

### STATE'S ATTORNEY HEARD GRACE SHOT

#### He Was Advised by Judges Not to Take Stand Against Woman.

(United Press Leased Wire.)  
Atlanta, Ga., Aug. 8.—Considerable surprise is felt here today over the remarkable aftermath of the Grace trial caused by the statement of Solicitor General Hugh M. Dorsey of the prosecution that he heard the shot fired in the Grace apartment from his own room a few doors away.  
According to Dorsey's statement, the shot was fired between 5 and 6 o'clock in the morning.  
Eugene Grace alleged that his wife, Mrs. D. O. Grace, shot him as he slept during the early hours of the morning, but the defense has built upon testimony that the shot was fired in a struggle shortly after 11 o'clock. Upon this testimony she was acquitted.  
Prosecutor Dorsey declared he would have gone on the stand and testified if his knowledge had not been advised otherwise by eminent judges upon ethical grounds.

### HOTEL MEN INDORSE PACIFIC DAIRY SHOW

At a meeting of the Portland members of the Oregon State Hotel association at the Imperial hotel yesterday afternoon a resolution was adopted endorsing the proposed Pacific International Dairy Show association, to be held in Portland, November 18 to 23, inclusive. Financial support was pledged also for the World's Citizenship congress, which will convene here in 1913. C. C. Chapman appeared and spoke in behalf of the latter organization. A movement to advertise the scenic attractions of the Pacific northwest by means of printed leaflets to be mailed broadcast was endorsed and a committee appointed to secure the cooperation of the Commercial clubs of Oregon and Washington in the work. An effort will be made also to secure the cooperation of the Washington State Hotel association, which meets at Aberdeen, August 15.

George W. Dixon tendered his resignation as secretary of the state association and was given a vote of thanks for the able and efficient manner in which he has conducted the affairs of his office. F. W. Beach, publisher of The Hotel News, was appointed acting secretary, to fill Mr. Dixon's unexpired term.

### SCHOOL TEACHER DIES FOLLOWING OPERATION

Miss Edith Van Fleet, 344 Graham avenue, daughter of Lewis and Elizabeth Van Fleet, and for many years a teacher in the public schools of Portland and St. Johns, died Wednesday morning at St. Vincent's hospital, following an operation for acute pancreatitis.  
Funeral services will be held Sunday morning at 11 o'clock at Camas, Clarke county, Wash., former home of the family.

Miss Van Fleet was 47 years old. She was born at Oak Grove farm, Camas, Wash., the family homestead. She came to Portland when she was 10 years old and was educated in the Portland public schools. Miss Van Fleet graduated from the Portland high school in 1885. She began her teaching work in the Couch school, afterwards teaching at the Holaday and Williams avenue schools and finally going to St. Johns, where she taught for the past several years. Miss Van Fleet held a state life diploma from the board of education.  
Miss Van Fleet was an officer of Camelia chapter, Order of Eastern Star. She was also a member of the Central Methodist Episcopal church of Albina. She was very popular among her many friends and acquaintances.

### IMPLEMENT MEN MAY MEET HERE NEXT YEAR

The vehicle and implement dealers of Portland have organized to bring to Portland next year the annual convention of the National Implement and Vehicle association, an organization with a membership reaching every state.  
The meeting this year is to be held in Detroit, in October. Several thousand delegates will be present. Letters which have been received from the secretary of the association by Phil S. Bates, who is heading the movement to bring the big meeting to Portland, state that in beauty and location and known hospitality Portland is considered the peer of any city in the United States, and that the only deterrent factors are distance and time of travel.  
Several meetings of the Portland vehicle dealers have been held to consider plans for making Portland seem the most attractive place in the Union when this year's meeting is held. The general passenger agents of all railroads have been enlisted in a special rate getting effort and plans will be made on the program for the speakers who will tell about the wonders of Oregon and the attractiveness of Portland.

### COMMITTEE WOULD PASS CLYDE'S NEW MEASURE

Councilman Clyde's new measure providing that non-profits must report back to the council within one month on all important matters referred to them with the exception of franchise ordinances and propositions sent to the city attorney for legal opinion, was unanimously recommended for passage at yesterday's session of the council.  
Councilman Clyde's reason for drafting the measure was to prevent the killing of momentous ordinances by the simple method of permitting them to gather dust in a pigeonhole. This was an agreeable method of procedure as it did not necessitate the councilmen going on record so the public could ascertain where they stood. If the Clyde ordinance passes all matters referred to committees must be sent back to the council with some kind of a report.

### OTTAWA REPORTS 1000 TYPHOID CASES IN 3 DAYS

(United Press Leased Wire.)  
Ottawa, Ont., Aug. 9.—With more than 1000 cases of typhoid reported within three days, Ottawa is facing today a repetition of the epidemic that only six months ago caused more than 200 deaths here.  
Had water been believed to be responsible for the epidemic, and in many parts of the city the supply has been cut off.

### 1 CHINAMAN MUST DIE FOR MAIDEN

#### Tong Man Is Accused of Giving Police Information as to Slave.

San Francisco, Cal., Aug. 8.—Members of the Chinatown police squad are preparing for trouble here tonight as a result of the meeting held last night by the Four Families tong, at which it was decided that one member of the tong must die if he fails to produce Lee Sim, the Chinese girl rescued yesterday by the police as she was about to be spirited away to Stockton.  
Lee Sim had been confined for three months by her owner, a member of the Four Families tong. He accused one of his confederates of having informed Miss Nora Banks of the Methodist mission, who sought the aid of the police in rescuing the girl.  
At the "justice" meeting of the tong, it was decided that unless the girl is returned to her owner by 10 o'clock tonight, the tong member under suspicion, must die. As rescue of the girl is deemed impossible by the police, they are preparing for trouble in Chinatown.

### CHARGES GROWERS SHUT OUT ATLANTIC

#### Congressman Asserts Californians Conspire to Prevent Importations.

(United Press Leased Wire.)  
Washington, Aug. 8.—Open charges that California fruitgrowers had conspired with other growers to shut out fruit importations to Atlantic ports, were made here by Congressman Harrison of New York, in discussing the conference report on the agricultural appropriation bill in the house.  
The report eliminated the provision to limit the quarantine against the Mediterranean fly pest, so that it would apply only to the Atlantic coast. As the bill passed the house, it specifically exempted the Atlantic coast.  
Congressman Harrison maintained that the effect of the conference change would be to heighten the tariff wall to the exclusive benefit of California fruit interests.  
Congressman Kent of California, and Moore of Pennsylvania, took issue with Harrison, denying that the amendment would have such an effect.  
Despite Harrison's objections, the bill was reported unchanged, and now goes to President Taft for his signature.

### Peace in Sight on Continent

(United Press Leased Wire.)  
Vienna, Aug. 9.—Dispatches received here today from Cetinje, Montenegro, assert that Turkey and Montenegro agreed today upon a joint commission to settle their frontier dispute. Meantime, the border fighting between the two countries continues.

### Every Child Should Be Given This Tonic

When children have no appetite; when they are continually peevish and irritable; when they are restless in their sleep, it is almost a certain indication that their digestive organs are troubled with worms or other parasites. This is a very common ailment and easily remedied. Physicians will tell you that nearly every child is so troubled at some time and, in fact, many adults suffer in the same way. Among adults this trouble is invariably referred to as indigestion, when in reality it is due to a small parasite which infests the intestinal tract.  
For children, Jayne's Tonic Vermifuge is unsurpassed, as it is not only destructive to these parasites, but completely removes the nests in which their young are deposited. Seldom does it purge, and the improvement in the health of the child will be the first and best indication of the beneficial results of the medicine. Not only will the Vermifuge destroy all the parasites, but its wonderful tonic effects will restore the digestion which has been impaired.  
For children, the addition of a little sugar will make it so palatable that they will take it readily. Millions of parents have praised it for more than eighty years. Insist on Jayne's; accept no other.—Sold by druggists everywhere.

# Just What Concerns the Citizens of Portland

Shall we as citizens add to our expense an interest charge estimated at half a million dollars yearly by creating a duplicate electric light and power system?

Do we need it to meet any demand for additional light and power?

No, because the present company has 20,000 to 30,000 more horsepower for generating electricity than is now required to supply the Portland market.

If we do add this interest to our yearly expense, what do we get for our money? A duplicate set of poles, wires, conduits, sub-stations, power-plants, administrative expense, over-head charges and depreciation.

Do we get a lower rate? The rates are to be regulated and the base of the regulation will be the yearly interest on the investment of all plants, the total number of customers and the amount of electricity consumed.

What advantage under regulation will the city have with only one plant? The interest charge would be cut in two, if the duplication were complete. There would not be a duplicate set of officials, double over-head charges, as well as double the depreciations.
