

OREGON MAY GET FIRE MARSHAL LAW

Credit Men to Work for the Measure—To Cooperate With Commercial Club.

(Special to The Journal.)
Oregon City, Ore., March 21.—Members of the committees which cooperate with officials of the Portland Railway, Light & Power company last night in regard to reducing the rates to this city and intermediate points, declared today that important concessions probably would be made. The committees represented Oregon City, Canemah, Jennings Lodge and Gladstone, and the officials present were F. W. Hill, general manager; F. D. Hunt, traffic manager; F. T. Griffith, general attorney, and W. T. E. Buchanan, publicity agent. The meeting was harmonious and the railway promised to make a reply in a few days. It was decided that the station in Canemah should be moved from the park to the railroad crossing. The following rates were asked by the committee:

Between Oregon City and Portland, 15 cents cash fare, 25 cents round trip, and commutation rate of 10 cents, with the same fare covering Canemah, Green Point, Parkplace, Gladstone and Fern Ridge.
Between Gladstone, Parkplace and Greenpoint, 2 cent commutation rate.
Between Oregon City and Canemah, 3 cent commutation rate.
Canemah to be placed on the same traffic rate basis as Oregon City.
Between Oregon City and Green Point, Parkplace, Gladstone, Fern Ridge, Meldrum and Jennings Lodge, 5 cents cash fare.
Between Oregon City and Green Point, Parkplace and Gladstone, 3 cent commutation rate.
Between Portland and Jennings Lodge and Meldrum, cash fare of 10 cents and commutation rate of 9 cents.
Elimination of Canemah Park station and establishment of Canemah Crossing station, and operation of cars at night to the Canemah terminal.

2 DEPUTIES WERE SLAIN BY TORNOW PROBABLY MARCH 9

(Continued From Page One.)
before he is taken, is the candid opinion of the men who started out this morning.

Tornow left a sanitarium in Portland two years ago after several months' confinement for insanity. He bore a grudge against his relatives for this, which led to the killing of the Bauer boys. He has boasted that no man can take him alive. There is talk of sending the state militia into the woods to search for Tornow. A reward of \$5000 is expected to be named this afternoon.

McKenzie and Elmer probably walked into Tornow's hiding place and met death without knowing the fugitive was in the vicinity. The camp contained the remains of an elk, killed in violation of the game laws. The country in which he is hiding is so inaccessible and wild that elk still remain there. The slain animal was a female. Elk meat was found hidden near by.
Tornow had dragged the two deputies 10 or 15 yards and buried them in a shallow grave, over which the posse hunting McKenzie and Elmer chanced to walk. The soft earth made them suspicious and they dug.
Elmer lived in Hoquiam and has a family. McKenzie was a candidate for sheriff.

TEXAS RURAL CARRIER CANNOT CARRY GUN

San Antonio, Texas, March 21.—In affirming a county court opinion, the Texas court of criminal appeals has decided that a rural delivery mail carrier has not the right to carry a pistol. The court holds that a rural mail carrier is not an officer in any sense, under the exceptions to the "pistol totting" statute, but merely an employee of the federal postal department and does not come within the right to go armed given to a revenue or other civil officer engaged in the discharge of his duty.

Victim of Baby Carriage

Los Angeles, March 21.—Although he daily directs the courses of thousands of vehicles, Traffic Officer R. M. Green fell a victim to a baby carriage. To avoid being struck by a hurrying mother, he stepped in front of an automobile. He is in the hospital.

Lady Was Not Willing

Oxnard, Cal., March 21.—Without consulting the lady, George Brownlie, said to be a wealthy easterner, secured a license to wed Miss Stella McCormick. Between gasps and sobs Miss McCormick spoke her mind. Brownlie disappeared.

NEARLY MISSED HER CAREER AS SINGER

Miss Louise Gunning.

Miss Louise Gunning, who comes to the Heilig theatre this evening for an engagement of three nights, with a special matinee Saturday, in "The Balkan Princess," the musical play which ran the greater part of last season in New York, very nearly missed her career as a comic opera star, because her father was a Baptist minister, who had very strict ideas as to the eternal fitness of things. All of this happened in Boston, where Miss Gunning was born.
"I had a natural voice," says Miss Gunning, "and by and by I persuaded my father to allow me to sing in his choir. The next step—and a natural one—was to take part in church entertainments."
"My first engagement was in vaudeville. I made my own costumes and selected my own songs, most of them being Scotch."
"One night Charley Hoyt heard me sing and afterwards sent his card to my dressing room. He engaged me for a small part in one of his companies and this proved to be the entering wedge, for a short time afterwards I became leading woman with 'The Mandarin' company.
"After that followed pleasant engagements with De Wolf Hopper in 'Mr. Pickwick,' with Frank Daniels in 'The Office Boy,' and a joint starring tour with Louis Harrison in 'Veronique,' as well as an engagement with Mme. Schumann-Heink in 'Love's Lottery.' The season after that I had the leading feminine role in 'Tom Jones.' Then came a two-season starring tour in 'His Lady Luder's opera,' 'Marcelle,' and so on from church choir to the comic opera stage hasn't proved anything so dreadful after all."

GAY LAIRD OF SKIBO PICKS PRETTIEST GIRL IN WORLD

(United Press Leased Wire.)
Pittsburg, March 21.—To Miss Virginia Lee, a 20-year-old stenographer of this city, today belongs the distinction of being the prettiest girl in the world, at least in the judgment of Andrew Carnegie, the steel king. Carnegie obtained a photograph of the young lady from her father, and though he had never laid eyes on the original, he wrote on the back of the picture "Bonnie Virginia Lee, a prize for some lucky man—Andrew Carnegie," and sent it to a Pittsburg newspaper, saying that he had found the prettiest girl in the world.

JUNCTION PREPARES NOW FOR FOURTH OF JULY

(Special to The Journal.)
Junction City, Ore., March 21.—The Junction City Commercial club at its meeting this week decided to provide a big celebration for the Fourth of July and named a committee to begin at once soliciting funds for the special entertainments, getting \$500 as the amount to be raised. Since Eugene has announced there will be no public celebration there this year, Junction City will make an effort to provide an entertainment that will draw from the county seat. The club also voted its support to the cooperative creamery being started here.

SHOOTS DOWN MAN WHO STOLE WIFE

J. L. Walker, Carson, Wash., Traces Elopers to Town in California.

(United Press Leased Wire.)
Modesto, Cal., March 21.—Frank Warren Flint, a cleaner and dyer, who was shot down last night by J. L. Walker of Carson, Wash., is believed to be dying today. Sheriff Dingley has taken his dying statement to be used against Walker in the event of a murder trial. Flint arrived here last evening at 8 o'clock, and at 8:35 he was locked up on a charge of assault to murder.
"My wife, daughter and I lived together happily in Carson until Flint came to my home," says Walker. "He was a musician and my wife proposed that we board him for music lessons given my daughter. I didn't like the idea, but finally gave in.
"I soon noticed that Flint was buying presents for my little girl. I found with a sickening sensation that the child's affections were being drawn from me. Some weeks later I found Flint and my wife in a compromising position. I put him out of the house, but my wife and daughter eloped with him."
Walker wrote to Modesto officials, learned that Flint was living here with Walker's family, and promptly took a train for this city. He walked straight from the depot to Flint's home and when Flint answered the bell shot him down.

STRIPED BASS TO BE PLANTED IN COLUMBIA

(Washington Bureau of The Journal.)
Washington, D. C., March 21.—At the suggestion of John Gill of Portland, Senator Bourne has requested the bureau of fisheries to furnish striped bass for the Columbia river. He has been informed that some striped bass eggs will be collected in the Sacramento river and shipped to the Clackamas hatchery. Experience in the Sacramento has shown that striped bass is not an enemy of the salmon, but becomes a very valuable commercial fish.

Washington, March 21.—Senator Chamberlain, replying to the appeal of L. D. Mahon of the American Mining Congress, Portland, for support of the bill adding state mining schools, says he favors the idea and will advocate it. Mahon will campaign Oregon to stimulate the development of the state's mineral resources.

Washington, March 21.—Senator Chamberlain has been notified that a clerk has been appointed temporarily by the postoffice department to carry mail across the river at The Dalles, thus saving the haul via Portland.

RAIN DESTROYS TRAILS; ALLEN OUTLAWS SAFE

(United Press Leased Wire.)
Hillsville, Va., March 21.—Unable to get within striking distance of the Allen clan of outlaws, members of the pursuing posse who returned here today declared it will be weeks before the bandits are captured, if they are taken at all. The outlaws are familiar with

every creek in the mountain region, and owing to the heavy rains which have practically obliterated the trails, the posse so far has been unable to get near the supposed stronghold of the fugitives in Devil's Den.
Floyd Allen and his son, Victor, will be arraigned here next Tuesday on charges of murder for their part in the killings in Judge Mason's courtroom. The county prosecutor will assist any effort for a change of venue, and he plans to ask Governor Mann for a military guard during the progress of the trials.
