Isho-Fair tonight; northern portion tonight and Wednesday; Wednesday; rising temperature south portion Wednesday. THEODORE P. DRAKE, Acting District Forecaster.

How Suspect Was Apprehended-J. M. Karo, proprietor of the St. Charles clothing store, 9-11 North Third street, says that it was through discoveries made at his store that F. H. Perry, alleged bad check man, was arrested Saturday afternoon by Detectives Swensen and Plack. Karo says that Perry went into the store Saturday and said he wanted to buy a suit of clothes. He asked Karo to hold the suit for him until he could go out and cash a check. Karo told him that the banks were closed, but that he would cash the check if it was all right. That seemed agreeable to Perry and he gave Karo the check. Karo called an official of the United States National bank over the telephone and was informed that the check was not good. Then the detectives were called and Perry was arrested.

Study Circle Program-The inner study circle of the Ad club will have charge of the meeting tomorrow at Multnomah. Frederick Hysell will serve as chairman of the day, and the speakers will be George W. Kleiser, A. A. Scheil, W. L. Campbell and Frank McCallis. The subject for discussion will be the relative advertising value of newspapers, billboards and streetcars. It will be presumed that the "Indigestible Impure Food company" of Portland has \$10,000 in the banks, and is advertising "Hard to Eat Biscuits," and the question will be which of the mediums gets the money. An interesting meeting is anticipated.

Forger Suspect Gives Bond-Nathan Gage, proprietor of the United Coal company and a well-known fuel coal Portland, was arrested yesterday charged with forging the name of John Lowe to a postal money order calling for \$100 last March, was released under \$200 cash bonds yesterday afternoon and will probably waive a preliminary hearing and go before a United States grand jury. The money was found in a tobacco sack on the street by an old north end character named Frank Effinger, known to his associates as "old sheriff." Effinger claims he sold the order to Gage for \$5 and the latter cashed it at a local bank.

Held to Federal Grand Jury-Frank Panza, accused of having secured the transportation of Annie Wallace from Spokane to Portland July 6 for immoral purposes contrary to the white slavery laws, was given a preliminary hearing before United States Commissioner Cannon yesterday afternoon and was held under \$4000 bonds to the next grand jury. Panza is not a citizen of the United States and may be deported if found guilty.

Fruithouse Route Railroad Office-One of the centers of downtown railroad office, the southeast corner of Third and Alder streets, has been leased by a wholesale fruit concern for a term of years after September 1. As a result of the Rock Island, Santa Fe and Illinois Central lines will be forced to seek new quarters from and after September 1. These and other tenants of the two-story brick building at that corner have been ordered to vacate.

Neighbors Extinguish Blaze-Fire broke out last evening in the home of E. P. Kellier, 647 East Forty-sixth street, the neighbors forming a volunteer fire brigade, putting out the blaze before the department arrived. Neighbors report that no one was at home during the night, Kellier leaving early in the evening. The fire is thought to have caught from an overheated cook stove.

Accident Victim Dies-Nicholas Schmatz died last night at the St. Vincent hospital from injuries received yesterday morning when he was knocked from a lumber wagon to the pavement by a streetcar. The man's skull was fractured, chest badly mashed, and other internal injuries caused. The accident happened at Fifth and Hoyt streets.

Estimates of Street Improvements-Estimate of the cost of proposed street paving improvements amounting to \$240,000 were filed yesterday in the auditor's office by City Engineer T. M. Harburt. The estimates will be submitted to the city council tomorrow.

Umbrella Thief Sentenced-Four months on the rockpile was the sentence given Albert Brock this morning in the municipal court for stealing two umbrellas. Brock pleaded guilty, attempting to justify his act by explaining that he was drunk at the time. The umbrellas were taken from an automobile standing on Washington street.

Tries Suicide Twice-George Hollingsworth, roomer at 364 North Twenty-sixth street, attempted suicide twice last night by inhaling gas. He called the landlady, Mrs. Hall, open the windows of his room, turn off the gas and finally call a policeman. Hollingsworth received a letter from his wife at Albany early in the evening, which letter is reported to have had a tendency to cause his attempt at self-destruction.

Knights of the Rose-At the last weekly meeting of Home Court No. 1, Knights of the Rose, it was decided to inaugurate an active campaign for new members during the summer months. This decision was reached after the local court had decided to organize a uniform rank and to make application to the Rose Carnival association to permit them to act as a guard of honor to Rex Oronous during the coming rose carnival. It was decided that it would be a good thing to add several hundred members to the local court in this city, thus giving the lodge additional material from which to pick their uniform rank. In charge of the membership campaign will be Allan R. Joy, T. A. Smith, F. E. Watson, John Ditchburn and Walter McGovern. A number of members of the Knights of the Rose, living in Astoria, have decided to organize a local court in that city and they have already signified their intention of inducing the new lodge to attend the next rose carnival in this city in a body, taking part in the uniformed parade, if possible.

Joyriders Steal Auto-Four joyriders stole the automobile of Dr. G. I. Tromsland from Park and Madison streets last night. They drove the machine over to the east side, deserting it at Sullivan's gulch. When Patrolman Thompson fired two shots at them. The police were unable to locate the four men. The machine was deserted while it was in motion, a telephone pole finally stopping the auto which now is practically a wreck. Sergeant Oelner found the car at Union avenue and Holladay street.

Sentenced for Attempting Suicide-W. S. Beaben, switchman, was given 10 days on the rockpile this morning in the municipal court for trying to hang himself in the city jail last night. The man was arrested yesterday evening on a charge of vagrancy. After taking a sleep in the early part of the evening, he twisted his suspenders into a rope, tied one end around a cell bar, and the other end around a pipe, stepped from a crosspiece in the cell room. Officers who found him cut the improvised rope in time to save his life.

Bonus Check Man Sentenced-To pass 500 bogus checks was the charge against Frank Berry, who had this number of checks printed on specially prepared forms. One check of \$20 was passed, thus causing his arrest. A plea of guilty was entered to the charge of forgery this morning. He was given a sentence of four months on the rockpile.

ORDINANCE AIMED AT "CURE ALL" DOCTORS

At request of Councilman Tom N. Monks, City Attorney Grant will today draft an ordinance intended to abolish the lucrative business enjoyed by "fake" doctors. The ordinance, which increases the license fee for such members of the medical fraternity to a prohibitive figure, will be introduced by Councilman Monks at tomorrow's council session. "I have received numerous complaints from the victims of these medical fakery," said Mr. Monks yesterday, "and I want to put a stop to the pretense of peddling 'cure alls.' I know of one poor workman who bought a bottle of what he was told was magical oil from a snake's tail. He used the oil and his condition is now serious."

NOSE MADE CROOKED, ASKS \$4000 DAMAGES

In return for a nose that his guardian alleges to be permanently crooked and eyesight declared to be weakened, Runar Ekdahl, 13 years old, through his guardian, Arthur Ekdahl, has sued Dr. James C. Zan for damages of \$4000. Zan is declared to have been the driver of an auto that ran over young Ekdahl at Fourteenth and Flanders streets on October 18, 1911, inflicting the injuries set forth in the complaint. The boy was riding in a coasting wagon in the street when the auto, going faster than 20 miles an hour and carelessly handled, it is alleged, struck him and ran over him. His nose was broken and will always be crooked, the boy's statement declares, while his eyesight is permanently injured.

CONDITION OF LAD HURT BY AUTO STILL SERIOUS

The condition of little 6-year-old Logan Ross of 44 Kenby street, who Friday afternoon was struck by an automobile driven by J. S. Clemence while crossing Alder street near Lowndside, is still serious. The boy is in the Good Samaritan hospital, where he has been since the accident. Dr. George Wilson is in attendance.

STAR COMEDIAN WAS ONCE ELEVATOR BOY

Clarence Wilbur at Empress.

Clarence Wilbur, star comedian of "The New Scholar," the headline act at the Empress this week, rose to a high place in stardom from the lowly position of elevator boy. While engaged in operating the lift of the Masonic building in Pittsburgh, Pa., his talent as a comedian was noted by a producer and before long the elevator boy was filling the main comedy role in "The Devil's Daughter," a production in which he shone for six years. Later he became a member of William Barry's company and he also had an important part in Rick's famous musical piece, "In 1492." For the past six years he has presided as the leading funmaker in "The New Scholar," which has an exceptionally low record as a headline sketch in vaudeville. In filling the leading role Wilbur takes the part of Mary Ann Taft and of Patsy, upon whom devolves the task of creating all the fun in a country school. Oliver Putman takes the part of the professor and six pretty girls appear as the fellow pupils of the cut-up of the school.

Horses Killed; Roofs Taken Off.

(Special to The Journal.) Halfway, Or., July 23.-A terrific hailstorm struck Homestead, Or., yesterday, damaging crops dreadfully. Lightning killed four horses at Homestead belonging to J. Mitchell, one of them valued at \$400.

SAYS BRIDGE SCARE IS MOSTLY BUGABOO

"It seems to me that there is a good deal of needless agitation about the traffic situation that has arisen by reason of the order to close the old steel bridge," said Mayor Rusklight today. "I don't think there will be much suffering, even if the city and the O. W. R. & N. company shouldn't come to an agreement at once. "The cars that cross the old steel bridge now could be routed across the Bridge and Morrison bridges until after the Broadway bridge is completed, and the inconvenience would not be nearly so great as that caused when the old Hawthorne bridge was closed for more than two years. "While the new Hawthorne bridge was being built the traffic on Morrison bridge was frightfully congested, and people had to be transferred at Grand avenue. In the present case, however, passengers will not have to be transferred, but may proceed to their destinations just the same as if the cars still used their present routes. Of course there will be inconvenience, but it will not be nearly so bad as many people seem to think it will. The chief annoyance, I should say, would be in the longer schedules that will be necessitated."

LOCAL AGENT EXECUTES A BOND FOR \$100,000

The James McI. Wood & Co. insurance agency, representing the National Surety company, has just executed a bond for \$100,000, given by the Washington Irrigation & Development Co. to the Chicago, Milwaukee & Puget Sound Railroad Co. The purpose of the bond is to cover payment by the Washington Irrigation & Development Co. to the railroad company of the cost of relocating certain portions of its track, on account of the Broadway bridge company putting in a dam along the line of the Chicago, Milwaukee & Puget Sound railroad in the state of Washington at Priest's rapids, on the Columbia river.

Old Reliable

Good work depends upon proper facilities-which this office has in every particular. Spacious, inviting, sanitary offices, equipped with all the necessary and latest scientific dental appliances, expert operators, etc. Popular prices are possible because of the Union's large patronage. Why go to other dentists less able to please you and less able to perform strictly high-class work, and why go elsewhere and pay the generally prevailing higher prices. Come to the Old Reliable-make sure in advance of perfect work and permanent satisfaction at least cost.

Extractions a Specialty

Our extraction work is the sort that removes all fear that it will hurt. We use only painless methods. Our work is especially recommended to nervous people, old folks and for children.
