Portland and vicinity—Fair tonight and Saturday. Easterly winds. Saturday fair, warmer interior southwest portion. Winds mostly easterly.  
Washington—Fair tonight and Saturday. Southeasterly winds.  
Idaho—Fair tonight and Saturday.

**Montavilla Fire House.**—The fire committee of the city executive board yesterday recommended that the contract for the new Montavilla fire house be let to Steele & Bertelson for \$3431. The committee recommended that Councilman James Maguire, Fire Chief "Biddy" Dowell and a member of the fire committee be named by Mayor Ruskling to be sent to San Francisco to inspect fire apparatus. The council has appropriated \$400 to pay the expenses of the trip, which will be made early next month. The city is soon to select \$60,000 worth of apparatus from among a dozen or more bids and the city committee is for the purpose of determining what kind of apparatus would best serve the city.

**Woman Sentenced to Jail.**—Three policemen went to 33 Ninth street last night to arrest Myrtle Edwards on a charge of disorderly conduct. One man escaped by jumping a fence. Another man leaped over a policeman, hurdled the fence like a pole vaulter and escaped. The judge found the woman guilty, giving her 15 days in the county jail. Myrtle Edwards is well-known in police circles, having been arrested several times, and is now under indictment in the circuit court for conducting a questionable house.

**Wants News of Sister.**—Though her sister, Mrs. Hilda Gaster, has been away from Cleveland, Ohio, for but three weeks, Miss P. F. Connolly of that city is much worried because no word has been received from her and in a letter to Postmaster M. C. Hartley for information, Mrs. Gaster, with her husband, Howard Gaster, and six months old baby came to this city and for a time stayed at one of the hotels. Since then they have moved into a bungalow and Miss Connolly has not been able to locate the address. Miss Connolly resides at 1236 West Seventy-eighth street, Cleveland. Gaster is 23 years old and his wife is 21.

**Files Claim for Reward.**—Three years after the conviction of Edward Martin for the murder in 1908 of Nathan Wolff, jeweler and pawn broker, who was killed by a man who attacked him with a double bladed ax, Hal Pomeroy, an east side cigar man, has filed a claim with the county court for \$100 reward. Pomeroy was the man through whom the arrest of Martin was secured. The reward will probably be paid, as it was offered by the county court for the apprehension of the murderer. Martin is now serving a long sentence in the penitentiary.

**Wants \$150 Damages.**—Mrs. L. J. Wright has filed a petition to the city council asking for damages in the sum of \$150, which she says are due her because of the unworkmanlike manner in which repairs were made by the city engineer's department on a sewer at the corner of Chapman and Morrison streets. Mrs. Wright says the basement of her house was flooded with water and sewage a foot deep.

**Bench Warrant Issued.**—A bench warrant was issued this morning from the municipal court for the arrest of L. F. Barrett, who failed to appear in court after being allowed to return to his home last night. Barrett was arrested for assaulting P. C. Danney, a street car conductor on an Alberta car. The police allowed Barrett to go home without putting up bail.

**Restaurant Man Fined.**—A plea of guilty of using unsanitary garbage cans was entered in the municipal court this morning by William Memopolus and J. Metopolus proprietors of a restaurant at 29 North Sixth street. A fine of \$10 was imposed. Additional Market Inspector Joseph Fignot Slinger made the arrest. Wooden barrels were used by the restaurant men.

**Denies Report of Arrest.**—In a letter received by Mrs. S. F. Cates of this city yesterday, from her son C. M. Cates, who, Tuesday evening, was slightly injured in an automobile collision near Tacoma, denies that either he or C. B. Lloyd with whom he was riding were arrested following the collision, as given out in the reports from Tacoma.

**Daughter's Body Identified.**—C. M. Shafer, of Hillsboro, last evening identified the body taken from the river Tuesday evening at the foot of Taylor street, as that of his daughter, who left home several months ago, coming to Portland. She was known as Lois Harris. After coming to Portland, the

woman stopped at the Y. W. C. A. a few days. Since leaving that place nothing had been heard of her. The cause of death is not known. The father reports she had been despondent for several weeks prior to leaving home. The remains were taken to Hillsboro today for burial. Identification was made by a belt buckle found on the body.

**Mother Searching for Son.**—Mrs. Frances Parsons, New Bern, N. C., has asked Chief of Police Slover to find her son, Joseph Parsons. The mother makes an urgent appeal to find her son, adding that he promised to come home June 1 to visit her. He wrote her to this effect in May. She prepared for his home coming but has heard nothing from him. Parsons was employed on the Bull Run pipe line. Investigation by the chief of police shows he left that work in May, coming to Portland. After arriving here he worked for the Portland Sand company until July 1, after which time the department has been unable to find him.

Patrolman Vessey took the woman to the county jail yesterday afternoon. From a sister, Mrs. A. Gabriel, who lives at Mt. ### BUYS INTEREST IN QUARTER OF A BLOCK

Colonel Henry Platt, a wealthy Britisher, has purchased an undivided one-half interest in the fractional quarter-block, located at the southwest corner of Seventh and Ankeny streets. The property belonged to Percy Blyth, formerly a well known realty broker of this city and now a resident of London, England, who sold the half interest to Colonel Platt for \$50,000. The parcel is one block from the new Oregon hotel and is in a district which has come rapidly to the front during the past year or so.

### PASSENGER MEN TO PAY PORTLAND VISIT SEPT. 16

A number of leading passenger men of the United States and Canada, and their wives and daughters will visit Portland September 16, after having attended the annual meeting of the National Association of General Passenger Agents at Seattle September 12. It is probable that there will be 100 in the party.

Preparations for entertaining the railroad men will be made by the heads of the passenger departments of the various roads and the Transportation club and the Portland Commercial club will in all probability also figure in the entertainment.

**Card of Thanks.**  
I desire to thank all the relatives, friends, acquaintances and strangers who so kindly assisted during the sickness, death and burial of Mrs. Minnie Robertson-Williams, my wife.

W. L. WILLIAMS.

### ACCEPTS PRESS CLUB'S CHALLENGE FOR GAME

Members of the Portland Press club and of the Portland Ad club will adjust their baseball differences in a game to be played on the occasion of the Press club's picnic to Bonview, Sunday, August 4. The Ad club has sent regular notice of the acceptance of the Press club's challenge to J. V. Sayre, Press club secretary, and final arrangements for the game are being made. It is announced that a permanent trophy will be put up for the winning team.

The baseball game is but one of many athletic events and contests which will take place during the picnic. The picnic will be open to the public and it is expected that a large crowd will attend. The special train will leave the union station over the O.-W. R. & N. at 9

### WILLAMINA MERCHANTS FORM PROTECTIVE BODY

Williamina, Or., July 24.—Williamina merchants held a meeting Wednesday night and organized a Merchants' Protective association, electing the following officers: Dr. Andrew Kershaw, president; George Nash, vice president; L. W. Damsy, secretary, and E. E. McNamer, treasurer. It is expected that at the next meeting credit limits not exceeding 30 days will be established.

**Raises Large Raspberries.**  
J. C. Findley, who owns a three-acre tract near East 15th street and Gilbert road, Lentz, has growing on his place some of the largest raspberries seen in Portland this year. The berries, which are of Red Cuthbert variety, are mostly as large as good-sized loganberries. So far this season Mr. Findley has averaged a profit of \$126 an acre, and has,

on a larger place adjoining his, which he rents, a large patch of cucumbers which is expected to be a good paying proposition. Mr. Findley has been on the place but a few months, but during this time he has thoroughly taken care of the land and the plants.
