Our Men's Clothing and Furnishing Department

In this department, although it may not be generally known, we carry as large and as fine a line of suits, pants, overcoats, hats, shirts, collars, ties and jewelry as you will find in any store in this city. In common with everything else we have in stock, this department is suffering the loss of profit to which it was justly entitled. Our being forced out of business throws all of this stock to the mercy of the buyer. Careful shoppers in this line will find many exceptional bargains. Everything priced plainly.
