# THE BRITISH MINISTRY

OSTILE critics of the progressive members of the British ministry have gone the length of spreading reports of dissatinfaction felt by Lloyd-George on the increased naval armament expenditure, carried to the length of his proposing to resign.

Considering that the time has come for the great insurance act to be submitted to the test of actual experience by thirteen million people. and that it is to be subjected to attack by every enemy of its author, and they are many, for Lloyd-George to give up office now would be indeed quitting under fire. # THE DEATH PENALTY

(Written on reading pamphiets published by clergymen against the abolition of the gallows.)

The suns of eighteen centuries have shown since the Redeemer walked with man, and made. The fisher's boat, the cavern's floor of stone. And mountain moss, a pilow for his head; and he, who wandered with the pessant Jew, and broke with publicans the bread of shame, and drank, with blessings in his Father's name, the water which Samaria's outcast drew, and the shame and priest—and incense dim Evermore rising, with low prayer and hymn, from lips which press the temple's marble floor, Or kies the gilded sign of the dread cross he bore.

Yet as of old, when meekly "doing good," lie fed a blind and selfish multitude.
And even the poor companions of his lot with their dim earthly visions knew him not, how ill are his high teachings understood! Where he hath spoken liberty, the priest At his own altar binds the chain anew: Where he hath spoken liberty, the priest. The starying many wait upon the few; Where he hath spoken peace, his name hath been the loudest war cry of contending men; Priests, pale with vigils, in his name have blessed the unsheathed sword, and laid the spear in rest, wet the war banner with their sacred wine, and cross its blazon with the holy sign; yes, in his name who bade the erring live, and daily taught his lesson—to forgive!—
Twisted the cord and edged the murderous steel; and, with his words of mercy on their lips, Hung gleating o'er the pincer's burning grips, and the grim horror of the straining wheel. Fed the slow flame which grawed the victim's limb, who saw before his searing eyeballs swim. The image of their Christ in cruel seal, Through the black torment smoke held mockingly to him! Through the black torment smoke held mockingly to him!

The blood which mingled with the desert sand,
And beaded with its red and ghastly dew
The vines and dives of the Holy Land.
The shrisking curses of the hunted Jew.—
The white sown bones of heretics, where'er
They sank heneath the Crusade's holy spear,—
Goa's dark dungeons—Malta's sea washed cell,
Where with the hymns the ghostly father sung
Mingled the groans by subtle torture wrung.
Heaven's anthem blending with the shriek of hell!
The midnight of Bartholomew—the stake
Of Smithfield, and that thrice accursed flame
Which Calvin kindled by Geneva's lake—
New England's scaffold, and the priestly sneer
Which mocked its victims in that hour of fear,
When guilt itself a human tear might claim—
Bear witness, O thou wronged and merciful one
That earth's most hateful crimes have in thy name been done!

Have found an echo in the general heart.
And of the public faith become a living part.

Who shall arrest this tendency?—Bring back
The cell of Venice and the bigot's rack?
Harden the softening human heart again
To cold indifference to a brother's pain?
Ye most unhappy men! who, turned away
From the mild sunshine of the Gospel day,
Grope in the shadows of man's twilight time,
What mean ye, that with ghoul-like zest ye brood,
O'er those foul altars streaming with warm blood,
Permitted in another age and clime?
Why cite that law with which the bigot Jew
Rebuked the Pagan's mercy, when he knew
No evil in the just one?—Wherefore turn
To the dark, cruel past?—Can ye not learn
From the pure teacher's life, how mildly free
Is the great Gospel of humanity?
The Flamen's knife is bloodless, and no more
Mextili's altars soak with human gore,
No more the ghastly sacrifices smoke
Through the green arches of the Druid's oak;
And ye of milder faith, with your high claim
Of prophet utterance in the holiest name,
Will ye become the Druids of our time!
Set up your scaffold altars in our land,
And, consecrators of law's darkest crime,
Urge to its loathsome work the hangman's hand?
Beware—lest human nature, roused at last
From its peeled shoulder your encumbrance cast,
And sick to loathing of your cry for blood,
Rank ye with those who led their victims round
