(From Beauty and Health) The famous saxolite lotion recommended by beauty specialists for removing wrinkles and for reducing distended pores, can be made at home dered form, 1 oz., and 1/2 pint witch hazel. Dissolve the powder in the witch hazel and bathe the face, neck and hands in the solution. Results are remarkable, and instantaneous. The skin tightens, and this naturally reduces the wrinkles, as well as creases or folds about the neck, cheeks or hands. The tissue beneath the skin also becomes firmer and more solid.

One feels much refreshed and exhilarated after using this truly wonderful preparation. Its continued use for only a short time makes one look five or 10 years younger.
