

PLAN DOMESTIC TRAINING SCHOOL

This Is Ultimate Aim of New Domestic Service Employment Bureau.

Much work is already being done by the recently organized Domestic Service Bureau, a movement started by responsible women who are seeking to better the conditions that are, at present, obtained in most employment offices. Headquarters for the bureau are located in the Central building, Tenth and Alder streets.

The ultimate object of this movement is to establish in Portland a domestic training school for girls that are unable to attend a regular school. Money derived from the service bureau will be placed in a fund for the promotion of the school.

The aim of the bureau at present is to provide all self-respecting women who are in domestic service, or who wish to enter it, a perfectly safe registry office in which to seek a position, and to give them reasonable assurance of being properly housed, fed and paid in any position which may be secured for them. Also to provide a reliable source for securing competent and respectable employees to housewives.

Employers who use this bureau are compelled to furnish satisfactory financial references, the same as required by business houses where an account is opened. On the other hand, only women and girls with the most satisfactory references are sent into the homes.

The officers of the organization are as follows: Mrs. R. M. Lombard, president; Mrs. R. H. Strong, vice-president; Mrs. A. G. Labbe; Mrs. L. B. Bartlett, treasurer; Miss L. Marcellus, secretary; Miss Marcellus, in charge of the office in the Central building.

Among the other Portland women who are interested in the movement are Mrs. Elliott Corbett, Mrs. W. R. Mackenzie, Mrs. Thomas Whitehouse, Mrs. W. L. Brewster and many others.

PORT OF BAY CITY IS TAKEN TO COURT

Favorable Verdict Hoped for in November So Channel Work Can Go On.

(Special to The Journal.) Bay City, Or., Sept. 13.—With the object of trying out the validity of the Port of Bay City as a legal entity, suit has been filed in the circuit court of Tillamook county by George Watt, a resident and a large property holder of Bay City.

This suit is in the nature of a quo warranto in behalf of the state with Mr. Watt as relator. L. C. McNary of Salem, district attorney, and H. T. Botta of Tillamook appear for the state, while the port is defended by Mallory, Simon, Dolph and Gearin of Portland.

Hope is entertained that the action may be tried at the November term of the court before Judge Kelly and result in a favorable decision to the port as the possibility of the port availing itself of the governmental appropriations for the improvement of Tillamook bay and bay depends upon the outcome of this case.

Much surprise was felt by the people when news of the suit became known, as it was understood that everything was ready for immediate commencement of the improvements of the bay.

SUPPORTERS OF MUNLY FOR CONGRESS HOPEFUL

The Munly for Congress club met Wednesday night in the Yoon building, and reports were received from 60 precincts to the effect that sentiment favorable to M. G. Munly for congress is steadily growing.

E. R. Seabrook said that in his part of the city many Republicans take the position that as Congressman Lafferty was nominated on the regular Republican ticket and has since declared for the Bull Moose, without resigning the Republican nomination, he should not be supported by either regulars or Progressives.

Mr. Seabrook pointed out that it is impossible for Lafferty to support the Republican and the Progressive platforms at the same time, so many Republicans are turning to Judge Munly as a competent and worthy candidate.

Who Knows Make of This Gun?

Curious weapon in Newport, Or., which no cartridge can be found to fit.

(Special to The Journal.) Newport, Or., Sept. 13.—Dr. Walter Berry of Newport has a gun, the make or caliber of which he has been unable to determine. He obtained the weapon some time ago from Sheriff Geer of Lincoln county, who took it from a prisoner. It has the words, "C. F. Galand, Invr. Brevete," engraved on it, but no caliber number or manufacturer's name. It is slightly larger than a regular .44, but shorter. Dr. Berry sent the gun to three of the largest gun and ammunition houses in the country and none

has been able to fit the gun with cartridges or tell the make. A traveling representative of the Union Metallic Cartridge company also carried it around two towns and failed to run across anyone who could tell him anything about the make. Dr. Berry has a great collection of guns, ancient and modern, and this is the first time he has ever been balked by a shooting iron. He has sent it to the publishers of Popular Mechanics this week and is now awaiting their opinion.

DENIES COLONEL ADIEU AT DEPOT WAS 'FROST'

J. W. Travers declares that a statement by Chairman C. B. Moores of the Republican state central committee as to 5000 invitations having been sent out to the Roosevelt meeting Wednesday is a fabrication.

"No invitations were sent out," he said. "About 1000 cards of admission were sent out altogether to members of the reception committee, about 750 of them to persons in Portland. This was expected to be about the number that would fill the platform seats."

"I also want to correct a statement that has been printed that Roosevelt saw no one at the train before it pulled out last night, and that there were no cheers for him then. I talked with the colonel for five minutes there, when he told me the Progressives will carry New York and elect Straus governor."

"The colonel also expressed admiration for the way his car had been decorated during the day by a committee of Portland women. He said that was admirable. Quite a little crowd was there and as the train pulled out the colonel came on the platform and waved goodbye to us."

PERSONALS

Mrs. W. P. McLaren, Mrs. S. Allen and two daughters, Mrs. C. R. Bone and Mrs. A. J. Graham, all of Hood River, are at the Seward.

C. E. Fowler, a Seattle contractor, is at the Imperial. Honorable W. C. Halley, of Salem, is at the Imperial.

W. C. Harding, a Roseburg real estate man, is at the Imperial. Mr. and Mrs. W. H. Anderson of Bridal Veil are at the Seward.

SUMPTER VALLEY LINE TOLD TO ADJUST RATES

(Salem Bureau of The Journal.) Salem, Or., Sept. 13.—Two orders bearing on the Sumpter Valley railroad case were issued by the State Railroad commission yesterday. One states that the present freight tariff on green lumber and laths (open cars with a minimum of 35,000 pounds), of 7 cents per 100 pounds between Austin and Baker, computed on a basis of 3715 pounds per 1000 feet, is unjust and unreasonable. The order finds that a reasonable rate is \$2.50 per 1000 feet, board measure, with a minimum carload of 35,000 pounds.

This order also finds that the railroad company's refusal to haul logs from points west of Whitney to Baker is an unjust discrimination against Tipton, Austin and Dixie. It fixes the rates from these points on a minimum carload of 2500 feet, board measure, to Baker, of \$2.50 per 1000 feet from Whitney; \$2.95 from Tipton; \$3.40 from Austin and \$4 from Dixie.

The other order declares passenger rates over the road are not uniform and in many cases are unreasonable. It orders the schedule of rates based on 4 cents per mile, and instructs the company to include South Baker, Salisbury, Watertank and Sumner in its tariff.

These orders go into effect within 20 days.

REQUESTS POLICE TO HELP FIND HER SON

Mrs. William W. Jensen, whose husband is a mining man at Fairbanks, Alaska, yesterday appeared to the police for aid in recovering her 4-year-old son, Gilbert R. Hamilton, whom she says is kept from her by her former mother-in-law, Mrs. Eva Hamilton, 1031 East Twenty-second street, North.

Gilbert was taken to the home of his grandmother last Tuesday on the pretense of getting him photographed before the mother and son departed for Fairbanks, it being their intention to leave yesterday morning. The child did not return, however, and Mrs. Jensen was told that the grandmother left with him for some out-of-town place.

If Mrs. Jensen does not find her son this afternoon, she will secure a warrant for the arrest of Mrs. Hamilton on a charge of kidnaping, it is declared. Mrs. Jensen was formerly the wife of Fred Hamilton, Gilbert was taken from his home by his 14-year-old uncle.

FAKE COLLECTOR TAKES WATCH IN LIEU OF FINE

(United Press Leased Wire.) Tacoma, Wash., Sept. 13.—Because she fell for a swindler's story, Mrs. D. Wood is mourning the loss of a gold watch and a diamond ring, valued at \$100, and the police are searching for a clever crook.

A stranger called on Mrs. Wood yesterday afternoon while her husband was away and explained that he had come to collect a fine imposed on Mrs. Wood for failure to answer a court summons. Mrs. Wood explained that she did not have the required amount, so the man took the jewelry instead.

Not content with the booty, the swindler then asked Mrs. Wood to run away with him, she discovered she had been duped when the police were told.

DEMOCRATS TO TALK ON ISSUES OF CAMPAIGN

The Progressive Democratic club will hold its regular meeting this evening in the Medical building, and will have several speakers to tell of the issues of the campaign. John H. Stevenson will give particular attention to Colonel Roosevelt and his propaganda. Others who will talk are James R. Sovereign, former master workman of the Knights of Labor; John A. Jeffrey, nominee for district attorney, and Robert A. Miller.

TO GROW HAIR ON A BALD HEAD

BY A SPECIALIST Thousands of people suffer from baldness and falling hair who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to loss of hair and attendant discomfort. Yet their case is not hopeless; the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring gray hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy, and can be put up by any druggist. Buy rum, 6 ounces; Lavona de Compose, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add half to one teaspoonful of To-Kalon Perfume, which unites perfectly with the other ingredients. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics. Do not apply to the face or where hair is not desired.

School Clothes

Bring the boys to Moyer's tomorrow and choose their Fall and Winter Suits. Moyer is just as careful to sell only reliable, well made Boys' Clothing as he is men's; you'll find here hundreds of new suits at prices that are temptingly low.

\$2.95, \$3.45, \$3.95, \$4.35, \$5.85, \$8.50

See Moyer's Great School Special: Boys' All Wool Double Breasted Knicker Suits With Two Pairs of Lined Trousers **\$5—Only—\$5**
