Manages Young Girl.—Ten-year-old Nellie Conroy, living with her parents at 1073 Mallory avenue, yesterday afternoon complained to the police that she had been attacked by a strange man, while on her way to the store. The man, in a menacing tone, demanded that the child meet him near a school house in the neighborhood and that when she failed to keep the promise she had made him to be at the place, he followed her to her home, where he displayed a huge knife. The Conroy girl, however, had summoned a larger girl, a neighbor, and when the man saw that there was another person in the company of the Conroy child he fled down the street and disappeared. The little girl describes the man as being rather small and dark and dressed in a shabby blue suit and old black hat. The police are scouring the neighborhood for the man.

Seeking a Husband.—Mrs. H. Aubin, proprietor of Walla Walla cottage at Long Beach, Wash., came to Portland yesterday in search of Captain J. F. Ryan, who had advertised for a wife. Mrs. Aubin called at the courthouse, inquired for the captain, but was somewhat disappointed when unable to find him. The captain has been a prominent figure around the courthouse halls, where he made his chief business to watch for couples going to the marriage license counter. The captain's system was to escort the couple to the system, see the necessary papers were received, take them to the judge and collect \$1 for such services. When the county board of commissioners recently passed a "no loafing" order, the captain's business career as a matrimonial agent closed.

Real Estate Man Arrested.—August Walker is being held in the cells of the law. Upon bench warrant issued yesterday over a grand jury indictment he was taken into custody for questionable land trading. Walker is a real estate dealer. The indictment upon which he is now before the court accuses him of representing to Otto Hein, a local butcher, that certain lands in Crook county belonged to himself, free and unincumbered. Hein agreed to trade Forest Grove property for the Crook county land. The trade was made a few days after which Hein discovered the title transferred by Walker was not as represented.

Policeman Cyclist Injured.—While Motorcycle Patrolmen Goldstone and Evans were this morning pursuing speeders on the Linton road, and were making 45 miles an hour near the end of Thurman street, Patrolman Evans was thrown from his motorcycle when the machine ran through a section of the oiled road. Evans fell under the motorcycle as it piled upon the side of the road, but by the rarest good fortune escaped with nothing more serious than a skinned shin and a torn pair of trousers. The motorcycle was slightly damaged, one pedal having been broken off and the light and whistle smashed.

Y. M. C. A. Auto School.—Owners, operators and prospective purchasers of automobiles can become skilful in the operation of their cars and save money on their repair bills by taking a course in the Y. M. C. A. auto school. A special course conducted by competent instructors, in a thoroughly equipped garage, is offered to meet your need. East 10th and Mill streets. Phone East 2652.

School Exhibit Praised.—M. B. McFaul, president of the East Side Business Men's club, returned yesterday from North Spring valley, where he attended Sunday the annual picnic of the community held at Brandon's Grove, nine miles north of Salem in Polk county. "The feature of the picnic was the industrial exhibit made by the children

of the Spring Valley school," said Mr. McFaul. "This school is one of the first to standardize its course of instruction by including manual training, domestic science and earth education in its courses of study. Excellent addresses were made by Governor West and State Superintendent of Schools Alderman, Minnville, Dallas and Salmon and other nearby towns sent large delegations. The bread baked by school girls, the cakes, the samples of sewing were all good to look upon," he said. "There was a fine picnic dinner and a ball game between the Chessaw Indians and the Hopewell Maroons, won by the latter with a score 14 to 1."

Would Restrict Sheriff.—A suit to restrain Sheriff Stevens from raiding the Columbia dancing pavilion, on Columbia boulevard and Union avenue, was filed in the circuit court this morning. H. H. Masters and O. E. Baugher, proprietors of the dance hall, are plaintiffs. They assert in their suit that they proposed making their place a general amusement resort. Sheriff Stevens has raided the dance hall upon the two last Sunday evenings. On the last trip he arrested Masters, and took into custody about 15 men and women. The prosecuting officers declare the dance hall is a public nuisance, evidence to support this claim being found in the conduct of many of the patrons of the place.

Woman's Will Contested.—The will of Marion Clinton was contested today in the county court by Jennie Grove of Cleveland, Ohio, who has a claim for \$7500. The deceased died December 22, 1909, leaving property valued at \$12,500. Mrs. Grove sets forth in her claim that she boarded and cared for the woman for a number of years, not charging anything for the same, as Mrs. Clinton always promised to provide for such care in her will. When the will was made, nothing was said about back bills incurred.

Dog Poisoner Busy.—A "dog hater" is working in the vicinity of Forty-ninth and Graese streets. Two pedigreed dogs have been his victims. Other dog fanciers in this neighborhood met last evening and decided to pay the expenses of a man to arrest the guilty party or parties. Several residents in this section give their attention to breeding dogs for the bench show. Such dogs are not allowed to run at large, but the two poisoned were given some drug while out on exercise.

Held for Deserting Family.—County Commissioner Hart arrested Ernest Campbell this morning for deserting his wife and four children. Mr. Campbell four months ago told her story to the county court, relating how she was left destitute. Commissioner Hart said he would bring Campbell to justice if possible. Yesterday the county official learned Campbell was employed as cook in a restaurant in the south end of town. His arrest followed.

Injured in Fall From Bicycle.—Floyd Farley, aged 12 years, of 415 E. Twentieth street, while riding a bicycle in the vicinity of his home last night, was thrown from the bicycle and sustained a compound fracture of the right leg. The little fellow was taken to St. Vincent's hospital, where the fracture of his leg was set. His father is janitor at the Washington High school.

Substitute Mail Carriers.—Six new substitute mail carriers were appointed this morning, the appointments to take effect at once. The appointees are to report not later than June 24. They are: Adam Hoelzer, 199 Monroe street; Herman Amos, 1124 East Madison street; B. Frank Roberts, 297 East twenty-sixth street north; Milton A. Yerkes, 1092 East Nineteenth street north; Raphael R. Grover and John M. Albrecht, 1234 East Twenty-sixth street north.

Woman Is Ill.—Miss Wilma Chandler, one of the members of the department of public safety for women, is ill at her home from inflammatory rheumatism. Miss Chandler returned yesterday from a two weeks' vacation trip to San Francisco, and had to be carried from the boat on a stretcher, when she arrived here. Her condition is not alarming.
