

# WILLIE'S PNEUMATIC HAT CAUSES A SENSATION

DEAR TOMMY: Mamma took me to a moving-picture show the other day, and a colored usher made her take her hat off. Then I made her a hat like this, and Papa was so tickled that he took us to the same show. Mamma waited until the usher started toward her and was just going to let the air out, when it blew up. You see, Papa had pumped it up too strong! Yours, etc., WILLIE
