SULPHURRO VICTOR OVER RHEUMATISM

Poisons That Cause Multitudes to Suffer Cannot Withstand Assault of Nature's Purifier.

Mr. C. M. C. Stewart, Seattle, Wash. Dear Sir: I am pleased to be able to tell you that your generous gift of Sulphurro did all for me that I had wished and hoped for. My rheumatism left me in less than three weeks after commencing the treatment; that was several months ago, and I am as free from it as I ever felt in my life and will always voice its merits to all whom I may meet, suffering for the need of your remedy. If this endorsement should be of any use to you, you are more than welcome to any benefit it may be.

Very respectfully, with best wishes. (Signed) James W. Law, 4318 14th Ave. N. E.

Rheumatism's conquering foe has at last been found. In personal observation covering several thousand cases of Rheumatism there is yet to be found a single case which did not yield to Sulphurro (Stewart's new Liquid Compound of Sulphur) when the directions were carefully followed. This is in itself one of the most remarkable records ever made by any medicine.

Sulphurro cures rheumatism by expelling from the blood the poisons and impurities which produce it. Get the blood pure, rich and wholesome, and disease no longer has a hold upon the system. Sulphurro acts with an especially beneficial effect upon the blood, purging it of injurious matter. Then Nature performs her kindly work of healing, and the patient is back on Health's Highway.

In the treatment of Rheumatism the Sulphurro Bath is an especially important feature. By means of the bath—itsself a delight—the Sulphur enters the blood through the pores of the skin, and so more quickly lessens pain. At the same time it softens and beautifies the skin.
