Entire Sample Line of a High-Grade Manufacturer—Over 1400 Lovely Pieces Go on Sale at 8 o'clock Tomorrow Morning!

It's another instance where our immense regular business and outlet has given us the first opportunity at the manufacturer's choicest "plums"! This is the sample line of Neckwear from one of New York's highest grade houses, used by his salesman in showing the trade all over the country. When our Neckwear chief was in New York this Spring he arranged to secure the lot, at the end of the wholesale season, right in time for our Annual June White Days. The moment the salesman had finished his season, the samples were expressed to us. It has taken us several days to arrange and place them in readiness for this sale tomorrow.

One of the biggest features of our Twelfth Annual June White Days, you'll say when you see this offering of beautiful hand-made Neckwear tomorrow! Conservatively \$2000 (retail value) worth—over 1400 pieces—at precisely half regular prices.

All the lovely, new conceits of this Summer and many of the advance Fall styles as shown in the illustration, made by our artist. There are

Every piece is hand-made, and even most of the most inexpensive have a touch of hand embroidery and real lace! They are trimmed and made wholly of real Venise, real Irish Crochet, real Cluny, real Princess, real Val and Filet Laces. Also hand embroideries.

"You can't impress too strongly the importance of this sale," exclaimed our department manager as he showed us the beautiful Neckwear as it was being assorted and marked. "It is the best purchase of high-grade Neckwear I ever made."

Be here at 8 o'clock for the first selection! The assortment will surely be depleted when women begin to tell each other of the sale. To avoid confusion we have marked each piece with the regular selling price. You may pay EXACTLY HALF of that tomorrow.
