Weather Conditions.

High pressure obtains generally over the northern and eastern portions of the United States, with centers off the Washington coast, over western North Dakota, and the middle Atlantic states, respectively. The Great Basin storm has moved to the southern rocky mountain states, and an Alaskan disturbance in its southeastern drift has made its appearance over northern Alberta. Within the last 12 hours precipitation has occurred in southern California accompanied by thunder and lightning in Utah, Wyoming, South Dakota, and western Oregon. Except in northern Utah and extreme southern California, the rainfall was light in all sections. The weather is much cooler in Wyoming, the Dakotas, northern Colorado, Arizona, New England, on the north Carolina coast and in the lower St. Lawrence valley; it is warmer in Oregon, Washington, Idaho, interior California, the Mississippi valley, lake region and western Canada. Morning frosts were quite general in interior sections of Oregon and Washington.

The conditions are favorable for generally fair weather Sunday in this district except in southeastern Idaho where rain or snow will occur.

FORECASTS.

Portland and vicinity—Sunday fair. Northerly wind, light on the coast.

Oregon and Washington—Sunday generally fair. Winds mostly northwesterly.

Idaho—Sunday generally fair except rain or snow southeast portion.

\$42,334 Damages Asked.

The failure of the officers in the Comstock Golden Gate Mining company to deliver stock in the concern according to a contract is the cause of a suit brought yesterday in the circuit court by George K. Rogers and C. R. Hoeselino against the company. The plaintiffs allege they have been damaged to the extent of \$42,334.65, for which amount they ask judgment. In the complaint it is set forth that in 1910 the plaintiffs arranged with the defendant company to purchase 300,000 shares of stock in the Golden Gate mine near Virginia City, Nev. In view of this agreement, Rogers and Hoeselino caused several agents and established offices at various points to sell the purchased stock. After selling considerable blocks of the mining stock the defendant company is alleged to have refused to deliver further orders. Attorney Arthur H. Henshaw filed the action for the plaintiffs.

To Entertain Veterans.

In preparation for the entertaining of members of the G. A. R. and W. R. C. who will pass through Portland during the coming spring, members of the city corps presidents of the nine Woman's Relief Corps met at the residence of Phoebe M. Brook, 152 South Main street, Lentis, Saturday afternoon. The patriotic organizations of Portland are planning official and personal recognition of the civil war veterans who travel via Portland to the national encampment at Salem in June and to the national encampment in Los Angeles in September. The following corps were represented by their presidents yesterday: Mrs. Mary Emery, president Mrs. Louisa Severance; George Wright corps, Portland; Mrs. Amelia Mattocks, Oregon City; Mrs. Elizabeth Cummings, Lincoln-Gardfield corps, Portland; Mrs. Nellie Pollock, Montavilla; Mrs. Ellen Lacy, Ben Butler corps, Portland; Mrs. Cynthia Hewell of St. Johns.

Patrolmen Indicted.

Police patrolmen Larfield and Fuller were indicted yesterday by the March grand jury on a charge of perjury growing out of the graft case against W. Cole, former police sergeant. By the indictment of the two patrolmen, a peculiar state of affairs exists in the prosecution of Cole, for whom the two officers testified before the civil service commission. Both officers are alleged to have testified before the civil service board that Cole never took any money. In the indictment returned yesterday, it is alleged the two officers perjured themselves in such testimony. The indictment against Cole charges he took money from Anna Gillette, a woman who conducted a north end resort. A demurrer to the indictment was recently overruled, and the case set for trial May 13. Patrolmen Larfield and Fuller were allowed to go on their own recognizance yesterday, but will be arraigned next week.

Exhibition Drill May 25.

The Good Fellowship Campaign Committee, Women of Woodcraft, held their regular meeting Monday afternoon at the Women of Woodcraft auditorium. A large attendance and fine reports as to the number of new members received was very encouraging. Announcement was made by City Organizer Mrs. J. Leach that the Armory had been secured for May 25 for the annual exhibition drill. All the teams of the various cities in the campaign are preparing for the work. This means there will be 180 women drilling on the floor at one time under direction of Grand Banker Sumner-Leach, assisted by Mrs. C. Sites of Astra circle. After all reports were received, the women were invited to the "Bonboniere" for refreshments, as guests of the organization department, represented by Mrs. J. Leach.

For the past six years Judge Clifford has been engaged in the practice of law at Baker, being associated with Colonel W. F.
