

WILLIAMS' STICK HELPS PARSE WIN TWO-HIT CONTEST

Colts Move Into Top Position With Victoria by Winning Eighth Straight Game, on Pitching and Hitting.

With Manager Williams hitting like a fiend in the pincches and Parson Bloomfield pitching two-hit ball, the Seattle club had no chance to win yesterday's game and the Colts put up their eighth straight victory, being even up with Victoria for the leadership of the league in the greatest baseball race ever staged.

"Little Nap" Raymond delegated big Harrenkamp to do the gunning for the Colts and Manager Nick began to solve his slants in the first inning, knocking three slammers just inside of and above third base during his trip to the plate.

Speas started off in the first inning with a scratch hit to Raymond, and Fries sent a high hopper in front of the plate, leading it out. Cruikshank's out put the pair up a base, and both rared across the rubber on Williams' terrific drive just to the left of Chick. Nick reached second when Strat let the ball roll through him, but was out trying to reach third on Moore's ground er to Harrenkamp. McDowell was out on a long fly to Mann.

Get One Run Back. The visitors got one run back in the second without a bing. Chick walked, Fries second and took third on Moore's drive to second. Moran was out and stole second. Bloomfield tightened and fanned Brooks, but Whaling shot a long fly to Fries, and Chick scored after the catch. With two out in the last half, one having been forced by Bloomfield, the latter sprited all the way home on Speas' triple to left center.

Coltrin walked in the fourth, went to third on Bloomfield's single to right and scored when Speas forced Bloomfield at second. Fries' single to left in the fifth, Cruikshank's infield out and Williams' single over Chick's head, gave the Nicks their fifth run.

With one out in the ninth, Bloomfield lost control and walked Strat for the second time, afterwards hitting Chick. With three and two on Moran, the latter turned a beauty over second base, and both runners scored, when Fries let the globe roll between his toes. Schneider was put in the bat for Brooks and drew a pass. Williams was inclined to replace Bloomfield with Eastley, but concluded to wait a moment and the person came through in fine shape, throwing, Whaling's ground er to Kibble to force Moran and giving Jack a chance to double Whaling out at first. The score:

PIITTSBURG OFFERS \$30000 FOR WESSOR OF WASH ON HOPES

Scout Van Haltren Wants to Buy Great Portland Outfielder.

George Van Haltren, who, besides being an umpire in the Northwestern league, is a scout for the Pittsburgh National league club, has, it is said, offered Judge W. W. McCredie the sum of \$30,000 for Eddie Messer, the great little outfielder of the Portland Colts. Judge McCredie has taken the case under advisement. However, it is hardly likely that Messer will go to the Pirates until the Cleveland club, with which McCredie is doing business, has passed on Messer.

This is the season for sales of minor league ball players to the majors, and D. E. Douglas, the Seattle manager, was first at bat with the announcement that he had sold his star battery, Pitcher James and Catcher Whaling, to the Boston Nationals for the biggest price yet paid on the coast, without naming the exact amount of money involved. The price that Van Haltren has offered for Messer is not too much. The Colt outfielder would probably bring more than that later in the season. He is the fastest man that ever played on the Pacific coast, unless Doane of the Portland Beavers gets to first faster than he. He is a much better outfielder than Doane and a better hitter in the pincches. Where Doane depends on his speed to beat out infield hits, Messer can crack them through the defenses as good as any minor leaguer. Messer has a splendid physique, which overcomes objection to his size.

Van Haltren is not saying anything about his offer for Messer, but it comes from good authority that it was made by the veteran, who is gunning for the Buccaneers. Messer is spending his second year in organized baseball, having started his short career with the San Jose outlaws.

AMERICANS OUT OF GRAND PRIX EVENT

Disqualified for Filling Tank Enroute and Frenchman Declared Winner.

Dieppe, June 26.—George Bollott, a Frenchman, driving a Peugeot car, won the grand prix of the Automobile Club of France today. Louis Wagner, driving a Fiat, was second. Both the Americans who started in the international automobile grand prix were declared out today. David Bruce-Brown, who headed the field, was disqualified in the fifth lap today because he filled his tank enroute instead of in front of the grandstand, as the rule requires. He voluntarily withdrew. Ralph De Palma followed the same rule and was likewise barred.

Bruce-Brown had a big lead in the fourth lap, after which Bollott, who ran second yesterday, took a lead. A spare wheel from Bollott's car became detached and flew into the crowd along the course, seriously injuring a gentleman. The roads were extremely heavy today, because of a steady downpour. This fact, with the disqualification of Bruce-Brown, who was making a great record, has robbed the big race of much of its interest. Bollott's time for the 240 miles was 14 hours and 11 minutes. Wagner's time was 14 hours and 15 minutes. Bruce-Brown continued in the race and despite his delay, finished third, unofficially. It is said that his disqualification may be contested, on account of the circumstances under which he replenished his tank. The bad roads made it comparatively slow today, and the time is far below the record for the course, held by Nazarra, who, in 1907, averaged 70 1/2 miles an hour. Bollott's average time was officially announced as 111 kilometers per hour. The course record held by Nazarra is 113 kilometers. Bruce-Brown's average yesterday was 116 kilometers.

At the meeting of the officers of the Riverside Driving club last night it was decided to hold a double race meet Saturday and Sunday, July 13th and 14th. The first card will be staged on the last day of the "Bike" reunion.

Horses from Cornelius, Forest Grove, Vancouver, Salem, Gresham, McMinnville and other valley towns will be entered in the various trotting and pacing races. There will be about six harness races and two or three running races each day.

Charles Jeffrey and C. W. Flanders were elected members of the race committee. The other members of this committee are C. W. Todd, D. Anderson and G. K. Howitt. R. P. Martin was elected paddock steward. The resignation of J. D. Olson, assistant secretary, was accepted. Final arrangements for the two days' meet will be completed at a meeting which will be held later in the week.

COTTAGE GROVE WINS FROM ROSEBURG TEAM. Cottage Grove, Or., June 26.—In the best game of the season played on the local grounds, the crack Roseburg team went down to defeat Sunday before the local team by a score of 4 to 1. Cottage Grove made two scores in the second inning, one in the third and added two more in the eighth. For four innings not a man was able to circle the bases on either side. Roseburg made its lonely single tally in the ninth, the result of clean hitting. The pitching of Rankins for the Grove was the feature of the game, having 14 scalps to his credit and letting his opponents down with five hits. Batteries—Cottage Grove, Rankins and Glass; Roseburg, Matthews and Perry. Umpires—McFarland and Owens.

Good News for Ladies. During the San Francisco-Portland series, Elks' reunion week, every day, instead of Friday, will be ladies' day at the ball park. Cal Ewing telegraphed Judge McCredie yesterday that the San Francisco club was willing to celebrate local team with free admission to the fair.

ANGELS DAUB COACH OF WASH ON HOPES

McCredie's Hitless Wonders Johnson Said to Be Troubled With Kidneys, but Condition Satisfactory.

Los Angeles, Cal., June 26.—The Angels applied the whitewash brush to the Beavers yesterday afternoon, 3 to 0. Heston Steiger was on the mound for the Beavers and held the Angels to one run till the seventh inning, when he weakened and the locals chased two more runs across the plate. It was the same old story with the Beavers. No one could hit when runners were on the bases. The Beavers had several chances to rally, but the necessary hits were missing. Steiger pitched for the Angels and did some good leaving, allowing but five hits, while nine were collected off the Portland twirler.

The fielding game was very good, the only error being given to Lober for dropping Doane's fly in the ninth inning. Doane reached third on the error, but the three following batters could not hit anything. The Angels scored in the first inning on Berger's single and Helmstiller's double in the seventh inning a base on balls to Brooks, a sacrifice, Howard's near home run and Berger's single. The Angels led 1-0. Howard's only error being given to Lober for dropping Doane's fly in the ninth inning. Doane reached third on the error, but the three following batters could not hit anything.

ELLYN BETTER SHAPE FOR FIGHT

Johnson Said to Be Troubled With Kidneys, but Condition Satisfactory.

Called Vegas Lapsed Writer. Last Las Vegas, N. M., June 26.—That Fireman Jim Flynn, who meets Jack Johnson here July 4, is really in far better shape than Tommy Ryan, his former trainer, would have the public believe, evidenced by the stiff workout he goes through and by the manner in which he finishes his daily training stunts.

Old hands at the fight game agree that the Public man goes through a more vigorous routine than 99 per cent of the present day boxers would care to tackle. While he needs a little more hard work to take off a slight paunch he is carrying, his mental and physical condition is now so good that he could step into the ring within two days and be as good as he expects to be a week from tomorrow.

Flynn cannot figure himself other than a winner, and his claims are so sincere that he has inspired the doubting Thomases with his belief that Johnson will meet his Waterloo. Flynn weighed 192 pounds today, and he figures on taking off about seven pounds more, and he expects to be a week from tomorrow.

Johnson's weight was given as 215, but he appears lighter. The negro is said to be having trouble with his kidneys, and his trainers are paying particular attention to his fat hanging from the small of his back. Yesterday's workout was the best Johnson has had since he came here. After a rub down he expressed himself as being entirely satisfied with his condition. He remains at 2 to 5, with Johnson a favorite.

MAJOR ROSS BRINGS POLO PONIES NORTH

California Expert Will Be Guest of Hunt Club Next Saturday.

Major Ross, one of the expert polo players on the Pacific coast, has arrived in Portland from Coronado, Cal. with a splendid string of ponies. He is on a tour of the coast and will be a guest of the Waverly Polo club, during his stay here many of his ponies will be seen in action on the local polo field.

Members of the Portland Hunt club have invited Major Ross to be their guest at the annual spring race meet to be held Saturday afternoon by that organization at Garden Home. He will act as one of the officials of the polo game which is scheduled between the Vancouver barracks team and the Waverly polo club, provided the match is held. Several of his best ponies will be on exhibition at the club grounds.

Indications are that there will be an immense crowd present at the race meet. Many will go to the club grounds in their automobiles or other private conveyances, as there is an excellent road between this city and Garden Home, which runs directly past the race course. Others will take the cars over the Oregon Electric. Arrangements have been made by President Tucker of the Hunt club for special trains to carry the people to the races. At least three trains will leave Tenth and Stark streets between 1 and 1:30 o'clock Saturday afternoon. The run to the club grounds will take only 20 minutes. The special cars will return to Portland directly after the races are over.

A final meeting of the board of directors of the Hunt club has been called.
