

DARING AVIATOR MAKES THRILLING FLIGHT IN SAFETY

Death-Defying Journey in Mid-Air Stamps Silas Christofferson as Courageous and Skillful Manipulator.

Silas Christofferson may take his place among the most daring and original aviators in the game of flying by virtue of his flight from the roof of the Hotel Multnomah, Portland, to the military barracks at Vancouver, Wash., which he negotiated yesterday afternoon with great success.

Makes Fine Start.

He gave his engine a preliminary turn or two, warped the wings and planes of his Curtiss biplane to see that all was well, and took his seat at the steering gear of the hawk-like craft. The machine was given a start as the propeller responded to the engine power, and glided gracefully along the 14-foot slightly inclined runway which had been built the length of the hotel roof. Two or three feet from the end of the runway, the "jumping off place," as it were, the aviator lifted his front plane and the machine took the air as it must have taken if probably a fatal accident were to be avoided. Christofferson steered slightly to the east headed north, and then turning again slightly to the west he was soon out of sight.

Twelve minutes after his take-off from Vancouver that the man had made a successful landing on the polo grounds at the barracks.

Soars 3000 Feet.

"When I left the roof of the hotel everything was lovely, but the forward plane did not respond as I would have had it do. I lost my way soon after passing St. Johns, but on seeing the North Bank railroad bridge at Vancouver I got my bearings again, and knowing that I was bearing my mail I headed east. I was flying about 3000 feet high when I passed the river south of Vancouver. There was not as much rain at that altitude as there was nearer the earth. Several friends were waiting to greet Christofferson on his arrival at Vancouver and he was soon back in Portland again receiving the congratulations of other friends and admirers.

Preparations for other flights are being made by Christofferson, and weather conditions permitting, he may give further demonstrations during festival week.

50 CHILDREN TO TAKE IMPORTANT PART IN FLAG DAY EXERCISES

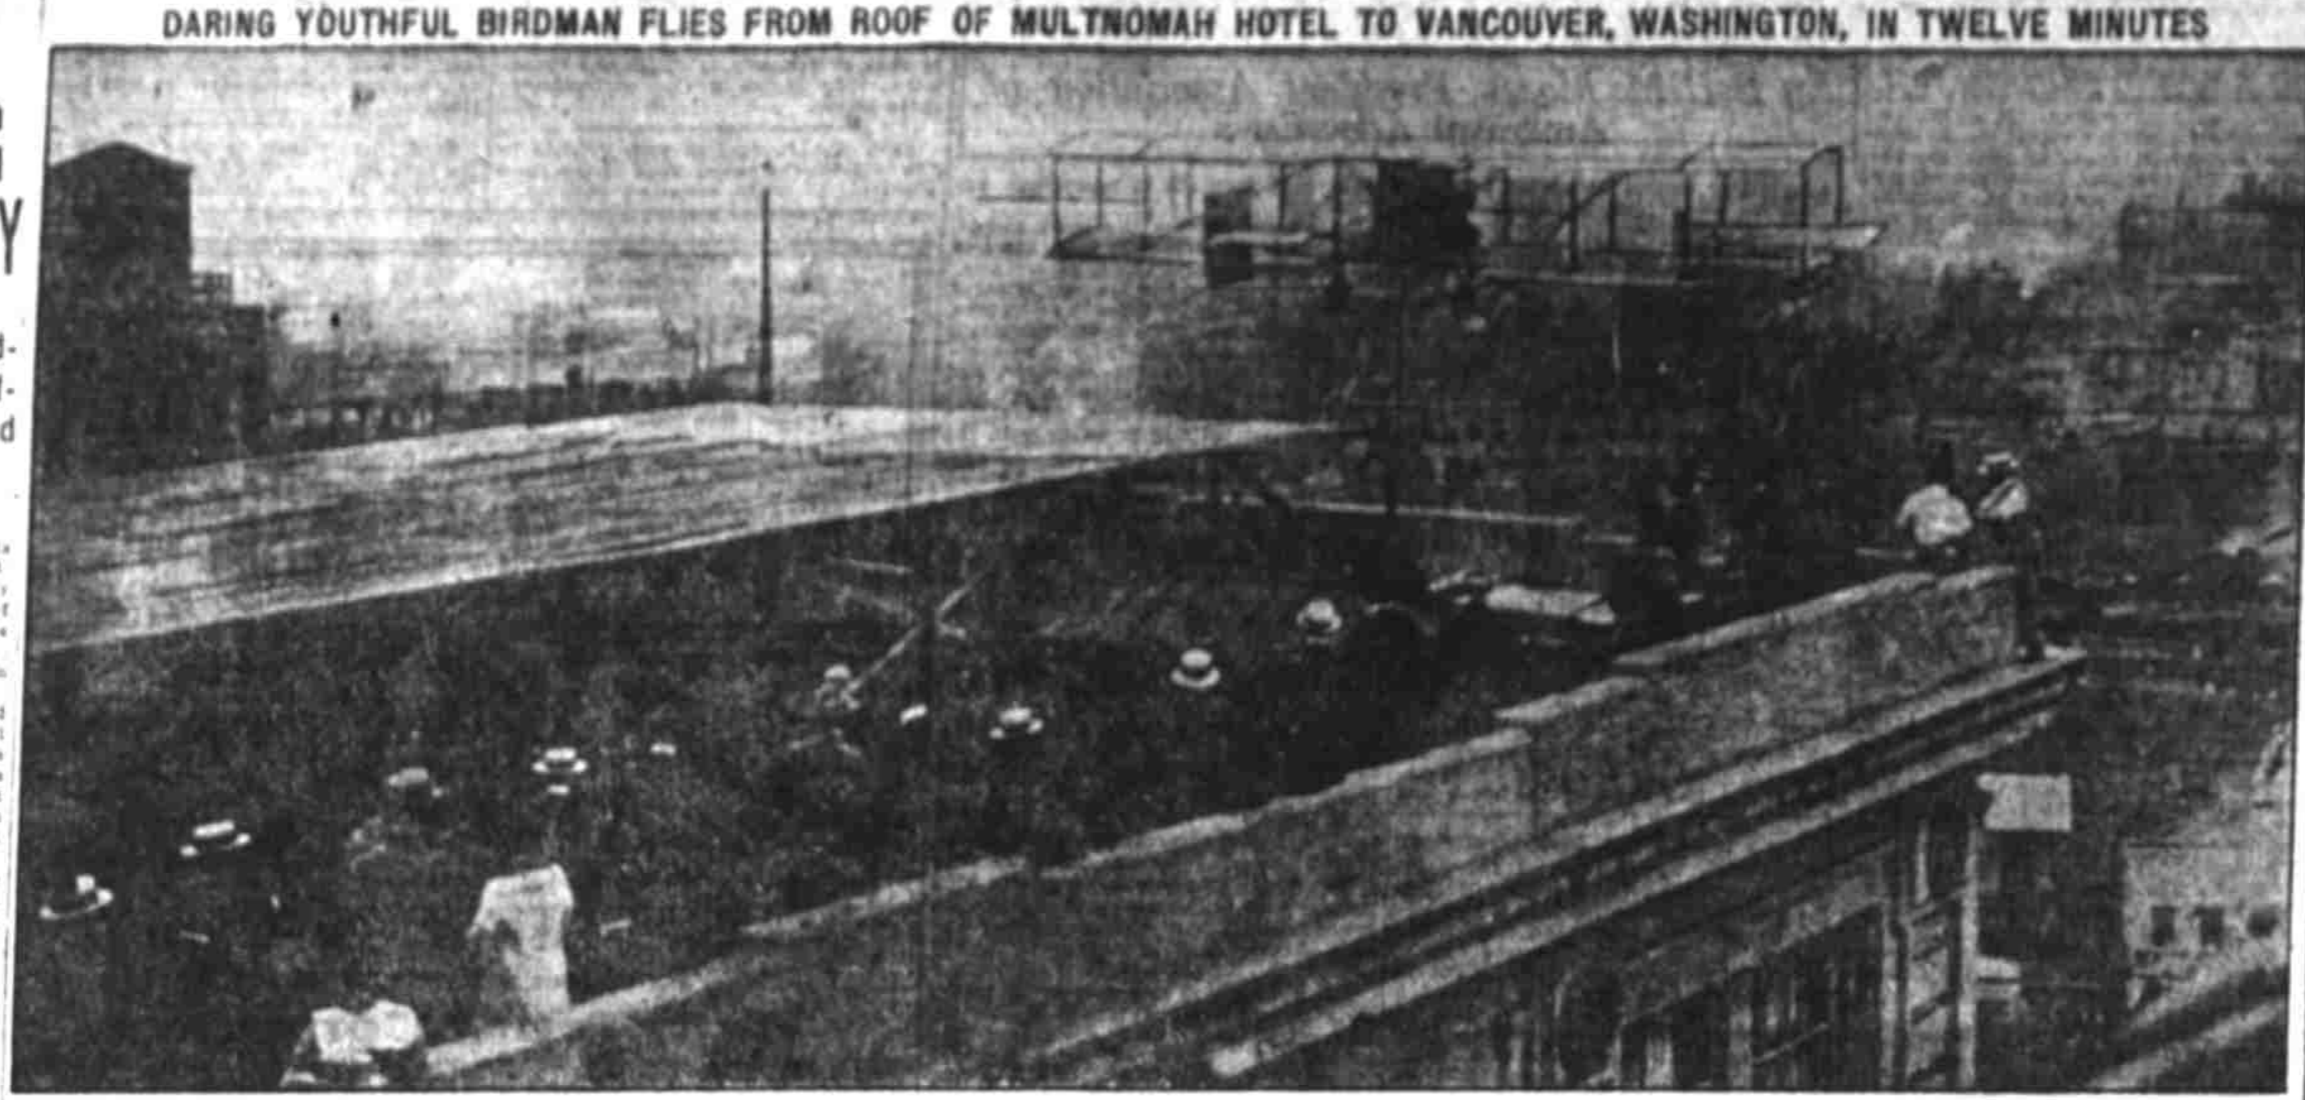

Fifty children from the Couch school are to take part in the Flag day celebration which is to be given at the Hungate theatre at 1:30 o'clock Friday afternoon, under the auspices of the Multnomah chapter of the Daughters of the American Revolution. The "Evolution of the Flag" will be the subject of the program, it being the history of the various phases of the flag from its inception to the present time. The story is told by persons portraying the characters of Uncle Sam and Miss Columbia and is to be illustrated by children representing the different states. The important changes in the flag will be marked by displays of "The Star Spangled Banner," "The Star Spangled Banner" of 15 stripes, Centennial flag and others. The various evolutions of the American flag will be marked by recitations, songs, marches and drills. The new flag code adopted by the Sons and Daughters of the American Revolution will be given in full. Colonel James J. Jackson will give a short talk and Mrs. Henry W. Metzger will sing "The Star Spangled Banner." The general public is invited to be present. The admission is free.

If a man is ruled by his feelings he's apt to travel in a zigzag course.

HUMAN ROSEBUD PARADE FRIDAY

4000 Pupils From 20 Schools Will Take Part in Pageant.

At 3 o'clock Friday afternoon on Grand avenue the Human Rosebud parade will take place. It is one of the most genuinely beautiful, winsome events of the Rose Festival. It is the contribution of the east side business men and schools to the festival.

Four thousand children from 20 schools have been trained to exquisitely maneuver in a score of intricate, competitive formations by Professor Robert Krohn. The children will represent flowers of many kinds with the rose leading. There will be folk dances and allegories. The children are entering into the plan with an enthusiasm that promises a representation much superior to that of last year, beautiful as it was.

and beautiful view. It was all a recompense for the delay and the consolation lay in the fact that the brilliant process-

ional would be as vividly splendid, as worthy of the crowded thousands expecting it, as it would have been last night.

"Hope deferred but to be realized," is the promise of the Festival management. When it became certain that the parade could not be given last night, the news was sent forth along the line of parade in the form of men with megaphones, who traversed the streets three times. Every effort was made to inform everyone. The young women who had come to the Oriental building on the exposition grounds, where the floats were built, were served with supper, then taken in automobiles to the street cars. The same plan will be followed tonight and Saturday night. Many of the girls are accompanied by their mothers, as added precaution against embarrassment.

Milady's Toilet Table

By Mrs. D'MILLE

"Dull and lifeless hair makes a woman look older than she should. Dry shampooing makes the hair brittle, fluff and breaks—full of life and lustre. Put four ounces of powdered orris root in a fruit jar and mix it well with an original package of the Therax. Sprinkle a teaspoonful of the mixture on the head once a week and brush it out thoroughly. Therax makes hair grow when everything else fails.

"The natural beauty of a person's face is marred by thin and straggly eyebrows and lashes. Rubbing gently with plain pyroxin will induce them to grow long, thick and silky. The eyebrows should be brushed daily to train them to grow into an arch.

"Instead of powder and paint, use a simple complexion lotion made at home by dissolving an original package of mayonaise in a half pint of witch hazel. Gently rub over the face in the morning and all day your skin will be clear, soft and satiny as a baby's—with no dark or muddy discolorations.

"Delatone is equal to the electric needle for the removal of superfluous hair, is positively painless, and not nearly so expensive. Just mix a little delatone with water; cover the wild hairs with this paste; let it remain two minutes; then wash the skin, and the hairs will be gone."

Good Meals at Camp Comfort

The boys at Camp Comfort are using the same stove that they had last year. It was the best they could get. It was a **New Perfection Oil Cook-stove**.

This year they got a **New Perfection Oven**. Also a **New Perfection Toaster**. Also a **New Perfection Broiler**.

"See, what a difference in the meals a good stove makes," said one of the boys. And they will tell their mothers and wives about the stove, too. For the **New Perfection Oil Cook-stove** is so convenient for the home as for the camp. It will bake, broil, roast and toast as well as a regular coal range.

250 BLACK CATS TO ASSEMBLE TONIGHT

At 6:30 o'clock tonight about 250 black cats will assemble in the blue room of the Hotel Multnomah for a big 1100 Hoop feast. It will be followed by a concert-entertainment at which 15 kittens will be initiated into the mysteries of the kingdom of the black cat.

"Bob" Inman, former Snark of the Universe, will be toastmaster and while there will be no long speeches a few speakers will be called upon to express new ideas or sentiments that they may harbor.

The program is so arranged that those who attend will be free to witness the Rose Festival features that are to entertain for the evening.

Oaks Rink, now skating; big crowds.

Coupon Day

In order to purchase any item on the list, you must present the coupon. Every item is considerably underpriced, and most of them are offered at far less than cost, but if we can impress you with The Owl's 20th Anniversary by a reduction on our actual cost, it surely is much better than giving a souvenir, which usually is of no value and conveys no lasting impression.

Friday, the fifth day of this noteworthy event, will be Half-Price Day, but no item in today's paper will be repeated.
