Youthful, Wrinkleless Skin Easy to Have (Elberta Reid in Woman's Tribune.)

You who desire to regain a youthful appearance will do well to make the acquaintance of the two simple, but valuable, prescriptions here given.

To make an effective wrinkle-chaser, mix an ounce of salicylic acid and a half pint witch hazel. Bathe the face in the solution—Immediately every wrinkle is affected. It acts wonderfully on sagging facial muscles, also, the lotion possessing remarkable astringent and tonic properties.

To get rid of an aged, faded and discolored complexion, buy an ounce of common mercurized wax at any drug store and apply nightly as you would cold cream, erasing this morning with soap and water. This will slowly absorb the undesirable surface skin, revealing the younger, brighter, healthier skin underneath. I know of nothing to equal this treatment as a facial rejuvenator.
