

SHIPOWNERS AGREE TO FIGHT TO FINISH

(United Press Special Wire.) London, May 31.—Attempts to settle the strike of transport workers, affecting more than 10,000 men, at today's joint conference here, ended in dismal failure because none of the big employers attended the conference. The shipowners met in secret last night and agreed to force the fight to a finish, evidently believing that the unions lack sufficient funds to wage a successful fight.

Officers of the unions appeared at the conference and conferred with Sidney Buxton, president of the board of trade; Premier Asquith and Chancellor of the Exchequer David Lloyd-George. The government officials suggested a joint committee be formed as a means for settling the strike and the union officials took the matter under consideration.

AVIATORS PLAN STATUE FOR WILBUR WRIGHT

(United Press Special Wire.) London, May 31.—Plans for what probably will be the greatest meet in the history of aviation were launched today by Claude Graham-White, who engaged the Hendon aerodrome here for the purpose of holding a monster aviation tournament to raise funds with which to erect a memorial to the late Wilbur Wright, the "father of flying," who died yesterday in Dayton, Ohio.

Two hundred of the world's best known aviators are expected to participate, and the proceeds will be expended for a statue of Wilbur Wright.

California Politician Ill.
(United Press Special Wire.) Los Angeles, May 31.—Walter F. Parker, tax agent and confidential adviser to the Southern Pacific railway and for years one of the most powerful factors in California politics, is critically ill of heart trouble at his home here. He retired from active politics soon after successfully conducting Frank P. Flint's campaign for a seat in the United States senate.

FRANKLIN AVERS DARROW SUPPLIED \$4000 FOR BRIBE

him. Every man and woman in this courtroom knows that this witness is reciting something.

Attorneys Have Till.
District Attorney Fredericks arose, his face flushed with anger. He objected to the intimation of the defense attorney, whereupon Rogers returned: "I don't accuse Captain Fredericks because he was out of the state when it was done."

Assistant District Attorney Ford referred again to the witness' negotiations with Prospective Juror Lockwood, but Franklin retold part of the story related Wednesday.

A tilt resulted between Ford and At-

torney Rogers when the latter accused the prosecuting attorney of giving a "tip" to the witness in order to direct his attention to the information desired. Ford strenuously objected to Rogers' use of the word "tip" and the defense attorney in a heated discussion contended that the prosecution was following a policy in Franklin's examination of deliberately suggesting to the witness the answers wanted.

Court's Protection Asked.
"I want your honor's protection from such insinuations as counsel makes," said Ford. "He is using slang phrases. He will be swearing at me next."

In the argument which followed as to the kind of questions that might be asked Franklin, Rogers grasped another opportunity to make another statement for the benefit of the jury that the testimony of an informer must be regarded with suspicion.

Attorney Appel took part in the discussion, and arraigned Ford for his manner of questioning. Ford took offense at his being criticized and declared:

Unfairness Charged.
"I charge an attempt on the part of counsel to 'tip' the jury off to the kind of evidence they are going to introduce."

Nearly half an hour of the court's time was taken up by a debate between attorneys which grew heated and somewhat personal, despite Judge Hutton's efforts to stop it. When it finally came to an end it developed that there was no formal objection before the court.

Would Not Trust Lockwood.
Franklin then told of approaching Captain C. E. White and suggesting to him that he hold the money to be paid Lockwood until the McNamara trial was over. White at first objected, saying that he "would not trust Lockwood as far as he could throw."

Franklin, according to predictions by the attorneys of both camps, probably will occupy the stand the remainder of the week. His cross-examination by Attorney Earl Rogers, for the defense, is expected to be one of the most important items of the trial.

POSTOFFICE, LIBRARY, SCHOOL, DEDICATED AMID CELEBRATION

(Continued From Page One.)
900 Carnegie library was laid under the auspices of the grand Masonic lodge of Washington.

The \$125,000 high school just completed in Centralia was dedicated last night. Henry B. Dewey, state superintendent of public instruction, delivered the dedicatory address. Addressees were also made by Dr. Thomas F. Kane, president of Washington university; Dr. Enoch A. Bryan, president of Washington state college; A. S. Burrows, president of Washington Educational association, and W. E. Wilson, N. D. Showalter and E. T. Mathes, principals, respectively, of the state normal schools at Ellensburg, Cheney and Bellingham.

Centralia has made amazing progress since the last Portland Commercial club excursion. She has spent \$200,000 laying three miles of hard surface pavement and \$100,000 laying 14 miles of sewer and 42 miles of cement sidewalks. She has spent \$1,200,000 in building improvements. The railroad is erecting big shops here and is laying over 50 miles of main and sidetrack in the immediate vicinity.

Chehalis, Wash., May 31.—Chehalis was host this afternoon to the Tacoma Ad club, which came 300 strong on a special train. High jinks were held on the streets and Tigeritis instilled into the Chehalis people. The Ad club remained here for two hours, going hence to Centralia, where, after a big parade, it headed the procession to the Southwest Washington State fair grounds to witness a scrappy contest between Chehalis and Centralia in the State league.

SAGE TEA, USED BY OUR GRAND-MOTHERS TO DARKEN THE HAIR

Restores Gray Hair to Natural Color, Stops It From Coming Out and Makes It Grow

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea" and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hair before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the ad-

vantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Get a 50 cent bottle from your druggist today. He will give your money back if you are not satisfied after a fair trial.
