

FOR PASSENGER LEGISLATION FOR THE PROMOTION OF IMPROVED HIGHWAYS OREGON

FOR PASSENGER LEGISLATION FOR THE PROMOTION OF IMPROVED HIGHWAYS OREGON

Drafts of Two Bills and Two Constitutional Amendments Prepared for Initiative Petitions That Electors May, at Next General Election, Decide Whether or Not the Legislative Machinery for Development Will Be Available.

The citizens of Oregon are asked by the harmony highway committee to criticize, comment on and suggest improvements in the four road bills produced by the majority of its members.

After a reasonable time, when suggestions have been received and profit by, the bills will be issued in the form of initiative petitions under the direction of the Oregon Association for Highway Improvement and signatures will be secured that the measures may be passed on by the voters of the state at the next general election.

The new bills are a revision, modification, and improvement of the measures produced by the state-wide committee. Several inaccuracies are corrected. The proposed bond issue by the state is limited to \$1,000,000 a year and the entire amount cannot exceed 2 per cent of the assessed valuation. The original measures proposed \$20,000,000 in state bonds, issued at the rate of \$2,000,000 a year for ten years, but no limit was placed on the amount of bonds that might be issued.

The text of the new bills which are now to be initiated are printed in order:

HIGHWAY COMMISSION AND FUND CREATED IN PROPOSED MEASURE

An act to provide for the construction of permanent roads; to create a state road board, and defining the duties and powers thereof; to create the office of state highway commissioner, and authorizing the governor to appoint to said office and fix the salary thereof, and defining the duties of the state highway commissioner; to create a state highway fund, and providing the method of its distribution and disbursement; to authorize the issue of bonds of the state of Oregon not in excess of one million dollars each year for the purpose of road construction, and pledging the credit of the state for the payment thereof; and to authorize the levy of taxes for the payment of the principal and interest of said bonds.

Be it enacted by the people of the state of Oregon: Section 1. The meaning of the words and phrases used in this act shall, unless inconsistent with the context, be as follows: "Road" shall mean permanent public road, and shall include bridge, culvert, viaduct or other like thing; "construct" shall include repair, maintain, improve or reconstruct; "construction" shall include repair, maintenance, improvement or other like work; "county court" shall mean the county court of the county in which the road mentioned in the context is situated, and shall include the county commissioners, or other constituted authorities in the county having control of road construction; "state highway commissioner" shall be synonymous with state highway engineer; a county shall be considered to "have raised money" for the purpose of road construction when money derived from county sources shall be in the county treasury and shall be available only for the purpose of road construction or shall have been spent for road construction; words importing the plural number may be applied in the plural.

Section 2. The state of Oregon, in order to provide funds for the construction of roads in the state, does hereby authorize the issuance of gold bonds bearing interest at the rate of 4 1/2 per cent per annum payable semi-annually, and to be issued at a rate of not to exceed one million dollars each year, and to run for the full term of 30 years from the dates of the respective issues thereof; and the state of Oregon does hereby hypothecate and pledge its credit to the payment of the principal and interest of said bonds in United States gold coin of the present standard of weight and fineness.

Section 3. There is hereby created a commission which shall be known as the state road board, which shall consist of the governor, secretary of state and state treasurer, and of which the governor shall be chairman. Said board shall adopt such rules and procedures for the conduct of its business as to it seem best. Said board, as the bonding committee of the state of Oregon, shall have charge of the preparation and issue of the said bonds and shall arrange to form an issue thereof and shall market the same to the highest bidder in such lots as the board may in its discretion offer, but always at a price not less than par and at such premium in addition thereto as may be offered.

Section 4. The date of the said bonds shall be the first day of January of the year of its issue, and no issue shall be made except as of that date; and all said bonds shall be signed by the governor and countersigned by the secretary of state, and shall be sealed with the seal of the state of Oregon.

Section 5. In January of each year the state road board shall ascertain by computation the amount of money which will be needed to pay the interest for the year on all said bonds outstanding, including those which may be sold during that year; and the chairman and secretary of said board shall thereupon certify said amount to the board of state tax commissioners; and thereafter said amount shall be collected in the same manner as other state taxes and shall be paid into the state treasury and go into an account to be known as the road bond interest account. Said money shall be used to pay the interest on said bonds, and for no other purpose.

Section 6. For the purpose of retiring said bonds at maturity there is hereby created a sinking fund to be known as the road bond retirement fund. To supply the money for this fund taxes shall be collected in 30 annual installments during the last 30 years of each issue of bonds.

Section 7. The method of collection shall be as follows: In January of each year after the tenth year of every issue, the state road board shall ascertain by computation as nearly as possible the amount which, collected annually during the remaining years of such issue, will, with the interest on such amounts, suffice to pay the bonds of such issue at maturity; and the chairman and secretary of said board shall thereupon certify said amount to the board of state tax commissioners; and thereupon such amount shall be collected in the same manner as other state taxes and shall be paid into the state treasury and shall be used for the purpose of retiring said bonds.

Section 8. The state road board shall pay moneys to the counties from their respective apportionments only upon the following conditions: At the time of apportionment the state road board shall divide the counties into two classes, the first class shall include all counties having an assessed valuation for the year preceding the apportionment of \$10,000,000 or more; the second class, all other counties. Before any county of the first class shall be paid any money from its apportionment, it shall first show to the state road board that it has raised, during the year of the apportionment, a sum for road construction equal to one half of the amount which said county asks to be paid. Payments may be made to the county of the second class shall be paid any money from its apportionment it shall first show to the state road board that it has raised, during the year of the apportionment, a sum for road construction equal to one half of the amount which said county asks to be paid. Payments may be made to the county of the second class shall be paid any money from its apportionment it shall first show to the state road board that it has raised, during the year of the apportionment, a sum for road construction equal to one half of the amount which said county asks to be paid.

Section 9. But no county shall receive during any year a sum greater than the amount of its apportionment for that year. The judge of the county court and the county treasurer shall certify to the state road board the sums that have been raised by the county as aforesaid and the state road board shall be satisfied as to the facts so certified before they make payment; but upon being satisfied shall make payment forthwith. Any balance

Summary of Suggested Good Roads Measures

- 1. STATE BONDING AND COMMISSIONER BILL: (a) State-issued road bonds not over \$1,000,000 a year, and not to exceed in the aggregate 2 per cent of state's assessed valuation. (b) State road board, composed of governor, secretary of state and state treasurer. (c) State highway commissioner, appointed by governor, at annual salary not to exceed \$3600, and expenses of office not to exceed \$12,000 annually, including salary. (d) road fund made up of money derived from bond sales and two thirds of automobile tax. Two thirds of the road fund is to be equally divided among 34 counties. Remaining one third is to be divided between two congressional districts outside of Multnomah, each county in the first instance to raise as much money as is received from state aid. 2. BONDING AMENDMENT TO STATE CONSTITUTION. 3. ENABLING ACT PERMITTING COUNTIES TO ISSUE BONDS FOR ROADS, indicating method of bond elections, and authorizing a tax to meet principal and interest. 4. CONSTITUTIONAL AMENDMENT LIMITING COUNTY BOND ISSUES FOR ROADS TO 2 per cent of the assessed valuation of that county.

TWO CONVICT LABOR BILLS, left unchanged as produced by state-wide committee, propose use of city, county and state prisoners in roadmaking.

of the apportionment to any county which, by reason of the failure of said county to raise the funds required by this act, shall remain unpaid to said county on the 31st day of December of each year, shall lose its character as an apportionment and shall cease to be payable to said county, and shall with the rest of the state highway fund be apportioned among the following year. The money paid to the counties, as here provided, shall not be reimbursed to them for money raised or spent by them for road construction, but shall, in addition to the money raised or spent by them, be spent or contracted to be spent within one year from the receipt thereof for the construction of roads, and money not so spent or contracted shall at the expiration of said one year be returned by the counties to the state highway fund.

Section 13. All money paid to any county as aforesaid shall be paid into the county treasury and the county treasurer shall give receipt therefor and said money shall hereafter be subject to the order of the county court and shall be disbursed only upon the order of the county court, attested by the county clerk. Said money shall be spent under the direction of the county court, independently of the state road board or state highway commissioner. The county court, however, may, by resolution duly signed, call in the state highway commissioner as an adviser in which event it shall be the duty of the state highway commissioner to furnish plans, specifications or estimates and otherwise aid and cooperate with the county court to the best of his ability.

Section 14. The part of the state highway fund which is not apportioned among the counties or set aside to pay the salary and expenses of the state highway commissioner, as hereinbefore provided, shall be expended by the state of Oregon in the construction of roads as follows: One half shall be used to construct roads in the first congressional district and one half shall be used to construct roads in the second congressional district of the state; and in the carrying of this money and the construction of these roads the state road board shall have full and complete control, independently of the county court or road authorities of any county.

Section 15. All acts and parts of acts inconsistent with this act are hereby repealed. Section 16. This act shall take effect from and after the date of its passage.

STATE IS AUTHORIZED BY AMENDMENT TO BUILD GOOD ROADS

An act to amend Section 7, Article XI of the constitution of the state of Oregon. Be it enacted by the people of the state of Oregon: Section 7, of Article XI, of the constitution of the state of Oregon shall be, and the same hereby is, amended to read as follows: Section 7. The legislative assembly shall not lend the credit of the state nor in any manner create any debt or liabilities which shall singly or in the aggregate with previous debts or liabilities, exceed the sum of \$500,000, except in case of war or to repel invasion or to suppress insurrection or to build and maintain permanent roads; and the legislative assembly shall not lend the credit of the state nor in any manner create any debt or liabilities which shall singly or in the aggregate with previous debts or liabilities incurred for that purpose, exceed 2 per cent of the assessed valuation of all the property in the state; and every contract or obligation entered into or assumed by or on behalf of the state in violation of the provisions of this section shall be void and of no effect.

ENABLING ACT THAT PERMITS COUNTIES TO ISSUE ROAD BONDS

An act to authorize counties to issue bonds for road construction; defining the method of expending money raised by bond sales; providing the method of holding county elections to determine whether or not such bonds shall be issued, and authorizing the county court to levy a tax to pay the principal and interest of said bonds. Be it enacted by the people of the state of Oregon: Section 1. Counties Authorized to Issue Bonds.—Counties are hereby authorized to borrow money for the purpose of constructing roads and to issue bonds to evidence such indebtedness.

Section 2. Petition for Election.—Whenever a petition therefor, signed by not less than 10 per cent of the registered voters of any county, shall be filed with the county clerk of such county, the county court shall order an election to be held at the time mentioned in such petition, to determine whether or not such county shall issue bonds for road construction. But if the county debt or road construction already incurred by the county exceeds 2 per cent of the assessed valuation of the county, then the county court shall disregard such petition. Said petition shall state the amount of the proposed bond issue.

Section 3. Bonds Approved by a Majority Vote.—Bonds approved by a Majority Vote.—Bonds shall be issued only upon approval of a majority of those voting at such election. Section 4. Method of Elections.—The rules applicable to county "local option" elections, expressed in sections 4230, 4232, 4233, 4234, 4235, 4236, 4237, 4238 and 4239, of the Oregon Laws, shall, unless inconsistent with this act, govern elections under this act. Elections may be held at any time, but the petition therefor shall be filed with the county clerk not less than 30 nor more than 90 days before the day of election. (If the issuance of

LEADERSHIP FOR ROAD-BUILDING PREPARED BY STATE ROAD-BUILDING BOARD

Machinery for Highway Development Is Provided by Bills and Amendments; What the Proposed Measures Include.

Two bills and two constitutional amendments are included in the proposed legislation produced by the majority of the harmony highway committee consisting of W. B. Ayer, C. T. Prall, W. K. Newell and Judge Barnard Day. They provide, first, for highway bond issues and commissioner; second, authorizing counties to issue road bonds; third, a constitutional amendment permitting state good roads bond issues; and, fourth, a constitutional amendment limiting county bond issues to two per cent of the assessed valuation of that county.

Section 12. Sale of Bonds.—No bonds authorized by this act shall be sold for less than par, or for anything but cash. All bids to purchase bonds must be sealed and accompanied by certified check for 10 per cent of the amount of the bid, and the bonding committee may reject any and all bids. Said committee shall advertise in one newspaper in the county, if there be one, and in one leading newspaper in Portland, Or., and in one leading newspaper in New York city, for two weeks before any sale of bonds, the fact of such sale, inviting bids therefor, and stating such facts as will interest prospective purchasers; for example, the date and place of sale, the terms of sale, the character of the bonds, the amount, interest and denomination thereof, the fact that they are 30 year serial bonds, the fact that all bids must be accompanied by a certified check of 10 per cent of the amount of the bid; that any and all bids may be rejected; that the bonds may be sold only for cash, not under par, and to the highest bidder, and such other facts as may be in the judgment of said committee procure the most advantageous sale of said bonds.

Section 13. Proceeds of Bonds Shall Go Into General Road Fund of County.—The proceeds of all the bonds sold under this act shall be paid into the county treasury, and shall go into the general road fund mentioned in section 6320 of the Oregon Laws, and shall form part of said fund and be disbursed accordingly. Section 14. County Court to Levy Tax.—The county court shall, at the time of making the annual tax levy upon the previous year's assessment, levy a tax on all the taxable property in the county, sufficient to pay the outstanding bonds next maturing, and the interest on all outstanding bonds for the current year. The proceeds derived from said tax shall be used only for the payment of the principal and interest of said bonds, and shall be paid by the county treasurer to the bearer of said bonds and interest coupons upon presentation thereof, as provided in section 11 hereof.

Section 15. Repealing Clause.—All acts and parts of acts inconsistent with this act are hereby repealed. Section 16. This act shall take effect from and after the date of its passage.

Section 17. The meaning of the words and phrases used in this act shall, unless inconsistent with the context, be as follows: "Road" shall mean permanent public road, and shall include bridge, culvert, viaduct or other like thing; "construct" shall include repair, maintain, improve or reconstruct; "construction" shall include repair, maintenance, improvement or other like work; "county court" shall mean the county court of the county in which the road mentioned in the context is situated, and shall include the county commissioners, or other constituted authorities in the county having control of road construction; "state highway commissioner" shall be synonymous with state highway engineer; a county shall be considered to "have raised money" for the purpose of road construction when money derived from county sources shall be in the county treasury and shall be available only for the purpose of road construction or shall have been spent for road construction; words importing the plural number may be applied in the plural.

Section 18. The state of Oregon, in order to provide funds for the construction of roads in the state, does hereby authorize the issuance of gold bonds bearing interest at the rate of 4 1/2 per cent per annum payable semi-annually, and to be issued at a rate of not to exceed one million dollars each year, and to run for the full term of 30 years from the dates of the respective issues thereof; and the state of Oregon does hereby hypothecate and pledge its credit to the payment of the principal and interest of said bonds in United States gold coin of the present standard of weight and fineness.

Section 19. There is hereby created a commission which shall be known as the state road board, which shall consist of the governor, secretary of state and state treasurer, and of which the governor shall be chairman. Said board shall adopt such rules and procedures for the conduct of its business as to it seem best. Said board, as the bonding committee of the state of Oregon, shall have charge of the preparation and issue of the said bonds and shall arrange to form an issue thereof and shall market the same to the highest bidder in such lots as the board may in its discretion offer, but always at a price not less than par and at such premium in addition thereto as may be offered.

Section 20. The date of the said bonds shall be the first day of January of the year of its issue, and no issue shall be made except as of that date; and all said bonds shall be signed by the governor and countersigned by the secretary of state, and shall be sealed with the seal of the state of Oregon.

Section 21. In January of each year the state road board shall ascertain by computation the amount of money which will be needed to pay the interest for the year on all said bonds outstanding, including those which may be sold during that year; and the chairman and secretary of said board shall thereupon certify said amount to the board of state tax commissioners; and thereafter said amount shall be collected in the same manner as other state taxes and shall be paid into the state treasury and go into an account to be known as the road bond interest account. Said money shall be used to pay the interest on said bonds, and for no other purpose.

Section 22. For the purpose of retiring said bonds at maturity there is hereby created a sinking fund to be known as the road bond retirement fund. To supply the money for this fund taxes shall be collected in 30 annual installments during the last 30 years of each issue of bonds.

Section 23. The method of collection shall be as follows: In January of each year after the tenth year of every issue, the state road board shall ascertain by computation as nearly as possible the amount which, collected annually during the remaining years of such issue, will, with the interest on such amounts, suffice to pay the bonds of such issue at maturity; and the chairman and secretary of said board shall thereupon certify said amount to the board of state tax commissioners; and thereupon such amount shall be collected in the same manner as other state taxes and shall be paid into the state treasury and shall be used for the purpose of retiring said bonds.

Section 24. The state road board shall pay moneys to the counties from their respective apportionments only upon the following conditions: At the time of apportionment the state road board shall divide the counties into two classes, the first class shall include all counties having an assessed valuation for the year preceding the apportionment of \$10,000,000 or more; the second class, all other counties. Before any county of the first class shall be paid any money from its apportionment, it shall first show to the state road board that it has raised, during the year of the apportionment, a sum for road construction equal to one half of the amount which said county asks to be paid. Payments may be made to the county of the second class shall be paid any money from its apportionment it shall first show to the state road board that it has raised, during the year of the apportionment, a sum for road construction equal to one half of the amount which said county asks to be paid.

Section 25. But no county shall receive during any year a sum greater than the amount of its apportionment for that year. The judge of the county court and the county treasurer shall certify to the state road board the sums that have been raised by the county as aforesaid and the state road board shall be satisfied as to the facts so certified before they make payment; but upon being satisfied shall make payment forthwith. Any balance

GOOD ROAD WORK IS MADE LAWFUL

Two Measures Providing for Employment of City, County and State Prisoners on Highways Unchanged.

The two bills produced by the state-wide committee providing for the use of city, county and state convicts on roads, have been left unchanged by the harmony committee. Signatures to initiative petitions for these two measures will still be good. The bills are not contested by the state grand jury. The county court is authorized to employ prisoners on the roads in very brief, first providing that it shall be unlawful for any private interest to contract for prison labor, but:

Upon the written request of the county court, the county court in the state of Oregon or of any superintendent of any state institution the governor may detail from the state penitentiary such convicts as in his judgment may seem proper for use on the public highways, or on or about any state institutions.

County Prison Labor.—The prohibition against private utilization of state prison labor is made to apply to the bill providing for the use of city and county prisoners on roads. County prisoners are to be placed under the control of county courts and road supervisors, being relinquished by the sheriff. City prisoners may be in the same way placed under the control of the county court.

Any county court may transfer to another county court prisoners for work on roads. Any prisoner who refuses to work may be kept on bread and water diet until he is willing to get busy. If he works well credits which will shorten his term of imprisonment will be allowed. If he refuses to work the time of his refusal will be added to his sentence. Counties having boards of commissioners will be vested with the same authority as is bestowed upon county courts, and the act is to apply to all counties.

One of the important phases of the county and city convict bill is that it removes the prisoner from the custody of the sheriff or city jailer to the county court, commissioners and road supervisors. This transfers the expense for board from one county office to another.

Two per cent of the assessed valuation of the state's property. Section 11 of the state constitution passed at the last general election did not put any limitation on the amount of bonds that could be issued by any county, but the new amendment to the state constitution of the constitution now proposed does place a limitation that indebtedness for road building shall not exceed in any county two per cent of that county's assessed valuation.

The Journeymen Stone Cutters' association reports that during last year \$5 local branches secured a material increase in wages, the total increase aggregating close to \$300,000. In addition to this \$4 new local branches have been added to the association.

Relieves Headache quicker than any known remedy, quieting the nerves. Affording a restful sleep. Portland Hotel Pharmacy Frederick C. Forbes Co.

Trusses Like These Are A Crime

Get Rid of Elastic Bands, Springs and Leg-Straps. Such Harness Has Forced Thousands to Undergo Dangerous Operations. Trusses like these shown above—the belt and leg strap, elastic and spring contractions—sold by druggists, surgical instrument houses and many so-called "hernia specialists"—make life miserable for everybody who wears them. And even when drawn so tight you can scarcely stand to keep them on—they do no good whatever. Instead, they often do immense harm, causing strangulation—dig into the pelvic bone in front—press against the sensitive spine—hold in the back.

World's Greatest Book On Rupture. Don't go on letting your rupture get worse. Get the Cluthé Truss. It is a remarkably beneficially remarkable cure. It is a cure that is not only curative but it is a cure that is every 200 ruptures begins to get better from the day a Cluthé truss is put on. Write for it today—don't put it off—this book may be the means of adding many years to your life and of restoring you to full strength and usefulness. Get the Cluthé Truss.
