Victims of the death chair drove Rose to confess to a new and honest life far from New York he made almost a new man out of him and he is eager to tell his story before the court, so that he may go free.

SPOKANE NEWSPAPERS HAVE LABOR TROUBLE

(Special to the Journal.) Spokane, Wash., Aug. 10.—Union men were dismissed by the Spokane Review and the Chronicle, August 8, when the former refused to sign an arbitration agreement for another year upon the expiration of a three year contract. They were replaced by non-union men. Part of the newboys struck in sympathy Wednesday and refused to sell the Chronicle or the Review. Both papers are boycotted Monday night by the Spokane sectional Central Labor Council. The papers declare it impossible to continue without signed agreements. The pressmen assert they are unanimous for arbitration, as the international union recently voted to abolish agreements. The publishers charge the local pressmen voted to strike in sympathy with Chicago pressmen who are in trouble with Hearst's papers. Full crews of union printers and stereotypes remain at work on both papers, being bound by arbitration agreements not expiring for five years.

HAY FEVER ILLS QUICKLY RELIEVED DON'T SUFFER ANOTHER SUMMER

Ely's Cream Balm, a Cleansing Antiseptic Cream, Stops Sneezing Instantly. There is no need of your being a victim of this disease any longer, and you don't have to run away to escape it.

MAY BE 2 VACANCIES AT POLICE STATION

By tomorrow night it is probable that there will be a vacancy in the ranks of police captains for it is believed beyond any question of doubt that Captain George Bailey who is now under suspension will be dismissed from the service, and there may be two vacancies for Chief of Police Slaver, whose present title is acting chief, but whose position is really that of captain, may resign from his position as captain and may be named chief. Slaver has refused to resign, it is stated, because he intended to see that Sergeant Joseph Keller, now acting captain of the second night relief, should be made captain when he gave up, but as Sergeant Keller is now acting captain of the first night relief, should be Keller on the list of eligibles. They would have preferred right to the first vacancy. With the dismissal of Bailey, and the resignation of Slaver the situation becomes less complicated, although there are other contenders for the position of captain who rank far ahead of Keller on the eligible list which ceased to exist today.

KATMAI STILL EMITS DENSE SMOKE CLOUDS

(Special to the Journal.) Seattle, Wash., Aug. 10.—Advice from Seward state that passengers on the mail steamship Flora, which arrived from her monthly voyage to the westward today, reported Mount Katmai, which was in violent eruption in June, is still emitting great volumes of dense smoke. However, there have been no further earthquakes and residents do not anticipate anything serious. The Dora brought word that the fishing season on Bristol Bay is closed. All canneries there reported capacity packed. Three canneries at Chignik have already packed 30,000 cases each and are still in operation. This report is reassuring as corroborating previous dispatches that although volcanic disturbances had delayed fishing operations they had not resulted in death to salmon.

Marugg, who runs both the saloon and pool room, had stepped in the back room for a few minutes and left the two strangers playing pool. When he again stepped to the front the men had left and his investigation has found that his money was gone. The affair was reported to the police.

(Special to the Journal.) Seattle, Wash., Aug. 10.—Albert Johnson, a widely known newspaper man of Hoquiam, announced his candidacy for the Republican congressional nomination in the second district where he hopes to defeat Stanton Warburton, of Tacoma, incumbent. Johnson declared himself some time ago as seeking the congressional nomination at large but believes the chances are better in the second district. Warburton is a Roosevelt follower seeking nomination on the regular Republican ticket.

WILSON STRONG IN WASHINGTON COUNTY

Oreono, Or., Aug. 10.—If Washington county were to have an election right now, Wilson would be the choice of the residents and would carry a big plurality. Yesterday morning, a straw vote was taken on an incoming train on the Oregon Electric line, with the result that Wilson got 21 votes, Roosevelt 16 and Taft 9. Even the women on the train favored Wilson.

LONG AUTO TRAIN TO LEAVE FOR LAKEVIEW

This is the week appointed for the departure of the long bus train to the Lakeview meeting of the Oregon Development league. It is expected that 50 or more automobiles will go from Portland and the anticipation is that the party, when under way, will be the largest ever attempting an automobile trip of the state. The delegates will leave the latter part of the week, shipping their machines to The Dalles and going by way of Bend and Burns. Postmaster C. B. Merrick expects to leave about the middle of the week. Accompanying the delegates is the secretary of the Oregon Retail Merchants Association, he will travel through the interior Oregon country organizing the merchants in the regions where they have not been organized. There are now 1200 members of the organization but it is desired to more than double its strength, and Mr. Merrick expects to make this trip his vacation. A little later Le Merriek, his brother, will undertake a similar expedition along the coast south of Newport, John Collier, of Grande, will travel through Heister, Union, Umatilla and Wallawa counties, and J. L. Stockton, president of the association, will organize the merchants in unorganized districts of the Willamette valley. Credit information and organized strength in obtained beneficent legislation are found the two valuable elements of the organization.

FINDING OF BIBLE OF ANCIENT DATE MAY MEAN RICHES

Descendants of Anneka Jans to Seek Book That Contains Proof of Ownership of Vast Estate.

Faith more for wealth below than "treasure above" is placed in an ancient Bible supposed to rest unnoticed and unread in a cabin home on Cowitz river. Written on the time-yellowed pages usually dedicated to marriages and births and deaths is the proof that the four survivors of the old Oregon family of Washburns are lineal descendants of Anneka Jans and hence heirs direct to the \$1,000,000.00 of more or property in the heart of New York which is claimed by Trinity church. A finding of the old book and its worn records may clear up the mystery that the trustees of Trinity church have been able to keep inviolate, may cause the immense property to revert to the heirs of Anneka Jans, daughter of the Prince of Orange, who was favored of England's first king, and acting on this belief Alfred F. Washburn, who all his life has lived as a hard working, modestly paid carpenter, has set out on a quest that, containing all the elements of strange romance, may yet, he hopes, end in blessing his old age with wealth. Alfred Washburn lives in Portland at 67 East Seventy-fourth street North. He is 48 years old and his wife and three children, his two brothers and a sister, share his hopes. Seeing in The Journal the story of the more than fabulous riches of the property Trinity church is supposed to be unjustly holding, and noting the request that heirs of Anneka Jans make themselves known, he related yesterday evening the story of his heirship and the plan for his quest.

Proof Written in Bible.

Alfred Washburn, his father, was born in New York state, the property that the king gave to the Prince of Orange and which the prince, in his turn, willed to his daughter Anneka. There today stands the church, also New York's great city hall. Alfred Washburn, Sr., was heir to the old Bible. On its pages were written in legal form the documentary proof that he was a direct descendant and heir of a daughter of the Prince of Orange. This Bible was a household treasure. It was the center around which revolved the hopes renewed by the years that one day the descendants of Anneka Jans would join forces and through the medium of the courts take back the property that once, in the borough of Manhattan, was valued at only a few pieces of Indian wampum, but is now placed at an almost unbelievable price, yet held, according to report, without title by Trinity church. The record became dimmed by reading and time. So before the death of Alfred Washburn Sr., the writing was copied verbatim into a new Bible and was properly attested to. The mother followed him. The old book was left in care of the oldest of the 14 children, who, when she married, took it with her. The new book was taken in charge by Marilla, another daughter, who married a man by the name of Darnell and went to live in eastern Oregon. Here fire destroyed her house and with it the Bible.

To Start Search.

The oldest sister died. The old Bible was lost track of. The children, one by one, aged and died until but four remained. The call for the heirs to report their residence and proofs. Already Alfred Washburn has learned that the old book is in the possession of a family living somewhere on the Cowitz.

"If we find it, and if we get out rights," said the old man quaveringly yesterday evening, "we shall be rich. I remember that Frank Warren of Portland offered my father \$10,000 in cash for his chance for fortune in the Anneka Jans estate. I remember, too, what my father said: "If my chance in the estate of Anneka Jans is worth anything it is worth more than \$10,000, and I will wait!" Frank Warren was the Portland man who went down with the Titanic.

Alfred Washburn intends to seek among the families of the Cowitz river until he finds the old Bible. His brothers and sister will join him in the search. Orville G. Washburn lives at Mt. Vernon, Wash.; Milton G. Washburn in Condon, Marilla, the sister, lives in Lawrence, Or.; Marilla, the sister, died for the third time and Alfred Washburn has not learned her new name, he says. "I notice," he said, "that the estate is valued at \$1,000,000.00, in my opinion it is much more; it includes some of the most valuable property in New York."

"WE" KILLED BEAR, BUT EACH CLAIMS HONOR

A 230 pound black bear was brought home last week from the Tillamook country by Francis Merriek, clerk in the Lead & Tilton bank, and Harry Kuhnhausen, who killed the animal near their camp on Salmon Berry creek. Both young men claim credit for shooting the bear. According to their version of the matter, they went to Tillamook August 2, for a week end vacation, genuine vacation in the timber was what they wanted, therefore they pitched their camp along the upper branch of Salmon Berry creek. Meagher claimed he dreamed Saturday night that they arose early Sunday morning, went a mile north and a mile east, when they suddenly came upon the bear. However, the next morning they made this walk and came upon the bear, both drawing their guns and shooting at the animal. Only one bullet wound was found. They reached camp at 2 o'clock that afternoon with the quarters and the claws of the animal. Enough was brought home to prove the story.

E. G. Ford, an insurance man of Seattle, is a guest at the Multnomah. Governor Wilson is in New York state than President Taft, according to Governor Thomas R. Marshall, Democratic vice presidential candidate, who returned this afternoon from a week's trip through the east. He said that he had not been able to get any first hand information regarding the comparative strength of Governor Woodrow Wilson and the other heads of tickets, but that Democratic leaders told him Roosevelt's vote in the east will be greater than that of the president. Gives T. R. Victory. (United Press Leased Wire.) Indianapolis, Ind., Aug. 10.—Theodore Roosevelt will poll more votes in New York state than President Taft, according to Governor Thomas R. GEORGIAN GIVES TAFT 4 STATES IN COMING ELECTION

McClure Says President Will Carry Only New Mexico, Wyoming, Utah and Vermont; 14 Electoral Votes.

(United Press Leased Wire.) Chicago, Aug. 10.—Consenting President Taft for four states—New Mexico, Wyoming, Utah and Vermont—in the coming presidential election, with a total of but 14 electoral votes, C. W. McClure, chairman of the Georgia delegation to the Progressive National convention here, produced figures today intended to show that Colonel Roosevelt's vote in the electoral college will exceed both that of Taft and Woodrow Wilson, the Democratic nominee. Among the states claimed by McClure for Roosevelt are California, Colorado, Illinois, Indiana, Iowa, Kansas, Michigan, Minnesota, Missouri, Montana, Pennsylvania, Nevada, North Carolina, North Dakota, South Dakota, Oregon, Ohio, Washington, West Virginia and Wisconsin—a total of 255 electoral votes. The total number of votes in the electoral college is 531, making 256 necessary to insure election. Governor Wilson conceded Alabama, Arizona, Arkansas, Connecticut, Delaware, Florida, Louisiana, Maine, Maryland, Mississippi, Nebraska, New Hampshire, New Jersey, New York, Oklahoma, Rhode Island, South Carolina, Texas and Virginia, with a total of 202 votes. McClure's figures show that Roosevelt will get sufficient votes from doubtful states to insure his election, and guess Idaho, Massachusetts, Tennessee, Georgia and Kentucky, with a total of 60 votes, in this column.

PROGRESSIVES PLAN FULL STATE TICKET

(United Press Leased Wire.) Seattle, Wash., Aug. 10.—Predictions today are that a full state Progressive ticket will be put in the field for the November election, despite the fact that a majority of the Progressive leaders are against such a move. The leaders, it appears, will be unable to hold in check the faction favoring a third party ticket, and as a mere handful of men can put a ticket in the field, it is probable that the Progressive leaders in order to save the movement, will have to take charge and father the ticket. A determined effort is being made here today to unite the Progressives. The telegrams sent by the Chicago delegates to local leaders urge a compromise, and it is possible that all factions will get together on the return of the Roosevelt delegates from Chicago.

"DUKE OF HARNEY" SEES MUCH IN OIL STRIKE

James F. Mahon, the duke of Harney land, and one of the largest sheep and land owners in eastern Oregon, is on his annual visit to Portland and is stopping at the Imperial. "Jim" as he is familiarly known all over the southeastern portion of the state, is greatly exercised over the reported oil strike six miles from Wellington. "I believe we have oil in commercial quantities," said he, while discussing the reported strike. "Oil experts say there is no doubt of it, while the people who own the well have closed it down, put a guard over it and gone to San Francisco to buy a larger drilling equipment. Samples sent to San Francisco, proved very rich in pure petroleum. People are coming in here every day to investigate the oil situation."

Mr. Mahon is the Democratic nominee for joint senator from the counties of Harney, Malheur and Grant. His opponent on the Republican ticket is Loring Stetson, a lawyer from Dayville, who until recently was a resident of Grants Pass. "I have a big majority to overcome but I am going to win," said he. "I am going to canvas all three counties between now and November and I expect to come through with flying colors. There is a growing sentiment in my part of the state for Wilson for president. I know scores of Republicans who are disgusted with the mixup in their party and who declare that they are going to vote for the Democratic candidate."

PORT AU PRINCE IS UNDER MARTIAL LAW

(United Press Leased Wire.) Port Au Prince, Hayti, Aug. 10.—Many persons suspect of sympathizing with General Saint Just, reported on his way from Jamaica to attempt wresting the presidency from General Auguste, were arrested tonight. The city is under military rule. Troops patrol the streets and shops and houses are barred in case of outbreaks. President Auguste is under heavy guard. Foreigners are somewhat reassured by the lights of the American warship off shore, but the situation would nevertheless be critical for them if trouble should start suddenly. At the frontier Haytian and Dominican troops are ready for hostilities between the two republics.

POSTMASTER TO BE LET OUT, CHARGED HE HELD UP PAPERS

Jay Bowerman's Brother-in-Law to Be Dismissed; Editor Complains He Kept Unfavorable Article From Mail

(Special to the Journal.) Condon, Or., Aug. 10.—Word has been received here that the local postmaster, J. F. Reischer, is to be removed from office on account of unfair treatment to patrons in his office. The charge in particular was that he suppressed the editions of the Condon Globe at two different meetings with malicious intent. The first time was the day before the primary election in 1910, at which time Jay Bowerman, Reischer's brother-in-law, was a candidate for nomination for governor. The Globe was not friendly to Bowerman and in the last issue before the primaries contained information about Bowerman intended to make the voters hesitate before voting for him. The papers were mailed on the morning of the day before election and were put into the mail sacks by the assistant before Reischer saw one of the papers. As soon as he saw one he immediately ordered the papers taken out of the sacks and held up. After the mail had gone the editor of the Globe was informed that the papers had been held up, because one of the inserts did not conform with the postal regulations. The postmaster then said the papers could be sent out upon his receipt of third-class postage, but it was then too late to get them to the voters before the election. The matter was taken up with the postal department and Reischer was ordered to return the amount of third-class postage he had received from the editor of the Globe.

With her was arrested another girl and two men, all of Portland. The two men are Arthur White, a plumber and Glenn Hollister, a cab driver. The other girl is Myra Clarke. The police had been on the lookout for the girl since Thursday. The two couples went to Long Beach, where they remained until yesterday.
