The great shortage of country killed meats in the local market is forcing ad-ditional strength in the price. While supplies are naturally short at country supplies are naturally short at country points, there is seemingly an inclination among livestock interests to hold back their calves and allow them to mature. While there is always a shortage of yeals in the local market at this time of the year, owing to the press of farm work, the present season is aggravated work, the present season is aggravated by the desire to restock the ranges, which is bringing a call for the calves. White it is probable that in the Wilsamette valley most of the calves will continue to come to the dressed meat trade, owing to the alleged better resident.

trade, owing to the alleged better returns that are received in this saic,
there are many interests who have
stopped shipping culves altogether, and
are keeping from at home.
Country raives are so scarce at this
time that some of the Front street
houses have not received a single animal
for over, a week. Others are receiving fair
supplies, although not us many as usual
at this time of the year.

The market for other dressed meats is The market for other dressed meats is firm in gympathy with the general strength in the trade.

BING CHERBIES GO BEGGING

While present arrivals of Bing cher-ries from Cove are probably the finest of the season, the market is stagnant, and efforts to unload in the ordinary way have proven futile. Some sales were made to hawkers this morning at Se a pound.

GOOD PRUNES ARE COMING

Some very fancy prunes are coming forward from local places, and demand is fair at \$1 a crate for the best.

Some green stuff is likewise arriving but this does not move promptly.

WATERMELONS SELL WELL

Demand for watermelons is very good and the heaviest said of the season to date is reported. Frices are generally unchanged, at the to \$1 per cental for good fruit.

FANCY APPLES ARE COMING

Some famey Gravenstein apples at now country forward from Californic and from the Yakima valley. Sales are reported in a limited way at \$1.75 per box. Office Varieties are selling from \$1.25 to \$1.50.

FANCY SWEETS OFFERING

A very fancy lot of sweet potatoe from Turlock, Cal. is now offering the local market, with sales at 5 1/2 good color and quality.

MARKET FOR HENS IS GOOD

Market for hens is very good in the Front street trade, and sales are being made at 12% to 14c a pound. Springs are nonewhat steadier, with most business at 16c.

adding to its collection of plants in the Pacific northwest.

Some of the smaller companies which have made a success of the business are adding to their plants and are therefore. in a position to compete with the bigger |

canners.

It is reported that the Borden company has practically secured an option on the McMinnville and Washougal plants of the Willemette Valley Condensed Milk company, which puts out the Yeloban. The company has been in litigation for some time, a row among stockholders resulting in demoralizing its affairs to such an extent that the plants have not been operated for many plants have not been operated for many

# PACKING INTERESTS PURCHASE STOCK OF

writing on Wall and Begin to Buy Freely; Receipts at Portland Are Very Heavy.

Greater supplies of cheese are being purchased by local branches of eastern packing houses. The steamer Sue Elimore brought in about 1860 cases of cheese from Tiliamook this week and the schooner Delia of the Ray Cheese company brought forward 600 cases.

Last week the Elmore brought in 1500 cases and none came forward from Cloverdale, the home of the Delia,

This greatly increased cheese supply is the result of very heavy buying by is the result of very heavy buying by the big interests here, who have been extremely begrish in their views here-tofore. Almost the entire cargo from tofore. Almost the entire cargo from Tillamook this week came to local parties. This is the first week that Portland interests secured more than a fractional amount of the arrivals. Heretofore the bulk of the chesse, in fact almost all of it, went to California and interior Pacific northwest points.

The market for theese is very firm and this is probably what induced the casterners to take hold so freely this lits week. There is no change in the price, but the market relains its full strength at last week's advanced quotations. A good market is likewise shown at other centers.

Despite Indorsement by Credentials Committee of Unseating Colored Delegates, Matter to Bring Clash.

(United Press Leened Wire.) Chicago, Aug. 6 .- Although Colonel Roosevelt's "confession of faith" address overshadowed everything cise to come before the national progressive convention here today, delegates admitted that the action of the provisional national committee in unscating negro delegates was sure to result in a clash, despite the indorsement of this ruling by the

credentials committee. As the situation lines up today, Florida is without representation in the convention, and not a negro delegate from a southern state has been seated. The rules committee is prepared to report a resolution making the vote cast at the last previous election the basis for representation in future conventions. It provides that hereafter one delegate be apportioned for each 10,000 Progressive votes polled. Thus, in strong progressive states, the new party will he
