The number will be considerably augmented tomorrow when the grand lodge sessions open. Today the grand encampment of Patriarchs and the Rebekahs' assembly are holding sessions, the special sessions for degrees opening at 9 o'clock and regular sessions at 10. At the degree session of the former grand encampment degrees were conferred on 42 past chief patriarchs. Election of officers of both encampment and Rebekah assembly will be held this afternoon.

Reports Show Progress.

At the meeting of the Patriarchal Branch of Odd Fellowship today, the reports of Grand Patriarch O. P. Miller and Grand Scribe E. E. Sharon were submitted. The former's report dealt with the general conditions of the encampments in the Oregon jurisdiction and closed with a recommendation of an increase of $200 a year in the salary of the grand scribe.

Noteworthy in the report of Grand Scribe Sharon was the statement that for the first time since 1897, a loss in membership is shown and for this condition he ascribes non-payment of dues as the principal cause, declaring that many encampments had weeded out their members in bad standing. He reported the installation of three new chapters during the year, Columbia Encampment No. 77, at St. Helens, Blue Mountain Encampment No. 78, at Prairie City and Canyonville Encampment No. 79, at Canyonville, Douglas county.

Relief Costs $4000.

The number of encampments in the state May 1 was shown to be 70 with a membership of 4319, a decrease during the year of 23. The total income during the year was $18,590.56, an average of $4.31 per member, out of which $4005.05 was paid for relief. The number of patriarchs relieved was 194 and the number of weeks sick benefits paid 1800. The current expense for the year was $9769.53. The total assets of the encampment, as shown by the report, amount to $54,854.65.

This evening and tomorrow evening at 7 o'clock the local band will give a concert on the streets and following the concert tomorrow evening a reception will be held in the Oregon theatre. The program for tomorrow includes a street parade at 1 o'clock, the grand decoration by the grand lodge, grand encampment, Rebekah assembly and Patriarch Militant and an automobile excursion into the farming districts at 5 o'clock.

STEAMER TEAL GAINS LANDING AT HOOD RIVER

(Special to The Journal.)

Hood River, Or., May 21.—The J. N. Teal, steamer of the Open River Transportation company, is the first boat to make the high water landing at Hood River this season. The steamer towed its barge down from the upper landing Monday and discharged a cargo of freight. There has always been a fight between the rival boat companies on the middle Columbia to get the wharf landing at Hood River during the high water period and the Teal won out this year. The channel is very narrow where the steamers land and the company getting the wharfage has an edge over its competitor. The freight and passenger business is very heavy on the river lines between Portland and Hood River during the high water period when the steamers land near the business section of the city.

HOW THIN PEOPLE MAY PUT ON FLESH

Great Discovery by Eminent Specialist

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing the arms, neck and bust and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness, and it therefore gives us real pleasure to publish herewith a simple prescription which, by correcting faulty metabolism and stimulating the activity of certain sluggish vital organs, quickly produces a marvelous transformation in the appearance; the increase in weight frequently averaging from 4 to 5 pounds the first week, and very rarely less than 2. This increase in weight also carries with it a general improvement in the health. Catarrh, dyspepsia and nervousness, which nearly always accompanies excessive thinness, all gradually disappear; dull eyes become bright and pale cheeks glow with a bloom of perfect health.

The prescription, which contains no dangerous drugs and is absolutely harmless, calls for 2 oz. Tincture Cardomoms Compound, 2 oz. Fluid of Saltogyn, 2 oz. Elixir of Calisaya and enough water to fill an 8-oz. bottle, and can readily be prepared by any druggist. One or two tablespoonfuls should be taken about 20 minutes before each meal. Eat all you want, but chew your food thoroughly.

Inquiry develops the fact that this prescription is frequently filled at the Woodard Clark drug store in this city, and by other prominent central city druggists, and we are led by their statements to add the following:

(CAUTION: Although the above prescription is unequaled for relieving nervousness, indigestion and catarrhal troubles, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.)
