

DARROW TO MAKE FINAL APPEAL IN HIS OWN DEFENSE

Earl Rogers Closes Argument by Attacking Prosecuting Attorney; Moves Auditors to Tears and to Laughter.

Hall of Records, Los Angeles, Aug. 14.—"Gentlemen of the jury, you are asked to convict Charles S. Darrow, one of the leading figures of the American bar, on the uncorroborated word of Bert H. Franklin, a self-confessed felon."

This was the substance of the impassioned appeal of Earl Rogers, chief counsel for Darrow, to the jury that will decide the fate of the defendant in his trial for jury bribing today.

Rogers moved his auditors to tears and to laughter as he willed. He spoke at length on the social and economic problems which he declared produced dynamitings, and which, he said, would have to be solved immediately.

V. G. HINSHAW GOES TO TAKE CHARGE OF OFFICE

Virgil G. Hinshaw, chairman of the national committee of the prohibition party, left today for Chicago to take charge of the national campaign headquarters. A farewell meeting was held last night at party headquarters in the Behrke-Walker building, attended by members of the state committee and many prominent prohibitionists.

HINSHAW ASSUMES HIS DUTIES WITH S. P. CO.

H. A. Hinshaw today assumed his duties as general freight agent of the Southern Pacific Lines in Oregon, succeeding H. E. Lounsbury who resigned that position some time ago to become general freight agent of the O-W. R. & N. company.

IF RESIDENTS OBJECT, CHICKENS MUST GO

By an order of Judge Taxwell rendered yesterday in the case against Conrad Green arrested at East Main street and Thirty-fourth streets, chicken yards will not be permitted within the city when they are complained against by residents near by. This decision was rendered when E. A. Rankin complained that the chicken yard kept by Green caused a very disagreeable odor and would necessitate the removal of the residents from the neighborhood unless the chickens were disposed of.

COMES TO COAST IN MODERN SCHOONER

E. G. Wallace Sells Business, Places Family in Auto and Seeks Home in West.

Emulating the hardy people who pushed westward in the pioneer days, only substituting an automobile for the prairie schooner, E. G. Wallace of Marshalltown, Iowa, sold his business, cut loose from friends and relatives and is touring the coast in search of a new home. He arrived in Portland last night, with Mrs. Wallace and their three children, and planned to leave this afternoon for Los Angeles over the Pacific Highway.

He intends to spend the winter at Los Angeles, and then decide upon a permanent location, and go into business again. He says he probably will decide to return to Portland, as he is convinced that great opportunities exist for advancement in this city.

The worst roads encountered, he said, were through the Dakotas and Montana. Over the first range of the Rockies the roads were excellent, but between Thompson Falls, Mont., and Wallace, Idaho, they were bad. Several times the grades were so steep that it was necessary to use a block and tackle to pull the machine uphill.

KELLAHER, LAFFERTY STILL GO ON SERENELY

Falling to obtain direct, "official" confirmation of the apportionment of the Roosevelt cause by Congressman Lafferty and Dan Kellaher, candidates on the regular Republican ticket, the executive committee of the Republican county central committee last night took no further steps toward deciding what will be done concerning them.

MOTHER FAINTS WHEN SON GIVEN SENTENCE

When A. L. Hutchinson of 459 East Thirty seventh street was sentenced this morning by Judge Taxwell to 180 days on the rockpile for the theft of an automobile last night from the Richmond garage at Thirty-seventh and Division streets, his mother, who was in court, fainted at the feet of her son and had to be carried to a chair.

Hutchinson and Wellman VanKuren of 555 East Thirty-ninth street were arrested early this morning by Patrolmen Gouldstone and Nutter on complaint of M. H. Griffin for stealing an automobile belonging to the VanKuren boy's father, after Griffin had been instructed by the father not to allow the son to take the car without a written order.

MORRISON STREET TO BE POPULARIZED

Property Holders Plan to Make It Retail Thoroughfare of Portland.

Morrison street was heralded forth last night as the coming retail thoroughfare of Portland at a meeting of property owners held in the parlors of the Portland hotel. It was declared to be the longest street in the city and the owners of property fronting on the street promised to make it the most important.

The plan for improving Morrison street as outlined at last night's meeting is to put cluster lights on the sidewalks from where they now end at Twelfth, west to the junction with Washington, widen the sidewalks to 12 feet, cut down the shade trees, and procure a franchise for the Portland Railway, Light & Power company over that portion of the street from Chapman to its intersection with Washington.

More than 4000 feet of street frontage was represented at the meeting by property owners, and with one or two exceptions, all agreed to share in the expense of carrying on the work of the organization. It was distinctly understood that the organization plans to

take no undue advantage of any other street in the campaign to get business but that the sole object is to see that Morrison street shall not be overlooked in the general program and development of the business section of the city. One of the special matters that the organization will keep a watch on is the proposed car line on Seventh street, with a view to having it extended south of Morrison street that passengers may have the privilege of alighting on any one of the principal business streets of the city.

The committee on franchisees which will have charge of the Seventh street car matter, is composed of Julius L. Meier, Fred H. Strong and Alma D. Katz.

H. C. Wortman, of Olds, Wortman & King, was elected president; Julius L. Meier, vice president; Robert H. Strong, secretary, and Emery Olmstead, treasurer. The executive committee is composed of Robert Smith, Dr. Brown, Julius Meier, R. H. Strong, Alma D. Katz, Emery Olmstead and R. J. Grace. Lighting and improvement of the street will be handled by R. H. Strong, C. H. Korell and Gwilm Jones. The publicity work will be in charge of Emery Olmstead, J. G. Kauffman, Robert Smith, Leslie Scott and H. C. Wortman.

"SEE AMERICA FIRST" CHAMBERLAIN'S POLICY

(Washington Bureau of the Journal.) Washington, Aug. 14.—Senator Chamberlain has a protest from the chamber of commerce at Portland against increasing the amount of goods allowed to returning travelers from abroad, free of duty. He says he believes in the "See America First" policy.
