MRS. THOMAS TAGGART CELEBRATES WEDDING ANNIVERSARY, CHICAGO

Senator Newlands Would Disfranchise Negroes and Ship Them to Africa.

Fully 90 Per Cent of the Tillamook and Coos Bay Output at Present Is Going to California, Washington and Idaho.

Sales Made Along Street as High as \$1.50. Only Stock Available Is That Which Was Not Sold by the Growers Yesterday.

While a Few Head May Sell at \$7, Frank Tompkinson of Front Street Investigated and Finds a Shortage of 25 Per Cent; Packers' Competition Unusually.

Owing to Damage to New Crop by Recent Rains Call for 1911 Growth Is Improved; Trade Is Awaiting Grain Reports.

Senator Newlands, of Nevada, who wants to disfranchise all the negroes of the United States and ship them back to Africa, has a long speech prepared, in which he says:

Portland Wholesale Market. Eggs steady. Chickens steady. Cheese and butter firm. Peaches lower. Canned tomatoes in abundance. Strawberry advanced. Hop contracts firm. Local blackberries ripe. Cherry market glutting. Dressed veal very firm.

With the normal supply of strawberries available, there was a slight advance in price for the fruit. The market was not heavy. However, it was not so much as it was a week ago. The price of the fruit was not so high as it was a week ago. The price of the fruit was not so high as it was a week ago.

In the Stockyards. North Portland-Hogs firm. Cattle lower. Sheep firm. Kansas City-Hogs to higher. Cattle firm. Sheep 1 to 10. Oregon Hogs steady. Cattle and sheep firm. South-Portland-Hogs to the higher. Cattle and sheep steady.

That there has been a decrease of fully 25 per cent in the marketing of veal calves all through the season during the last few days has been asserted today by Frank Tompkinson, a commission man, who has fully investigated the market.

By John Inglis. Wheat still retains its uneven character. Millions of bushels of hoppers shown all ready and they are working on the late wheat. The price of the early wheat will be cut next week. An occasional acre field is just coming up while others are knee high. Weather is clear and warm.

Baltimore, June 21.—Mrs. Thomas Taggart of Indiana, who is here with her husband, the national congressman from Indiana, celebrated with him this week in Baltimore the thirty-sixth anniversary of her marriage.

Senator Newlands, of Nevada, who wants to disfranchise all the negroes of the United States and ship them back to Africa, has a long speech prepared, in which he says:

The strength of the cheese trade is much more apparent at other places along the Pacific coast than at Portland. Packing interests are the chief factor here, but they have been mistaken in their ideas, and are now trying to cover.

Heavy rains of the past few days have made it almost impossible to secure any fresh strawberries. A large percentage of the fruit on the vines was overripe and therefore is now beyond the reach of the market.

While there were no cattle among the arrivals at North Portland today, the situation is better, with prices practically the same. While one small sale was made yesterday with steers at \$5, it would have been impossible for a carload to bring this figure and nothing over \$6.90 is now available in lots.

That this new condition will have some effect upon the price of veal in the wholesale trade I have not the slightest doubt. At the present time there is an excess quantity of country veal in the front street trade, and prices are therefore very high.

WHEAT CARGOES STEADY. London, June 21.—Wheat—Cargoes, steady. Walla Walla for shipment at \$1. English and French country markets, firm.

Senator Newlands, of Nevada, who wants to disfranchise all the negroes of the United States and ship them back to Africa, has a long speech prepared, in which he says:

Additional strength is showing in the local butter trade and the price is firmer, although unchanged at the moment. Northern interests continue to purchase everything available.

There was a good opening at Liverpool but this did not influence the home trade which fell away upon the approach of the staff of similar quality. The bulk of the staff of similar quality would not bring within a dime of the top.

Considerable strength continues to be shown in the cattle trade at other centers and this will probably have the effect of forcing more stuff away from home. The market is strong for calves during the day with a run of 1500 head.

New York, June 21.—The stock market was about half higher and half lower for the day. There was a fair volume of business done to 2 o'clock, reaching 26,300 shares.

Stalls of old hay in the city are not heavy, but there is much offering from the country. This has been held back at the request of the trade here, which notified shippers some time ago that the market was in no position to absorb greater offerings than it already had.
