Ability and Skill

Should be Considered When You Select a Physician to Treat You

C. K. HOLSMAN, M. D.

I am just now completing my sixteenth year as a specialist in men's diseases. During these years of close application to a single class of ali-ments I have originated and perfected scientific and certain methods by which these diseases are cured. If I accept your case for treatment, a cure is but a matter of a reasonable

My practice is limited to the disor-ders of the male, and is further con-fined to these special and chronic affections of the pelvic tract. These include Lost Vitality, Varioose Veins, Hydrocele, Blood Disorders, Contracted Allments and Bladder and Kidney Diseases. I have taken up these ailments especially, because thousands of lives are ruined and thousands of men are not what they should be because they are held down by chronic weakness, which the average practicing physician does not understand and usually tries to make light of by telling the patient that nature will soon repair

the waste. My methods are up to date, and are endorsed by the highest medical au-thorities of Europe and America, hence our success in the treatment of men's diseases, CONSULTATION FREE.

If you cannot call, write for Symptom Blank. Many cases can be treat ed at home. All correspondence con ed at hor Hours-9 a. m. to 8 p. m. daily; 10 to 12 m. Sundays.
