ALMOST FRANTIC WITH ECZEMA ON HANDS

Began with Itching. Spread Fast. Fingers Fairly Bled. Cried Night and Day. Tried Cuticura Soap and Ointment and Was Entirely Cured.

Redondo Beach, Cal.—"Eight years ago I got eczema all over my hands. My fingers fairly bled and it itched until it almost drove me frantic. The eruption began with itching under the skin. It spread fast from between the fingers around the nails and all over the whole hands. I got a pair of rubber gloves in order to wash dishes. They spread all over the left side of my chest. I cried night and day. Then I decided to try Cuticura Soap and Ointment, but without much hope as I had gone so long. There was a marked change the second day, and so on until I was entirely cured. The Cuticura Soap we have always kept in our home, and we decided after that lesson that it is a cheap soap in price and the very best in quality. My husband will use no other soap in his shaving mug."

"I have always used Cuticura Soap and no other for my baby, and he has never had a sore of any kind. He does not even chafe as most babies do. I feel that it is all owing to Cuticura Soap for he is fine and healthy, and when five months old won a prize in a baby contest. It makes my heart ache to go into so many homes and see a sweet faced baby with the whole top of his head a solid mass of scurf, caused by the use of poor soap. I always recommend Cuticura, and nine times out of ten the next time I see the mother she says 'Oh I am so glad you told me of Cuticura.'" (Signed) Mrs. G. A. Selby, Jan. 18, '11.

Cuticura Soap and Ointment are sold everywhere. Sample of each mailed free, with 23-p. book. Address, "Cuticura," Dept. T, Boston. Tender-faced men should shave with Cuticura Soap Shaving Stick.
