The first woman candidate for the California legislature will be Mrs. A. L. Hamilton of Pasadena. Mrs. Hamilton is president of the California Congress of Mothers and of the Pasadena Federation of the Parent-Teacher Associations. She also is prominent in club, church and educational circles. Ten thousand navy yard mechanics will pass under the protection of the civil service law when President Taft signs the executive order now being prepared by the navy department officials, in conjunction with the civil service commissioners. The men now in the yards are not to be required to undergo an examination, but newcomers will be subjected to severe practical tests and must also pass physical examinations. William Jennings Bryan in Chicago Thursday, refused to comment on Colonel Henry Waterson's "treachery" editorial, but expressed the opinion that Woodrow Wilson will be elected president by about 2,000,000 majority. The tariff, trust and money questions, he said, will be paramount issues and Colonel Roosevelt's propaganda will not injure Democratic chances.

Peevish Children Suffer With Worms

Don't be angry with your child because he or she is continually irritable. In ninety-nine out of one hundred cases you will find that the trouble is worms. Among the common symptoms of the presence of round worms are nervousness, which often leads to epileptiform attacks; dizziness, vertigo, capricious appetite, restlessness, itching of the eyes and nose, nausea and often hysteria. Round worms are several inches in length and infest the stomach. Occasionally several hundred are found in a single person. Thread worms are smaller, often not longer than a quarter of an inch. The symptoms denoting their presence are about the same, but in this case the child has no appetite. Jayne's Tonic Vermifuge is unsurpassed in removing worms. Not only will it destroy them, but its tonic effects will restore the stomach to healthy activity. As Jayne's Tonic Vermifuge seldom purges, the indications of its beneficial effects will be the improved condition of the person using it. Millions of parents have praised this medicine for more than eighty years. Insist upon Jayne's Tonic Vermifuge, and accept no other. Sold by druggists everywhere. Dr. D. Jayne & Son, Philadelphia, Pa.

CHAPMAN IS DEAD; SMITH RECOVERS. Ashland Accident Mars the Motorcycle Races; Great Crowd in City.

(Special to The Journal.) Ashland, Or., July 5.—Lloyd Chapman, who was injured in the collision here yesterday, died at the hospital at 3 o'clock this morning without regaining consciousness. He sustained a triple fracture of the jaw, a fracture at the base of the skull and a compound fracture of the left femur. Tyler Smith, who rode the motorcycle, regained consciousness after about an hour and is now on the road to recovery. He will not lose his eye. It is the opinion of physicians at the hospital that Smith struck on the handlebars of the bicycle, the wounds on his face indicating that he struck the ground glancing, sliding for several feet on the left side of his face. He is badly bruised but will recover without serious results.

As a result of the accident, the motorcycle races were a disappointment, many riders being both to enter. No prizes were given, but the prize money was divided among entries. W. J. Saviers, of this city, carried off the honors in the auto races in the morning, winning two heats each from Edwards in a Ford and Keys, of Medford, in a Chalmers 30. Saviers used a Rambler. Edwards took second place with the Ford and Keys third.

Elwood, of Medford, easily defeated all opponents in motorcycle events. Fully 15,000 people thronged the streets yesterday afternoon, all morning trains having been packed to their utmost capacity.

YAKIMA'S WATER TROUBLES CONTINUE. (Special to The Journal.) North Yakima, Wash., July 5.—Basing his complaint on the statements that leaky pipes of the distributing system of the Pacific Power & Light company have subordinated the city, that the drinking water delivered by the company contains more bacteria than is allowed by city ordinance and affords a too frequent donation of fish, snakes and eels from fire hydrants and home faucets, and also that the pressure of 75 pounds to the square inch agreed upon for fire protection has not been maintained, Mayor A. J. Splawn has filed with the public service commission specific charges, asking for a hearing before the commission.
