LORIMER PLEADS FOR SQUARE DEAL IN SENATE FIGHT

Senator Charged With Corruptness in Election Makes Personal Plea and Accuses His Enemies.

(United Press Lenand Wire,) Washington, July 11 .- With packed calleries and an attentive audience on the floor, Senator William E. Lorimer of fillingis this afternoon made his appeal to the senate to retain his seat in that body. He closed the debate and the second time made a personal defense of his right to sit in the senate, Lorimer was cool and collected and stood behind a desk littered with books, papers and notes. Maps and diagrams formed exhibits which he had ready to

Two or three other senators were scheduled to discuss the case, but the general desire to reach a vote led to curtailment of the oratory. "I will show that not one vote was corruptly cast for me," declared Lorimer in opening his statement. "The senate was humbugged by my enemies into a second investigation. This is no joke; it is a serious matter. If the senate decides to adopt the recommendations of the minority of the investi-

gating committee it will be a travesty on all civil jurisprudence and a mockery of legal procedure. It will mean that the senate has decided to follow the red flag of anarchy and adopt the principle of that arch-advocate of the recall of judges and judicial decisions. Elames Newspapers.

"If we had a law officer in Cook county who would prosecute violations of the law, the knaves and criminals who control the Chicago newspapers would be in the penitentlary. I will prove before I conclude that they should be thus punished.'

Lorimer traced an alleged conspiracy which he said the owners of certain Chicago newspapers in 1895 sought to the school fund. "The net robbery" by the Chicago Tribune, the senator declared, was seventy odd thousand dollars a year. The lease runs for 90 years and "robbery," he alleged, would aggregate \$6,500,000 at the end of that time

"Efforts have been made not only to turn the people against me, but to ruin all those senators who believed I am entitled to retain my seat."

Referring to the notes he had made during the other speeches, Lorimer took up in details what he said were misstatements. He called attention to the fact that Senator Reed had declared that Hines went to Springfield, and Lorimer produced evidence to show that the millionaire lumberman was not in the Illinois capital until after the sena-"This and similar statements show
