Sample Night Dresses 79c

Values Selling Regularly Up to \$3.50 at

More than a thousand garments to choose from—the entire sample line of America's best manufacturer turned over to us for a mere fraction of real value. We can't impress their quality too strongly upon your mind; the muslins, nainsooks and lawns are the best the market affords; the laces and embroideries have been selected with an eye to heatness and durability, and the sewing is perfect in every stitch. Come in slipover and French opening styles. Values are positively up to \$3.50, but in our great 6th floor Bargain Carnival only 79c

We fully confess that we greatly underestimated the response to our advertisement of a week ago, and that although we had provided an army of extra salespeople and cashiers, our capacity for handling the crowds was entirely insufficient. But for tomorrow we've increased our facilities to such an extent that we can almost guarantee perfect service. But we ask you in advance to be patient, for in a crowd such as these bargains are sure to bring it is difficult to maintain perfect order. Tomorrow's values overshadow everything ever offered in this city in the past—yes, even by us. Our buyers were telegraphed to take advantage of every "Manufacturer's Clean-up," and as a result every express has brought us greater values than we ever knew money to procure. Unless where otherwise noted these items will be on sale on the sixth floor. We also wish to say a word as to delivery. Wherever possible goods bought tomorrow will be delivered Saturday. Some of the outlying suburbs we may not be able to reach until Monday. So if your purchase should be delayed in reaching you at once we crave your indulgence. Be sure to come early
