

VALUABLE JEWELS TAKEN BY ROBBERS

Smith Home, 401 Holladay, Robbed Last Night; Loot Valued at \$1400.

Burglars entered the home of Charles Smith, 401 Holladay avenue, about 11 o'clock last night, ransacked the house in about 20 minutes, and made away with diamonds and jewelry valued at \$1400. The theft occurred while Mr. and Mrs. Smith were taking their daughter to their home in an automobile. The Smiths were away from the house for more than half an hour.

Reference to the house was made through a rear window, after an unsuccessful effort to "jimmy" open the back door, as shown by marks left in the woodwork of the doorway. Mr. Smith believes that while he was trying to open the back door which had been sprung by the burglars and refused to respond to the key, the marauders got away through the front door.

Furniture in the house had been turned topsy turvey by the burglars and the rooms were strewn with burned matches. Only diamonds and jewelry were in the loot, these having been taken from Mrs. Smith's bedroom dresser on the second floor.

A metal document case had been taken from a front bedroom closet and opened in the rear bedroom, its contents being strewn about the floor. None of the papers, which were of value only to Mr. Smith, were taken.

Between \$400 and \$500 worth of gold nuggets, brought from Alaska by Mr. Smith, were in the bottom drawer of the dresser. These were apparently overlooked by the thieves.

Two rings, valued at \$250, the property of Mrs. John Dodson, a daughter of the Smiths, living at 415 East Thirty-seventh street North had been inadvertently left by Mrs. Dodson on the sill of the window through which the burglars entered the house, and they were taken along with the rest of the loot.

Besides the two rings belonging to Mrs. Dodson, the thieves took a pair of diamond earrings, valued at \$200, the property of Mrs. Smith. The loot also included a small solitaire diamond ring, a ring set with diamonds and emeralds, a large opal ring, a gold nugget bracelet, a bracelet set with 12 pearls, a necklace and eckel set with two diamonds, a child's ring, a gold pendant and other small pieces of jewelry and a Women's Relief Corps pin. The only piece of jewelry left was an Order of Eastern Star clasp pin. Mrs. Smith's watch and what money was in the house was in a handbag, left in the kitchen. This was overlooked. Mrs. Smith did not take the precaution of putting her jewelry away more securely, because she knew that she would be away from the house but a short time. The house is on much traveled thoroughfares and a street car light burns all night.

Mr. Smith was formerly with the National Cold Storage & Ice company of Portland.

SONS OF NORWAY TO MEET IN ABERDEEN NEXT

The next annual meeting of the Pacific divisions of the orders of the Sons and Daughters of Norway will be held in Aberdeen, Wash. In the meantime recommendation to consolidate the two orders will be made at the grand lodge meeting to be held in Fargo, N. D., July 12 and 13.

The sessions of the two orders came to a close last night, but the delegates will remain in Portland for the week to enjoy the Rose Festival celebration. New officers for the Sons of Norway Pacific division for the ensuing year will be Hans Bugre, Bellingham, president; G. Lund, Seattle, vice president; W. E. Olsen, Seattle, secretary; L. V. Belland, Astoria, judge; Hans T. Trelling, Eureka, Cal., regent; A. B. Horn, Tacoma, treasurer; Andrew Marcus, Portlatch, Idaho, marshal; Andrew Wunberg, Aberdeen, inside guard; A. Kreggeit, New Westminster, B. C., outside guard; B. L. Kirkbeek, Tacoma, trustee. Delegates to the grand lodge will be L. O. Belland, Astoria; L. Miller, Seattle; G. Lund, Seattle; I. Grindstaf, Bellingham; G. Pederson, San Francisco; S. Hall, Stanwood, Wash.; H. Borstad, Couer de Alene, Idaho; I. Knudson, Portland; O. Trygstad, Vancouver, B. C.; W. B. Olsen, Seattle.

The daughters selected their officers for the ensuing year, with Mrs. Martha Heggstad of Tacoma as president, and Mrs. J. Nelson, of Seattle, as grand secretary.

Glasses Once the Signs of Old Age, Are Now the Signs of Good Sense

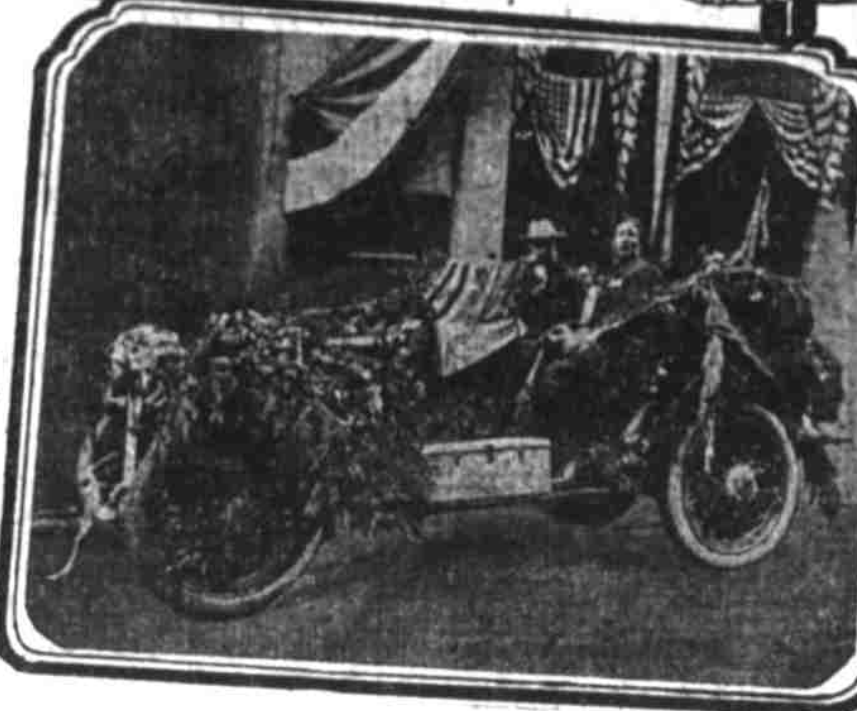

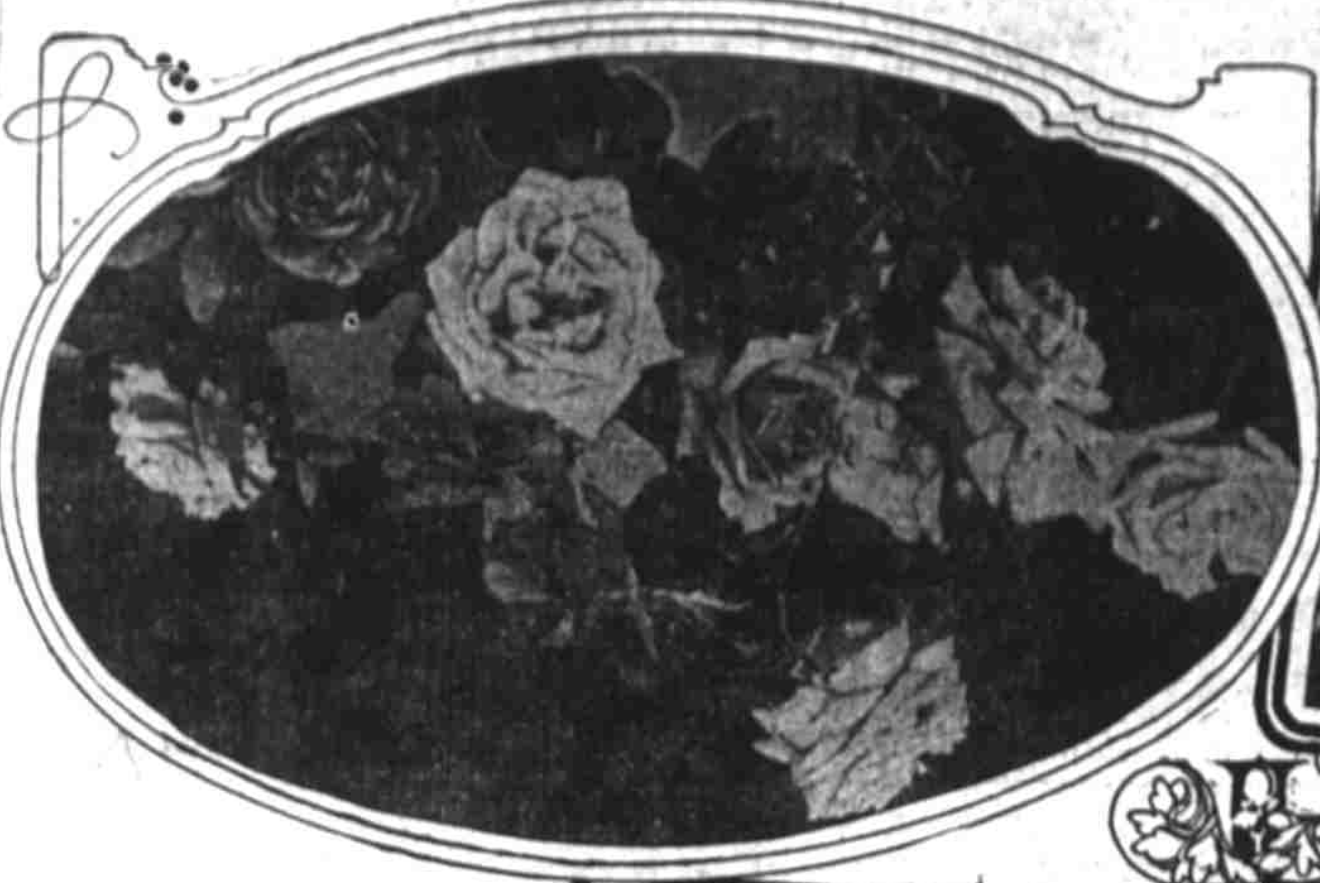

In the days of the old style double vision lenses, older people hesitated to wear glasses because of the ugly, conspicuous lines.

Today everybody advises our invisible double vision lenses that look like a single pair of glasses, but serve the purpose of two.

We invite the fullest investigation of our ability to serve you best.

Hill at North Bank depot which was decorated by Eugene Commercial club.

PANAMA-PACIFIC FAIR TO OPEN FEB. 20, 1915

Louis Levy, chief of the department of publicity of the Panama Pacific International exposition, who had charge of the arrangements for entertaining the "Oregon First" on its recent visit to San Francisco to select a site for participation in the 1915 exposition, is in the city to attend the executive committee of the festival association during the Rose Festival.

Levy regrets that President Moore was unable to come to Portland to participate in the festival. The exposition's chief executive is extremely busy receiving delegations from the various states that are coming to San Francisco to select sites and other important business is occupying his attention at this time.

"The exposition is scheduled to open on February 20, 1915," said Levy, "and the directors of the exposition guarantee that it will be ready on opening day. One hundred representatives of San Francisco will journey to Victoria, British Columbia on August 22, under the auspices of the 'Flying Legion' of the San Francisco Commercial club. The organization has received a cordial invitation from the mayor and citizens of Victoria and plans are being made to entertain the visitors from San Francisco on an elaborate scale. It is expected that Mayor Rolph and President Charles C. Moore of the exposition will accompany the delegation.

A special train will be provided to carry the delegation north and on the return trip stops will be made at the leading cities of the northwest. This trip is being taken in the interest of the Panama Pacific International exposition of 1915.

"The hotel men of San Francisco have pledged themselves to raise \$100,000 in addition to the \$100,000 they have already subscribed in aid of the 1915 World's fair. San Francisco has 1237 hotels with 60,000 rooms. Ninety per cent of the hotels are less than four years old and are modern in every respect. In 1915 the list of hotels and apartment houses will be increased materially."

DR. EQUI SUES OWNERS OF MEDICAL BUILDING

Dr. Marie D. Equi filed suit this morning for \$30,000 damages against the owners of the Medical building for treatment she recently received at the hands of George B. Prettyman, superintendent of the building. The action is based upon the continued fight between the physician and the superintendent in which she recently had indicted by the grand jury for assaulting her. She had offices in this building.

The particular assault made upon the woman physician by Prettyman is alleged in the complaint filed today to have been made on the night of May 15. She recites that Dr. Alvin Baird had given her permission to use the telephone in his office as woman had refused to take her down in the elevator. This was late at night. Dr. Equi was telephoning the police, when Prettyman came in upon her. The complaint alleges he threatened her with a pistol, pulled handcuffs from his pocket and threatened to arrest her, and finally pushed her from the office. After pushing the woman into the corridor, the superintendent is then said to have dragged her back into the office of Dr. Baird, where he seized her by the neck, threw her upon the floor, forced his knee into the small of her back, beat and bruised her until she was unconscious and helpless. The woman alleges her clothing was badly torn in the scramble. The complaint further sets forth that she attempted to explain to Prettyman that she had business at her office and also had permission to use Dr. Baird's office. Following such treatment, the bill reads, that she was ill for several days, suffered a heavy financial loss and has been unable to take care of her practice since that date.

Complaint was made by Dr. Equi to the owners of the building that the superintendent was abusive, and had often threatened her. Other physicians are also stated to have made similar complaints. The negligence of the owners is alleged to be in keeping such a man as superintendent. The Pacific Trust company own the building. Dr. Equi is represented in the suit by Attorneys W. Montague and Hunt and Frank C. Hesse.

59 RUSSIAN LABORERS CREMATED IN BARN

(United Press Leased Wire.) St. Petersburg, June 12.—Burned while asleep in a barn near Tambrow, Central Russia, 59 laborers are dead today. The origin of the fire is not known.

Destroyer Jenkins Accepted. (United Press Leased Wire.) Bath, Maine, June 12.—Uncle Sam's new torpedo boat destroyer Jenkins was formally turned over to the government and accepted today. The vessel having successfully passed all the prescribed tests.

RIVER PAGEANT TO BE BLAZE OF LIGHT

The marine pageant tomorrow night will make the river a blaze of light. Its fireworks will be incessant. Its lights will be of all the colors of the rainbow boats, and more, if possible. Admiral C. V. Cooper, commander of the parade, has issued to all entrants final instructions, which follow:

"Parade will form as follows: 'Class A, work boats, at the Portland Flouring Mill company's dock, reporting to Captain W. L. Boyer of the Dix. Classes B and C boats, cabin and open runabouts, at the Pacific Elevator dock, reporting to Captain C. B. Brown of the Betsey B.

"The parade will move when the fire boat George H. Williams blows one blast of her whistle, about 8:30 p. m.

"All boats are requested to be on hand at 7:30 p. m., to enable them to get their fireworks from the fire barge, which will be moored at Oesonne dock at 7:30 p. m. By holding the lighted end of the red fire sticks and electric sparkers over the water there will be no danger of fire.

"The route of parade will be up the river, turning above the Hawthorn's bridge and counter march down the river through all the bridges, disbanding in lower harbor.

"The typewritten instructions mailed each boat entered must be carefully complied with."

EXCELLENT WORK DONE BY HUMANE SOCIETY

The work of the Oregon Humane society for the month of May was unprecedented in the history of the society, according to the monthly report given at a meeting of the trustees of the society Monday in the directors' room of the Security Savings & Trust Co. The manager of the Humane society's offices at 175 Madison street reported that 487 horses and mules were examined during the month. Thirty-two horses were taken from work, being in unfit condition, and five were destroyed. Thirty-seven cows were examined, four discovered in bad condition and one destroyed. Twenty-nine dogs were disposed of and 178 cats were looked after by the society. Four of the 10 barns examined were found in bad condition and condemned.

During May four arrests were made for cruelty to animals. Of the four arrested, three were convicted and two were required to pay fines. A suspended sentence was given in the third case. The society looked after the sending of 333 city blocks, which was done with the new sanding machine. Water and nesting facilities for the children during the parades of this week are being arranged by the society.
