

GIRL'S BIRTH HITS ROYALISTS HARD

Bonapartist Activity, Running High of Late, Struck a Body Blow.

(United Press Special Wire.)
Brussels, March 21.—Bonapartists throughout France are in tears today as the result of the birth of a girl to Princess Clementine, wife of Prince Victor Napoleon here.
Bonapartist activity has been running with a high hand of late in the expectation of a prince, and had a son been born, Prince Victor would have had at his command an enormous campaign fund with which to further his pretensions to the throne. This fund would have included Princess Clementine's \$30,000,000 fortune, a \$23,000,000 bequest from the Empress Eugenie and \$1,900,000 from Prince Louis Napoleon. The arrival of the baby girl has struck a blow at Bonapartist hopes.

PATENT RECORDED 34 YEARS AFTER ENTRY

(Special to The Journal.)
Dayton, Wash., March 21.—That Uncle Sam's ways are sometimes slow is wonderfully illustrated in the record a few days ago filed with the county auditor here of a patent to 160 acres of Columbia county, land. Entry to this land was made in 1878 by Garrett Romaine, under the timber culture act. In some way the entry papers were pigeonholed at Washington, D. C., for several years. Meanwhile, the Northern Pacific railroad laid claim to it as new land, and before the claim of the railroad was set aside the timber laws had been repealed. In September, 1911, the United States issued a patent to the heirs of Garrett Romaine, and this patent has just been filed. The heirs were Fremo, John and Francis Romaine, sons of the original entryman, and the 160 acres has now been bought by Fremo Romaine from the other heirs. The land has been farmed for most of the 34 years and it is stated not less

MAN SEEN WEARING STRAW HAT—A SURE TOKEN OF SPRING

Though the robbers and the mendicants and the military store windows have been proclaiming the arrival of spring for many days and, though the almanac itself plainly states that because this is near year ending was officially on the job at 5 o'clock, Wednesday morning, March 20, it was not until this morning that confirmation was at hand.
Not even old man Hicks himself would dare dispute the authenticity of spring had he been in front of the Corbett building at 5:26 o'clock this morning, for standing there, oblivious of the covert glances that were cast his way, was a well-dressed man, smoking a cigarette, and WEARING A SAILOR STRAW HAT!
It was a daring, an audacious thing to do. Perhaps the attention of Andrew Carnegie will be called to the act of the unknown hero. It is conceded that a medal is coming to him.
Beautiful spring weather is reported all over the state. Yes, spring is here.

DANSEUSE PREFERS SINGLE BLESSEDNESS

Elsie Claire.

Single blessedness is better than married life for fair show folk, declares Miss Elsie Claire, who is appearing in "Various Times and Climes" at the Orpheum this week. The dainty danseuse says her heart is still whole and that she finds team work is all right on the stage, but that "each for himself" is better in real life. Miss Claire was born in Minneapolis, Minn., and moved with her parents to Los Angeles when she was 3 years old. Her father is G. D. Sanford, a prominent architect of Los Angeles. While circuiting over the Orpheum showshops she will appear for two weeks in the City of Angels, which she regards as her home town. This engagement at the Orpheum marks the third appearance of Miss Claire in Portland. Heretofore she appeared with Jack Moffett, the tall member of the trio, in songs, chatter and dancing. When she visited Portland last season her father accompanied her.
Charlie Mack, the newest and smallest member of the trio, was obtained by Miss Claire from the show of Lew Fields on Broadway. Mr. Fields has said that young Mack is one of the best buck-and-wing performers in vaudeville.

La Grande Business Men to Smoke.

(Special to The Journal.)
La Grande, Or., March 21.—Friday night of this week the La Grande Commercial club will arrange an informal smoker for its members when affairs of the club will be discussed and the result of a recent campaign for membership announced. The club directors divided themselves into two groups, headed by President P. S. Robinson and Director W. R. Jones. The losing side must pay for the smoker Friday night.

OWES 4 MILLIONS BUT CAN GET MORE

Eldest Son of German Iron King a Bankrupt, But Has Credit.

(United Press Special Wire.)
Berlin, March 21.—The eldest son of August Thyssen, the steel and iron manufacturer, who is known as King Thyssen, on account of his dominance in his line of business, is the sensation of Berlin today because of a dispute he is having about the inheritance his father would give him.
The father has offered the young man an annual income of \$30,000, on condition that he is not to receive any of the principal of the paternal estate.
Young Thyssen has refused to accept, and at present is confined in the Magdeburg fortress under sentence for dueling. He is airing his side of the case through the newspapers. His debts aggregate \$4,000,000, and a year ago he was declared a bankrupt. In spite of this fact, however, he is swamped with offers of people to loan him money in large sums, because of his chances of inheriting most of his father's fortune, estimated at from \$75,000,000 to \$100,000,000.

ATTORNEY GENERAL QUILTS HIS POST IN PORTO RICO

(United Press Special Wire.)
New York, March 21.—Attorney General Foster Brown of Porto Rico left for Washington today, where he will tender his resignation to President Taft. Brown will resume the practice of law at Chattanooga, Tenn.

Brings Beauty to Young and Old

The universal objection to a face powder is easily solved by the use of a fine lotion made by dissolving 4 ounces of aprunax in 1/2 pint witch hazel (or hot water) with 2 teaspoonfuls glycerine added. This wonderful beautifier is very beneficial to the skin, because it prevents chapping, removes that shiny, oily, sallow look and will add beauty to any complexion. It does not show off like off like powder and gives to the skin a wholesome, charming tone.

Keep the scalp clean, and beautiful hair will be the result. By shampooing with a teaspoonful of carbox dissolved in a cup of hot water, dandruff, dust and excess oil disappear immediately and the hair will be ever so lustrous, fluffy and healthy. This shampoo acts as a natural tonic to the scalp and prevents falling hair and scalp irritation.

Handsomely Furnished
Two and Three Room Apartments
Within Walking Distance of the West Side Business Center
"The Orlando"
20th and Washington Streets
New and strictly modern in every respect. Large, well lighted rooms, elegantly furnished and supplied with all modern conveniences, such as private telephones, hot and cold running water, electricity and gas, buffet kitchen, disappearing beds, elevators, etc.
