

PASS ORDINANCE REVOKING S. P.'S FOURTH ST. RIGHT

Becomes Effective in 30 Days if Mayor Signs It; Clyde's Resolution Aimed at P. R., L. & P. Co. Referred.

Only three votes were recorded against the city ordinance revoking the franchise of the Southern Pacific on Fourth street at the adjourned meeting of the city council yesterday. The ordinance passed by a vote of 7 to 3. Councilmen Montag, Burgard and Wallace voted against it.

Councilman Montag said the ordinance should have been considered in conjunction with a measure submitted recently by the company providing for a new franchise on Fourth street. Because both were not considered together he voted against the revocation ordinance. Councilman Wallace voted the same way for the same reason. Councilman Montag did not explain his vote.

The ordinance becomes effective in 30 days if Mayor Rushlight signs it. As the mayor was the author of the ordinance it is not unlikely that he will affix his signature.

A resolution authorizing the city attorney to commence suit for the ousting of the Portland Railway, Light & Power company from all rights in the city streets because of repeated violations of franchise provisions was introduced by Councilman Clyde and referred to the street committee. Councilman Clyde tried to secure the immediate adoption of the resolution but only five members voted against the measure being referred.

The council passed an ordinance as-

sessing the cost of improving Macadam street at \$24,000.

CALLS J. D. AND ANDY 2 BIGGEST CRIMINALS

(United Press Leased Wire.) Fresno, Cal., April 4.—Characterizing John D. Rockefeller and Andrew Carnegie as the two biggest criminals of the century, Earl Rogers, a Los Angeles attorney, in discussing economic conditions before the Woodmen of the World here today, declared the nation was on the verge of a great calamity. "If my baby cried for milk," said Rogers, "and I had none to give it, the world would give me enough to satisfy her or I would tear the front off of a national bank in my effort to get it." Rogers said the only way economic questions confronting the country today could be settled was in the practice of a fraternalism such as Christ practiced.

Trainmen Kidnap Slayer.

(United Press Leased Wire.) Nevada City, Cal., April 4.—Jack Calligan, an Italian, whom the police say shot and killed August Schumacher, when the latter returned home unexpectedly yesterday and found Calligan with Mrs. Schumacher, was captured near Sparks, Nevada. He was kidnaped by Southern Pacific trainmen and brought to Truckee, whence he will be brought here.

CANDIDATE HAS HAD VARIED EXPERIENCE

Elmer R. Lundburg.

Elmer R. Lundburg, one of the Democratic candidates for the legislature, while still a young man and never a holder of a public office, has had a varied experience as printer, editor, schoolteacher, soldier and lawyer. He has been a resident of Portland four years, and is a member of the law firm of Smith, Lundburg & Ulrich. He is a taxpayer, and lives at 489 East Thirty-eighth street north.

Mr. Lundburg believes in the Bryan-Wilson interpretation of Democratic principles and declares that in Governor West the state has an honest and capable servant. He pledges support to Statement No. 1 and the other progressive laws of Oregon.

Mr. Lundburg is a native of Illinois, his parents removing to Wayne county, Nebraska, in 1854. Before the age of 15 he entered the office of the Wayne Herald and learned the printer's trade, working after school hours and Saturdays. A good share of his life has been spent as printer-editor of country newspapers. In 1896 he completed the course of study afforded by the Nebraska normal college and for three years he taught school. When war with Spain was declared he enlisted in Company F, First Nebraska, U. S. V., and served with that regiment in the Philippines. On his return from the islands he entered the University of Nebraska and graduated from the law department in 1901.

Explorer's Wife Does Not Fear.
(United Press Leased Wire.) London, April 4.—No fear for the safety of her husband, Captain Robert F. Scott, who has sent his ship, the Terra Nova, home after a two year's cruise in the Antarctic, while remaining himself at the South Pole to complete his investigations in behalf of the British government, was expressed here today by Mrs. Scott, the explorer's wife, when she was informed today of the arrival of the Terra Nova at Lyttelton, N. Z.

"I am not worried about the captain's safety," said Mrs. Scott. "I feel very glad that he availed himself of the opportunity to remain in the south until"

the objects of his expedition are accomplished. I feel sure that he reached the South Pole in January.

"When the date of the trip of my husband and of Captain Amundsen are completed it will be found that the cause of modern science has been greatly aided, the mere fact of who was first to reach the Pole being inconsequential."

My husband never intended to seek for the Pole."
