

### POLITICIANS HEAP INSULTS BUT NO TIPS ON BELLHOPS

#### Call Chicago Species "Pages" and Don't Know What It Means to Give a Fellow a Little Extra Change.

(United Press Special Wire.) Chicago, June 12.—The bellhops at the Congress hotel, headquarters for both President Taft and General Roosevelt supporters, are "bees" at the politicians. "Those Washington fellows," said one bellhop, "think we are pages, and were never known to tip a fellow."

Former Congressman James A. Tamm of Minnesota has gone to Dickens' works for ammunition against Roosevelt. To a crowd in the Congress hotel lobby he said:

"Dickens wrote to a fellow named Randall or Randolph that after our cities grew the people would become discontented. Then Dickens said, a demagogue would rise and say to the people 'You follow me, I'll get all you want immediately,' and Roosevelt is the fellow Dickens was talking about."

"That's Me," Says Negro. Judson Lyons, a Washington negro, once registrar of the treasury, attracts considerable attention in the convention crowds. "What is your name," a reporter asked him.

"Got a dollar bill?" asked Lyons. When the reporter reluctantly drew forth the specie called for, Lyons pointed to his signature on one corner of the bill and said: "That's me."

Women Writers Await Two. The brigade of women writers already on the scene is laying in ambush for two women, who are due soon in Chicago—Mrs. Florence Collins Porter and Mrs. Isabella W. Blaney, delegates from California to the national convention.

"You boys must excuse us if we get wrongly," said Senator Borah to the reporters. "You know we've never had reporters in national committee meetings before and we may not know how to act until it is time to adjourn."

Ten minutes later he was hurling his "steam roller" accusations into the ring.

### 'SIT DOWN!' SAYS COURT; AND 'SCOTTY' SITS DOWN

Los Angeles, Cal., June 12.—"Death Valley Scotty's" pride is pricked today, the result of a thrust by Superior Judge Craig, before whom he appeared in supplementary proceedings inquiring into his brother's property.

"Sit down!" thundered the court when the miner vaulted into the witness box. "to hear better."

"This spectacular business outside the court may be all right, but it is beneath notice here," added Judge Craig.

### "NOT SO DEAD YOU COULD NOTICE IT AT ALL," SAYS MAY YOHE

Atlantic City, N. J., June 12.—"Dead? Not so you could notice it." With this remark May Yohe, actress, who disappeared from her apartments in New York recently and was believed by some to have committed suicide, is reassuring friends here today.

Miss Yohe walked into a cafe here and declared she had been taking an automobile ride over the country for the benefit of her health.

"Uncared for hair cannot be beautiful. There is no part of the human makeup so revealing as the hair. It cries out: Look at me, care for me, or I will disgrace you! Treat me with consideration and I will be a glory to you."

With the above words, Lillian Russell, an unquestioned authority on feminine attractiveness, places no uncertain value on nice hair as a beauty asset. Unkept, uncared for hair not only cannot be attractive but is actually a disgrace.

But why have ill-kept, untidy hair? By devoting a few moments regularly to brushing and intelligent application of Herbro's Herpicide, the hair may be made to yield wonder—returns in increased personal charm.

Dandruff, which is due to a germ-microbe, is the direct cause of more hair trouble than anything else. The hair becomes thin, harsh, uneven and falls out in quantities. It looks dead and lifeless; there is no luster. The scalp itches.

Herpicide will destroy this dandruff germ that causes all the trouble. Cleans the scalp, gives the hair life, snap and luxuriance. The hair stops coming out, the itching ceases almost at once and withal there is a most gratifying sense of cleanliness.

To the woman who wishes to make the most of nature's gifts by having fluffy beautiful hair, Herbro's Herpicide is a toilet necessity. It is exquisitely perfumed and is a delightful hair-dressing.

In 50c and \$1.00 sizes. At toilet goods counters everywhere. If not as represented, your dealer will refund your money.

Applications at the better Barber Shops and Hair Dressing Parlors.

Send 10 cents for sample bottle and booklet to The Herpicide Co., Dept. B, Detroit, Mich.

### PRESSMAN FREEL UNDER HEAVY FIRE

#### Chicago Unionist Makes Charges Against Officer on Floor of Convention.

(United Press Special Wire.) San Francisco, Cal., June 12.—Declaring that President James Freel of the International Electrotypers and Strikers' union had ordered the striking members of Chicago local No. 4, back to work without investigating the grievances which made them go out on sympathy-strike with the Hearst pressmen, President L. P. Straube of the Chicago union continued his argument for his local's reinstatement before the eleventh annual convention of the international union here today.

Straube also charged that when President Freel visited Chicago he avoided meeting the officials of the union until after he had conferred with the Publishers' association. In the course of his argument Straube exhibited 125 letters to members of his union, which he declared were written by the international executive board, of which Freel is a member, in an effort to form a new union after they had taken away the charter of local No. 4.

It was agreed that President Freel should reply as soon as Straube finished his argument.

### ASSERTS BRYAN WILL WIN IF NOMINATED

M. A. Miller, member of the Democratic national committee from Oregon, will leave tomorrow for the east, preparing to visit the Republican gathering in Chicago before proceeding to Baltimore for the meeting of the national committee of his party on June 22.

Mr. Miller is making no predictions as to the outcome of either of the great conventions. He would not discuss the chances for the nomination of W. J. Bryan, but said he believed the commoner will win the election if nominated.

Conflicts in the Democratic delegations are few this year, and the national committee will have only two working days before the convention meets. This is expected to give ample time for the consideration of contests.

Oregon delegates to the Baltimore convention will begin to leave the last of this week, several planning to stop on the way to see the fun in Chicago. Besides giving their support to Woodrow Wilson, the Oregonians will start a boom for Senator Chamberlain for vice president, having been instructed for him in the primaries.

### BRIDGE OF GODS NOT TO GIVE SHOW TONIGHT

Postponement of the electric parade until tonight has resulted in the abandonment of the performance arranged for "The Bridge of the Gods" at Multnomah field tonight. Consideration of certain circumstances by the directors will be required tonight before any announcement can be made regarding the plans for Friday night.

Persons who purchased tickets for the Wednesday night performance may have their money returned on application to Rowe & Martin, or if they so desire their tickets will be exchanged for Friday night, in the event of a performance being held on that day.

The postponement of the electrical parade until tonight was the cause of the abandonment of the Wednesday performance of "The Bridge of the Gods." Over \$1000 in tickets had been sold, but despite this fact O. C. Bortmeier, treasurer of the company, declared that "The Bridge of the Gods" was indebted to the Rose Festival association for numerous courtesies and that it had never been the intention of "The Bridge of the Gods" at any time to run a counter attraction, but to provide an additional attraction for the Rose Festival.
