La Camille--Different Front-Lace Corsets!

AND the points that make them different are the features that do away with the objections there are to other makes of Front-Lace Corsets.

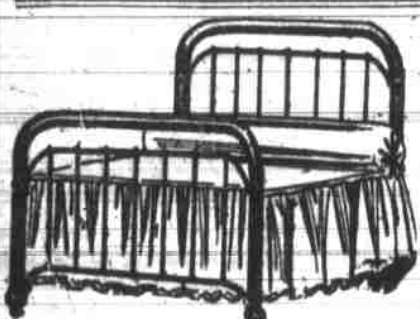

Here in these superb La Camille Corset is found the ventilated back, which is an important improvement over the unsanitary, unhealthy styles that have no ventilation. Then, too, they have the shield front, found in no other make.

Grace of line and true comfort, combined with these exclusive features, result in the highest possible achievement in Front-Lace Corsetry. An expert Corsetiere is now here to tell you of the wonderful La Camille Corsets. Every woman should visit the section while the factory expert is here. Come tomorrow!
