordered to make Eugene his headquarters.

Leprosy in London.

London, March 14.—There are 20 cases of leprosy in London, according to the latest report of the local government board.

To Properly Treat Obstinate Wrinkles

"Particularly where wrinkles are long and deep, the massage devotees is apt to rub too hard and too frequently," says Dr. Limoges. "This loosens the skin, causes muscles to sag, aggravates the wrinkled condition—just the opposite result from that sought."

"Better than massage, or anything else, for the most obstinate wrinkles as well as the finest lines, is a formula well known in France, which you may readily avail yourselves of, as you will have no difficulty procuring the constituents from your druggists. It is this: One ounce powdered saxolite dissolved in one-half pint witch hazel. Bathe face, neck and hands in this. The effect is really marvelous, not only as to wrinkles, but also in cases of bumpy cheeks and chin. The application is cooling, soothing, tending to relieve fatigue and insomnia."

Eye Time Is Now

Many eyes are weaker during the summer than at any other time. Now is the time to fortify yourself from eye trouble. Give them the best expert attention by visiting the

Columbian Optical Co. 145 SIXTH ST.

Kohler & Chase 375 WASHINGTON.

'EXCISE TAX' BILL DESIGNED TO TAKE 'SUGAR TAX' PLACE

House Democratic Ways and Means Committee Presents Measure to Supply Revenue Lost if Free Sugar Listed.

Washington, March 14.—Designed to supply the \$33,000,000 revenue lost if the free sugar bill passes, the house Democratic ways and means committee today presented an "excise tax" bill.

The report says that the tax proposed is not an income tax and therefore will not be affected by the supreme court decision. An income tax would be favored, says the report, were it not for the doubt as to its constitutionality.

As an argument to show that the bill is not providing for an income tax, the report says that the proposed excise tax is "merely an extension of the corporation tax law to individuals, firms and co-partnerships."

Further the report says: "The term 'business' embraces everything about which a person can be employed. It allows to escape few whose earnings exceed \$1000 annually. A person having an income under \$5000 pays nothing; a person whose business earns \$10,000 pays no tax on the first \$5000 and on the second \$5000 only \$50 annually."

HAL M'CLINTOCK, DUFUR, DIES OF HEART FAILURE

Dufur, Or., March 14.—Hal R. McClintock, head clerk in Johnson's department store here, died very suddenly at 1 o'clock this morning, the cause being heart failure.

Mr. McClintock was a native of New Brunswick but had lived in Dufur the past seven years, being employed in the one place the greater time. He was a member of the local lodge of Masons and of The Dalles lodge of Elks. His father and mother, also a brother and two sisters reside in Portland. His wife and one sister living in Dufur and a brother living in New Brunswick. The funeral will be held here tomorrow afternoon, the services being conducted by the Masons.

NO BEDROCK YET FOUND FOR WHITE SALMON DAM

Bingen, Wash., March 14.—Stone & Webster, the Seattle contractors who are building a dam on the White Salmon river, five miles north of Underwood, for the Northwestern Power company, have been compelled to move half a mile north, being unable to find bedrock. They drove a tunnel 150 feet long back from the river, but were unable to find anything but gravel. They have been at work there for almost a month and the search for bedrock is proving very costly.

Bingen Box Plant Opens.

Bingen, Wash., March 14.—The Bingen box factory started work for the season this morning. It will at first turn out some rush orders for different kinds of boxes and will then run on strawberry boxes, having orders enough to keep them going for a long time. Last year this company ran both a night and day crew during the strawberry and apple season.

RUPTURE

Seeley, Who Fitted Czar of Russia, Called to Portland

F. H. Seeley of Chicago and Philadelphia is now at the Multnomah hotel and will remain in this city Friday, Saturday, Sunday and Monday. He says: "The Spermatic Shield Truss as fitted to the Czar of Russia and now used and approved by the United States government, will not only retain any case of Hernia perfectly, affording immediate and complete relief, but closes the orifice, or fit them if desired."

Rupture is not a breach or tear in the abdominal wall, as ignorantly supposed—therefore nothing to knit or heal. But rupture is the dilation or stretching of a natural opening—therefore subject to closure by stimulation.

HOGAN TO BE AD'S FIRST OPPONENT

New York, March 14.—"One Round" Hogan of San Francisco is the man Ad Wolgast has selected as his first opponent since he was knocked out by "Kid Appendix" New York fans who witnessed last night's tussle between Hogan and Lesch Cross agreed that the lightweight champion could not have selected a truer quinner. They contend that Hogan is lacking in everything necessary to make a fighter—gameness, cleverness and aggressiveness. It is admitted that Hogan has a fair wallop, but it is pointed out that he is too awkward to bring it over.

Lost in Blizzard.

Alhambra, Cal., March 14.—A searching party left Alhambra early today to search for James Wilson and William Warren, who are believed to be lost in a blizzard that is raging in the mountains near Elizabeth lake.

When an old man dies and his relatives say that he is better off the chances are that he is.
