FOR BLOOD POISON

POISON, and during that time I have adminis-tered this preparation in several hundred cases, often giving as many as five doses in a single day. I know my experience with it is far greater than any other physician in Portland. I have given this remedy a severe-test, having met in my experience some ex-tremely bad cases, and I can say without fear of contradiction that it is the greatest discovery of the age and the hearest absolute and permanent cure for Flood Poison, regard-less of the stage of the disease or the symp-tems present. Every sympton of the disease, from the smallest cruption to the worst kind of running sore, are checked in their progress at once and completely healed within 10 days.

at once and completely healed within 10 days.

There is no longer any doubt about the wonderful curative power of this remedy, and when given by an expert there is absolutely no danger of any kind from its use. I introduce it DIRECTLY INTO THE BLOOD by the INTRAVENOUS METHOD, the only proper method of administering it, and the one recommended by Prof. Ehrlich himself.
